## Traditional Acknowledgement

Sunshine Coast Council acknowledges the Sunshine Coast Country, home of the Kabi Kabi peoples and the Jinibara peoples, the Traditional Custodians, whose lands and waters we all now share.

We recognise that these have always been places of cultural, spiritual, social and economic significance. The Traditional Custodians' unique values, and ancient and enduring cultures, deepen and enrich the life of our community.

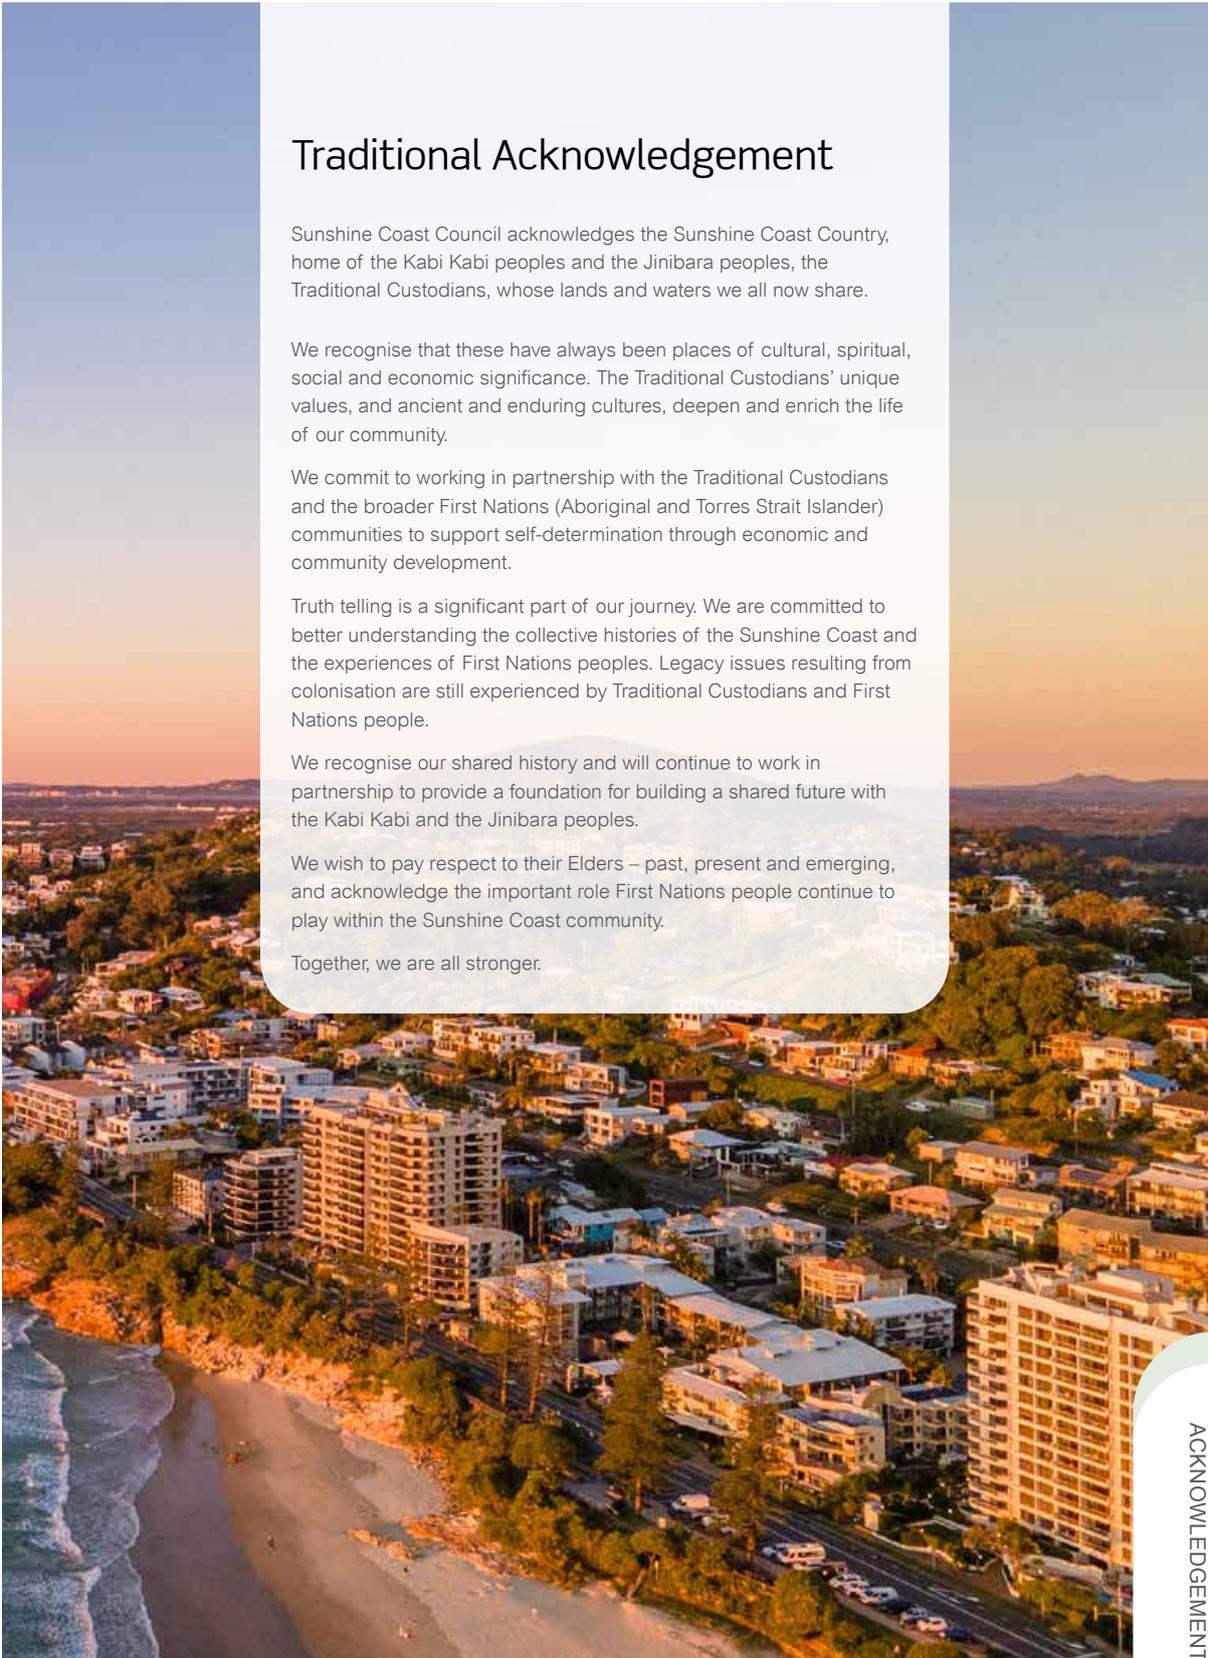

We commit to working in partnership with the Traditional Custodians and the broader First Nations (Aboriginal and Torres Strait Islander) communities to support self-determination through economic and community development.

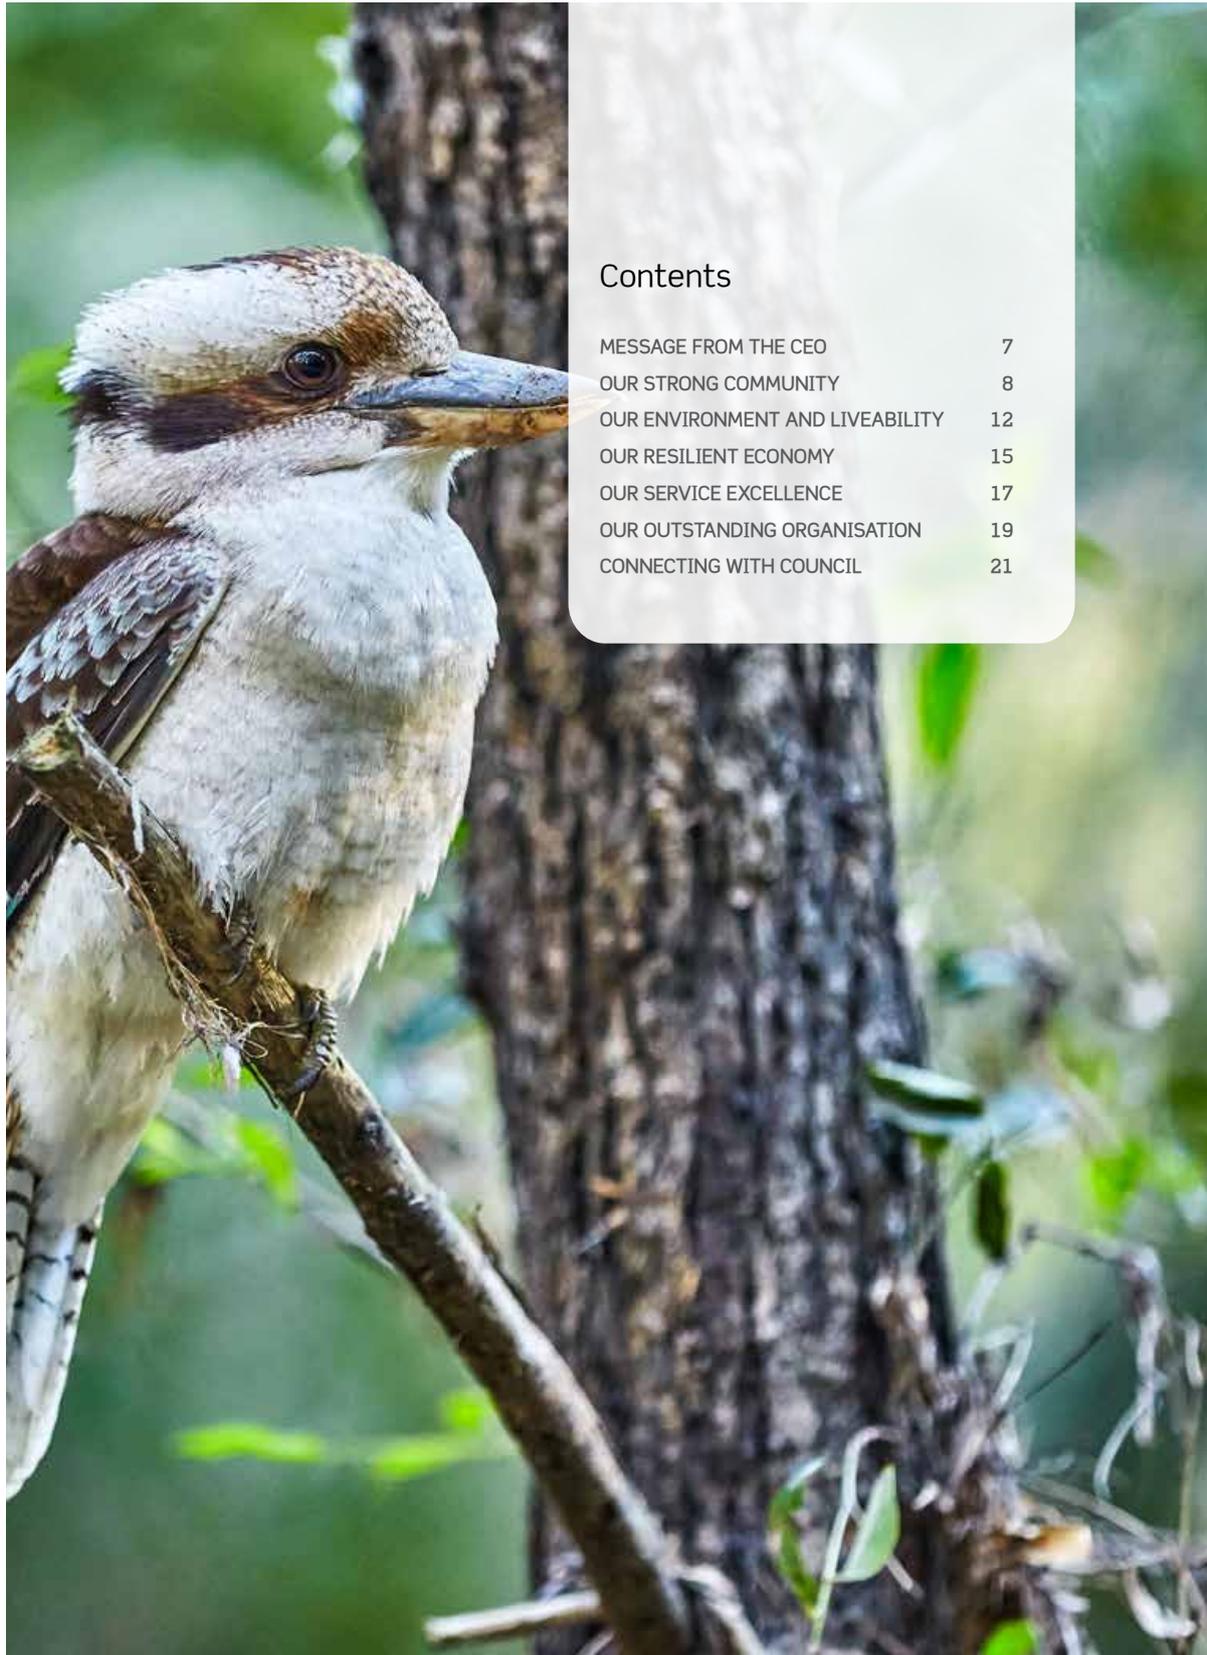

Truth telling is a significant part of our journey. We are committed to better understanding the collective histories of the Sunshine Coast and the experiences of First Nations peoples. Legacy issues resulting from colonisation are still experienced by Traditional Custodians and First Nations people.

We recognise our shared history and will continue to work in partnership to provide a foundation for building a shared future with the Kabi Kabi and the Jinibara peoples.

We wish to pay respect to their Elders – past, present and emerging, and acknowledge the important role First Nations people continue to play within the Sunshine Coast community.

Together, we are all stronger.

## Message from the CEO

**Emma Thomas**  
Chief Executive Officer

Balancing the needs of our current community and those that will call the Sunshine Coast home in the future is an important part of Council's purpose and our genuine commitment to advance our vision as Australia's most sustainable region: Healthy. Smart. Creative.

To effectively position our region for the future it is important that we continue to engage with our community and, where required, adjust our strategies and plans to proactively manage risk and capitalise on opportunities for our region.

Following extensive environmental scanning, inclusive of a community satisfaction survey the Corporate Plan 2023-2027 was adopted by Council in February 2023. This plan establishes Council's strategic priorities and the blueprint to advance the vision over the next five years as we continue to build a strong and thriving community, maintain and enhance our liveability and natural assets and build the resilience of our economy.

In parallel, Council has embarked on a process to review the implementation plans of our regional strategies that provide the

long term directions and shape the future of our region. During the quarter our community was asked to share their thoughts on the Regional Economic Development Strategy 2013-2033 through a multi-channel engagement process which included an online survey that received almost 700 responses.

Community engagement has also commenced on the Sunshine Coast Community Strategy Action Plan 2019-2024 that will inform the implementation priorities for the next five years. Further engagement on our regional strategies will continue over the coming months to be reflected in this refreshed document that are intended to be presented to Council by the end of 2023.

As we look to the future it is hard not to get excited by the Brisbane 2032 Olympic and Paralympic Games. This worldwide event provides a once in a lifetime opportunity to secure critical infrastructure for our community and showcase our liveability and sustainability credentials of our region. In January 2023, Council launched the '10+10+' vision. This vision has been developed in collaboration with members of the Sunshine Coast 2032 Legacy Plan Community Reference Group and clearly guides our planning in the lead up to the Games and identifies the necessary advocacy and funding required from the Queensland and Australian governments. This 10+10+ vision is critical so that current and future Sunshine Coast generations can all enjoy the outcomes from the Games.

The concept design for the new Sunshine Coast international indoor sports stadium - located

in the Kawana sports precinct - was released in January 2023. The indoor stadium will host the basketball program for the Games with construction commencing in late 2025 that will provide the capacity for 11 courts with the ability to convert to a 6000-seat show court. This world-class facility will benefit a range of groups, sports and businesses in the lead up to and well beyond the Games.

Lastly, I'm thrilled to see our grassroots sporting clubs are now benefiting from the recent upgrades in Palmwoods at the Warriors Football Club headquarters, which included a major makeover to improve access for all abilities, and the new LED lighting to support cricket and AFL sports on the adjacent Graeme Rae Oval. Sporting clubs engage with many thousands of participants across the Sunshine Coast and support healthy and active lifestyles that assist our communities to stay connected and thrive.

There are many more fantastic highlights mentioned throughout this progress report and I encourage you to read on and find out how Council is partnering with our community, business and other tiers of government to and advance our healthy, smart, creative region.

**Emma Thomas**  
Chief Executive Officer

### Community Strategy 2019-2041

Council is undertaking a review and refresh of the Sunshine Coast Community Strategy 2019-2041 and supporting Community Strategy Action Plan 2019-2024 to reflect current community priorities.

Since the development of the last action plan in 2019, the community has changed due to the COVID-19 pandemic, a growing population, extreme weather events and, more recently, cost of living pressures.

The community was encouraged to get involved in this first stage of community engagement by visiting Council's 'Have your Say' website. Draft action plan priorities will be created and made available to all community members to review and provide feedback on.

### Community and cultural development and partnerships

#### Waived permit fees for temporary living arrangements

In recognition of the housing crisis and cost of living across South East Queensland, Council waived permit fees of \$514 for those having to temporarily live in a tent, car, caravan or mobile home and who, due to extenuating circumstances, find it difficult to pay.

The decision was made in February 2023 through the 2022-2023 Register of Cost-Recovery Fees and Commercial Charges. Council understands

the rising housing pressures placed on many local families with some people having no choice but to live in a temporary home until their circumstances improve.

Approval is for a limited duration and where more time is required, the fee to reapply for a temporary home approval is \$392.

### Healthy Sunshine Coast

The Healthy Sunshine Coast program bounced back in 2023 with a range of 30 exciting and innovative health and wellbeing activities held across the region each week.

These include activities such as strength and stability for older people, family yoga, fitness by the lake, pilates, tai chi, aqua aerobics and finding presence in nature.

The program is an affordable and holistic community health and wellbeing initiative that supports and encourages our community to be active, have fun and meet new friends. The program aim is to encourage:

- Positive mental health and resilience
- Regular physical activity
- Healthy eating
- Strong social connections, and
- Participation across all ages and abilities.

### Harmony Week – Everyone Belongs

The Sunshine Coast celebrated our vibrant and diverse region with Harmony Week from 20 to 26

March 2023. In collaboration with the Sunshine Coast Multicultural Network and Nambour Community Centre, Council coordinated a week-long program of community conversations, workshops and events inviting residents to experience and explore the cultural diversity on the Sunshine Coast. This year's theme was 'Everyone Belongs' and included activities such as live music, dancing, and cultural activities (as part of Nambour Forecourt Live), to ancestral heritage sessions and active bystander training workshops to prevent racism.

The week demonstrated the Sunshine Coast's understanding, respect and compassion for the wealth of cultural, faith, linguistic and ethnic diversity we all share on the Sunshine Coast.

### The Refinery 5.0

The Refinery 5.0 launched in January 2023 with this year's program being led by the Sunshine Coast Creative Alliance (SCCA). Council will be the Refinery 5.0's major investment partner and will work closely with SCCA, and The Refinery participants to continue to strengthen the creative ecology of our region and success of the program.

The Refinery is a 10-week program covering topics such as personal growth and leadership which is designed to build participants' capacity to grow their practice, gain visibility, understand their value and the context in which they operate.

The program will support a total of 20 artists, creative practitioners and entrepreneurs, with five identified First Nations positions, who will also participate in a dedicated First Nations-led series, curated and facilitated by leading Aboriginal and Torres Strait Islander mentors and creatives.

### Community Venues

Council's Venue 114 had an impressive start to 2023 facilitating and delivering a number of successful events during the quarter, including the:

- Annual Sunshine Coast Bridal Expo
- Creation of Youth Recycle
- Re-purpose Market (promoting sustainability initiatives)

- Conscious Life Festival
- Burlesque performances, and
- VIP fund-raiser events for Sunny Kids and Travis Shultz Suncoast Legal Service.

Venue 114 also curated and successfully delivered another 'In Conversation' forum for the International Women's Day event with guest speaker Leisel Jones.

### Libraries

Key library statistics highlighted from the quarter include:

- 89 events and workshops were delivered to 961 attendees
- Summer Reading club recorded 309 per cent increase in participants from the previous year
- Early literacy (Rhymetime and Storytime) program has grown substantially in comparison to the previous quarter with class sessions upwards of 35 children in attendance
- Literacy services delivered 38 literacy classes with 177 attendances, and 20 English conversation circles with 108 attendances, and
- Library collections both physical and digital continue to be perform well with 8.6 per cent increase in digital loans and a 5.3 per cent increase in physical loans.

### Kathleen McArthur Lunch Hour Theatre Podcast

The Kathleen McArthur Lunch Hour Theatre Podcast is now airing on 4ZZZ radio in Brisbane, promoting the content to a wider metropolitan audience. Supported by the State Library of Queensland and the Queensland Government, Council produced a podcast series of 22 episodes based on the Kathleen McArthur's Lunch Hour Theatre Scripts Collection.

Founded by Kathleen McArthur, the Lunch Hour Theatre Scripts series ran for more than twenty years with the vision of broadening public knowledge on environmental, biographical, and historical subjects. Many of the scripts focused on local and regional issues as well as providing an archive of historically significant portrayal of events, people, and places.

## Roads, cycleways and pathways

### Mobility Maps project expanded

Council expanded its award-winning mobility maps in March 2023 - a shining example of accessible tourism opportunities on the Sunshine Coast.

The mobility maps are a clever project that makes it easier for people of all abilities to get out and enjoy the Sunshine Coast way of life. The first maps focused on the popular area between Maroochydore to Mooloolaba and since then, more maps have been developed for the health precinct at Birtinya. Next on the list is the major sports precinct in Kawana, Caloundra and our hinterland areas.

The initiative began a year ago as a trial where specially trained "pilots" backed by advanced technology tracked some of our busiest routes, providing accessibility mapping for those living with a disability, using wheelchairs or using mobility aids to help plan their routes.

The project provides a clear solution for those with disabilities to plan and map their routes and is a comfort to travellers and visitors to our region with mobility issues in identifying where they can get to with ease.

### New pathway and LED lights in Sippy Downs

Council commenced construction of a pathway inclusive of 29 LED lights along Claymore Road, Sippy Downs, ready for heavy foot traffic to the Coast's education precinct.

Once complete, the lights will be situated between Sippy Downs Drive and Bainbridge Circuit which will greatly improve the thoroughfare's safety at night as many students and locals walk, ride and scoot along the pathways connecting the community to nearby shops, schools and the local university and sports precinct.

This project is funded by the Australian Government's Local Roads and Community Infrastructure Program in association with Council.

### Eco-friendly scooter trial

Council sought expressions of interests to attract a broad spectrum of electric scooter and electric bike hire operators that will trial hire services in the Maroochydore and Mooloolaba area. The trial of affordable and environmentally friendly transport will explore whether electric scooters and bikes can make life on the Sunshine Coast even better.

The trial, which is proposed to start mid-year, will be an opportunity for Council, residents and visitors to experience and test electric scooter and electric bike hire services within specific controls and locations on the Sunshine Coast. The subsequent aim is to encourage more people to spend more time actively enjoying our pathways and outdoor spaces.

Council is committed to finding the right service provider with the right equipment and experience to provide a safe, eco-friendly alternative to getting around our region, while helping to ease traffic congestion.

## Sporting facilities

### Sunshine Coast Stadium

In a first for our region, the Sunshine Coast Stadium hosted two Brisbane Broncos pre-season games and an open training session in February 2023. Proudly, Council was able to utilise the newly installed 16 metre by nine metre big screen for these games.

Other events hosted at the stadium include:

- Two Queensland Oztag State Cups (juniors in February 2023 and seniors in March 2023), and
- the Canberra Raiders training camp in March 2023.

In addition, the Dragon Boat Queensland State Championships were held at Lake Kawana in March 2023, and upgrades to the Sunshine Coast Stadium car park, located on Sportsmans Parade, opened with 157 formalised car parks, fencing, lighting and boom gate controls.

### 10+10+ vision - our legacy for the Games

Council launched its 10+10+ legacy vision in January 2023, which outlines what our region should seek to achieve from being a key delivery partner in the Brisbane 2032 Olympic and Paralympic Games.

The milestone document was developed in collaboration with the Sunshine Coast 2032 Legacy Plan Community Reference Group to create a shared vision and aspirations for our region. A range of outcomes are identified within the vision include:

- new and improved transport systems
- a range of community-based programs
- programs and projects to protect and enhance our natural environment
- increased hotel and accommodation options, and
- greater participation in community sport along with delivering world class, accessible multi-purpose sporting venues.

### Sunshine Coast's new international indoor sports centre

Council, in conjunction with Brisbane 2032 Games Delivery Partners, has revealed a concept for a new international indoor sports centre that will have capacity for 11 courts and the ability to convert to a 6000-seat show court.

As planning steps up for the Brisbane 2032 Olympic and Paralympic Games, Kawana has been chosen for an exciting sporting expansion that will benefit a range of groups and sports (including basketball, netball, volleyball, pickleball, futsal and badminton) and will also benefit business, tourism and allied health providers.

It is expected to be up and running in 2027 and funded by the Australian and Queensland Governments under their Brisbane 2032 Olympic and Paralympic Games funding agreement with the cost to be determined once the design process is completed.

## Our Environment and Liveability

Our natural assets, healthy environment and liveability credentials are maintained and enhanced.

**7109 hectares**

of landscape and garden beds maintained

**10,350 hectares**

managed for conservation under the Sunshine Coast Land for Wildlife program

**417**

wheelie bins of weeds removed by 357 volunteers with the Community Nature Conservation Program

**1582 MWh**

of power generated from Council's landfill Renewable Energy Facility in Caloundra, and associated reduction in greenhouse gas emissions of 24,834 tonnes

### Beaches, foreshores, coastal infrastructure and canals

#### Funding for climate risk study

Council, in partnership with Noosa Shire Council, successfully received \$1.1 million from the Queensland Reconstruction Authority under the Queensland Resilience and Risk Reduction Fund which will be used for a climate risk study.

The project will run for two years and aims to better understand the implications of climate scenarios, how this will cause cascading impacts Sunshine Coast and Noosa's key services, the population, critical infrastructure and the environment.

#### Clean up for hatchlings 2023

More than 500 dedicated Sunshine Coast volunteers participated in cleaning up our beaches on 4 February 2023, ready for our hatchlings to make their way to the ocean as part of the annual 'Clean up for the Hatchlings' event.

Across 18 sites, 562 children and adults picked up 280 kilograms of rubbish – the largest item recorded was a stand up paddle board.

Our region is a turtle friendly community. Council acknowledges the fantastic work of event partners who make the clean up such a success and give our little hatchlings the best start in life. Partners of the event are TurtleCare Sunshine

Coast, Reef Check Australia, Unitywater, SEA LIFE Sunshine Coast Aquarium and Noosa Council.

#### Sand re-nourishment at Mooloolaba Beach

Council, in partnership with the Department of Transport and Main Roads, collaborated on a dredging campaign to remove sand from the Mooloolaba harbour entrance and within Mooloolaba bay and re-nourish Mooloolaba Beach.

Through these works, Council utilised a booster sand pump for the first time to nourish sand from the 'Cheese block' on Parkyn Parade, Mooloolaba to the Mooloolaba Surf Club. The re-nourishment is in response to erosion events associated with the La Nina weather patterns over previous years and provides an essential buffer from any future storm events.

#### Upgrades to Wurtulla beach accesses

Beach accesses at Wurtulla received upgrades to help beachgoers stay on the right track and protect the sensitive environment.

At beach accesses 247 Wurley Drive and 251 Petrel Court, Wurtulla, the old sets of timber stairs were completely replaced with an aluminium frame, timber handrails and fibre mesh treads and landings. Accesses 249, Poatina Street, Wurtulla and 250 near Bellbird Circuit, Wurtulla both received a refresh.

The upgrades mean our local community can continue to get safely to the beach while helping to protect the dunes and coastal foreshore areas from erosion and damage by staying on the right track to access the beach.

## Bushland Conservation and habitat

### Clean up Australia Day 2023

Council proudly supported Clean up Australia Day on 5 March 2023, in collaboration with local schools, businesses and community groups.

This year, almost 1200 volunteers collected 4.2 tonnes (the equivalent of 300 bags of general rubbish) and almost a tonne of recyclables over 103 Sunshine Coast sites.

Council recognises we all can play a part in keeping our region beautiful and healthy and thank those who volunteered time to participate.

## Recreation parks, trails and facilities

### Green Flag Award for the Kings Beach Park and Community Precinct

The Kings Beach Park and Community Precinct has been internationally recognised with a Green Flag Award. The international Green Flag Award® recognises and rewards well-managed parks and green spaces, setting the benchmark standard for the management of recreational outdoor spaces around the world.

The Kings Beach Park and Community Precinct is only the fourth Queensland park to receive this prestigious accolade and winning brings with it a wealth of benefits, from the status of being affiliated with a prestigious awards program through to tangible benefits such as boosting tourism and opening up revenue opportunities.

### Electronic mower fleet expanded

Council introduced the largest fleet of fully electric, commercial grade, ride-on mowers of any Australian local government. The five new

mowers are environmentally friendly and reduce noise pollution by up to 50 per cent and join Council's growing eco-friendly fleet of vehicles and plant tools.

The new fleet is in line with Council's Environment and Liveability Strategy 2017 Transformational Actions to be a zero-net emissions organisation and low-carbon community by 2041.

These clean, green machines will be used to service our parks and recreation spaces, cemeteries, and Sunshine Coast Stadium and are proof of our Council consistently taking a proactive, evidence-based approach to deliver on its sustainability commitment.

## Stormwater drainage

With a changing climate and a growing community, effective stormwater management is critical to ensuring that Council can achieve its vision as Australia's most sustainable region: Healthy. Smart. Creative.

Throughout the quarter, Council inspected and actioned the following stormwater infrastructure:

- 25 pipes were relined and 47 patched
- 45 pits were upgraded and 18 repaired
- 5512 condition inspections were undertaken, and
- 280 customer requests were investigated and responded to.

## Sustainable growth and network planning

### Mooloolaba's Central Meeting Place

Following an extensive community engagement process which commenced April 2022, Council determined in January 2023 the design for the Mooloolaba Foreshore Revitalisation Central Meeting Place (which encompasses the Loo with a View) would be 'Concept Blue'.

Two distinct designs were presented for a foreshore rejuvenation and presented to the community. Feedback was received through more than 1300 surveys, conversations with the

community and stakeholder groups with 'Concept Blue' being the clear preference. Council was also presented with engineering reports and State authority advice before voting commenced.

The precinct design includes new viewing decks, meeting places, picnic areas, beach showers, significant native landscaping, integrated seawall and a coastal pathway. The project also involves replacing the existing 'Loo with a View' with fully inclusive public amenities – that are separate from the viewing deck and meeting place – to address its aged state and current accessibility issues.

#### Community Engagement - Sunshine Coast Ecological Park

The Sunshine Coast community were invited to 'Have your Say', in March 2023, on the Draft Master Plan for the proposed Sunshine Coast Ecological Park.

The plan features numerous highlights including two treetop bridges, a forest lookout with 360 degree views over the Glass House Mountains and down to the coast, a community pavilion, operations and research facility and 'forest rooms' for play, discovery, rest and contemplation.

The 65 hectare land parcel, currently used for cattle grazing, lies in Jinibara country adjacent to the existing Mary Cairncross Scenic Reserve at Maleny, and within the Mountain View Green Space, one of the Sunshine Coast's five major green spaces. Council is in the process of reviewing the community feedback which will inform the final master plan.

#### Community and Creative Hub Precinct

For the first time in 28 years, Council's Customer Service counter in Omrah Avenue, Caloundra relocated to 77 Bulcock Street, Caloundra heralding the start of an exciting development. The move will allow for the refurbishment and repurposing of the Omrah Avenue administration building.

Once renovated, levels one and two of the administration building will be home to a new district library, a new customer service centre, community meeting spaces and covered outdoor

areas. The upper level of the building will provide community venue space and staff administration offices.

The Community and Creative Hub precinct will be managed in stages and delivered over the coming years. It is set to boost investment confidence and establish Caloundra as a leading business employment, cultural and community service hub and act as a catalyst for private investment in the Caloundra centre.

## Our Resilient Economy

Our resilient, high-value economy of choice drives business performance, investment and enduring employment.

**\$5.3 million**

in revenue for Sunshine Coast holiday parks

**2438**

businesses accessed specialist advice and information

**35,152**

guests attended 10 major events, which generated approximately \$17.1 million in economic activity for the region

**\$70.4 million**

or 67% of the total available purchasing spend for the quarter went to local businesses

### Economic development

#### Regional Economic Development Strategy 2013-2033

After a period of significant growth and change within our region, Council and its partners are undertaking a 2023 review of the Regional Economic Development Strategy 2013-2033.

Our community, local businesses and industry groups were invited to 'Have your Say' on the future direction of the Strategy over the next 10 years through an online survey in March 2023.

More than 690 survey responses were received in addition to feedback through several external consultation opportunities. Council is currently reviewing all feedback and will use it to inform the final strategy.

This quarter, priorities and initiatives from the existing strategy continued to be implemented, which included:

- Business Sustainability Workshops, encouraging businesses to find out how to cut costs, improve efficiencies and reduce impacts on the environment
- Level Up Your Business website launch, aimed to help with business planning, networking, permits, licenses, grants and more
- Scaling Up Program, focused on business planning and performance
- Place activation initiatives in Nambour, Mooloolaba and Caloundra, including the Buy

Local promotional campaign developed to encourage consumers to purchase local gifts for Mother's Day,

- Sunshine Coast Workforce Development and Skills Gap Analysis project (being delivered in collaboration with the University of the Sunshine Coast), and
- Support for key stakeholder groups, Visit Sunshine Coast, Food and Agribusiness Network, Clean Tech Industries, Manufacturing Excellence Forum, Sunshine Coast Tech Industry Alliance, Screen Collective and Study Sunshine Coast.

#### Sunshine Coast Jobs Hub

The Sunshine Coast Jobs Hub was launched in January 2023 to connect local talent with local industry by showcasing the latest job and career opportunities within the Sunshine Coast region.

The platform has been created through a partnership between Council and Study Sunshine Coast and already has more than 700 opportunities listed. It is an important initiative to boost business and industry growth and attract, retain and develop talent in the region – consistent with the intent of the Regional Economic Development Strategy 2013-2033.

The platform is free for businesses to advertise their job opportunities, and it also aggregates employment opportunities from other job sites to showcase roles specifically located on the Sunshine Coast. The one-stop-platform features

information, insights and opportunities on the region's high value industries and employers from tourism and hospitality to health, education, manufacturing and more.

### Caloundra Music Festival confirmed until 2025

The much-loved Caloundra Music Festival - which attracts fans and musicians from far and wide and injects more than \$3 million into the local economy each year - was secured in February 2023 for another three years.

Council recognised the festival continued to provide affordable, family-friendly entertainment to a broad demographic, performance opportunities for local artists and support for charities, venues, businesses, accommodation providers and schools. The event also promotes accessibility, diversity and inclusivity and helps bind the community, attracting more than 500 volunteers.

An integral part of the festival's delivery has been a focus on sustainability and, in 2022, more than 80 per cent of all waste generated by the festival was diverted away from landfill. The Caloundra Music Festival aims to build on the Sunshine Coast's environmental credentials with the goal of becoming the region's first zero net emissions music event by 2027.

### Water sports championships bound for Sunshine Coast

Mooloolaba will play host to one of the most-exciting up and coming water sports in the world after securing hosting rights for the 2023 Australian Coastal Rowing and Beach Sprint Championships between 27 and 30 July 2023, which for the first time incorporates the Oceania Championships.

Coastal Rowing is a high-octane, white-water variant of traditional flat-water racing and a discipline on the rise, having been included in the program for the 2026 Commonwealth Games in Victoria and on the radar for both the Los Angeles 2028 and Brisbane 2032 Olympic and Paralympic Games. Surf Sports are an important cultural aspect of our community which will provide spectacular viewing for Mooloolaba Beach visitors and locals.

### Revitalising Nambour's town centre.

Council, in collaboration with Nambour businesses and community groups, worked closely together to develop digital material to sustainably promote living, working and shopping.

Developed to encourage locals and visitors to explore Nambour, the digital makeover includes dynamic #ExploreNambour video series, e-newsletter, blogs, social media content, and a revamp of the I AM NAMBOUR website. The innovative new video series captures the vibrant night economy, the café culture and broad variety of shops, including Nambour's highly regarded vintage shopping offering. The website has been updated to include newly created parking map (inclusive of accessibility options) and a Vintage and Retro Op Shop Hip Hop map, plus up-to-date small business and local industry content, links to investment information and destination marketing information.

### Multi-deck parking facility within the Maroochydore City Centre

A 40-metre crane was erected on the construction site for the new multi-deck parking facility in the Maroochydore City Centre in February 2023, marking another milestone for the project. The project continues to progress well with the help of state-of-the-art equipment and a highly skilled team of construction professionals. The next phase of the project will include the construction of the eight level concrete structure. Works already completed to date include bulk earthworks, 60 deep foundation piles, footings and ground services. Once complete, the eight-storey car park will include 295 paid parking spaces, including accessible parking and electric vehicle charging spaces plus 39 motorcycle and 28 bicycle spaces.

### Holiday Parks

Occupancy across all of Council's Holiday Parks was 73 per cent for the quarter. The 'Top of Dunes' refurbishment works at Coolum Beach Holiday Park were completed formalising 19 new caravan sites and sealing the roadway through these sites. This work included the replacement of the southern boundary fence and an ease of access staircase to the beach, providing direct access to the patrolled surf of Coolum Beach and making this park one of the Sunshine Coast's most popular camping and caravan destinations.

## Our Service Excellence

Our services are consistent and accessible and provide positive experiences for our customers and value to our community.

**89%**

of development applications assessed within statutory timeframes

**1767**

building approvals issued with a construction value of \$511 million

**80,965**

customers assisted through the development and customer contact centres

**\$13.4 million**

invested into our local road network to rehabilitate and resurface 73.7kms of road with a total area of 415,620m<sup>2</sup> for the safety of our community

### Capital works program

#### Palmwoods Warriors Football clubhouse and LED lighting project

Council completed construction of the Palmwoods Warriors Football Clubhouse in March 2023, in addition to the new LED lighting being delivered separately to the Graeme Rae Oval.

This modern, inclusive clubhouse includes refurbished change areas, canteen, meeting room and office, storage area, public amenities and an extensive undercover viewing area. The \$560,000 Palmwoods Warriors Football Club project was jointly funded through the Queensland Government's South East Queensland Community Stimulus Program in association with Council and Sunshine Coast Churches Soccer Association.

The new 300 lux LED lights over the wicket box and 200 lux outer field lighting will greatly improve competition and training opportunities. The \$519,000 Palmwoods Cricket/AFL LED lighting project was jointly funded by the Australian Government and Council. The Australian Government committed \$450,000 through its Local Roads and Community Infrastructure Program.

#### Customer and community relations

Council received a strong customer satisfaction result for the quarter and noted reduced contacts

to Council's contact centre. This can be attributed to Council's online waste forms, which have provided customers with a quick and convenient channel to 'self-service' and get the right outcome easily, the first time.

### Development services

Council has continued to see development activity returning to pre-COVID-19 levels, noting a reduction in the extraordinary workloads associated with the HomeBuilder Scheme, increased interest rates, changes in development market appetite and impacts of construction costs and resourcing.

### Local amenity and local laws

#### ParkSmart program expanded

The ParkSmart program introduced its third vehicle during the quarter (equipped with number plate recognition, high-speed cameras and advanced computer software) to monitor Maroochydore, including the Cotton Tree and Picnic Point areas, Mooloolaba and Alexandra Headland.

Similar to phase one and two, Council implemented a four-week educational period with caution notices issued before infringements are imposed.

The program is focused on providing a safer work environment for parking officers and reducing

the risk of occupational violence. It also supports local businesses in Maroochydore, Mooloolaba and Alexandra Headland as ParkSmart provides greater coverage and capacity to encourage visitor turnover.

## Quarries

Key quarry initiatives undertaken during the quarter include:

- The quarry crushing contractor commenced and as a result has increased the production of road base and gravel road products for maintenance, and
- Large rock products were provided for Council's high-flow, low-flow dry creek bed projects, including the Honey Farm Road Sports Recreation Precinct.

## Road network management

### Upgrades to Brandenburg Road, Mooloolah Valley

Council commenced upgrades to Brandenburg Road in Mooloolah Valley in March 2023 to widen and improve safety for all road users.

The works are located near the intersection of Viewland Drive and continue west for approximately 500 meters. Upgrades include the road widening on the up-hill side to provide a more uniform road width between 6 – 6.5 metres, installation of kerb and channel to improve drainage, and the installation of three speed humps and additional signage to control traffic speed.

### Replacement of 100-year-old bridge

A 21 metre-long timber bridge located at 298 River Road, Maroochy River underwent a \$650,000 replacement in March 2023 as it had reached the end of its viable life. The bridge which was 100-years-old and described as a complex, rare and logistically challenging operation, was successfully completed.

Historically, the three-span bridge was designed for minimal traffic and up to 40-tonne loads,

however more recently the weather and neighbouring developments saw an increase in traffic movements and load capacity up to 55 tonnes, meaning it was at risk of failure.

The new bridge is a cost-effective and long-lasting solution providing a safe and reliable crossing for connecting our growing communities into the future.

## Waste and resource management

### Free Mulch thanks to green organics bins

In March 2023, Council announced the offer of free mulch at Council's resource recovery centres.

Residential and commercial customers can attend one of Council's resource recovery centres (located at Beerwah, Caloundra, Buderim and Nambour) and with the help of a machine, pick up a free load.

The announcement follows the introduction of green garden organic bins in July 2022. Mulching and reusing garden waste, instead of dumping it, will extend our landfill life and reduce greenhouse gases being released into the atmosphere. When you recycle your garden waste, it gets turned into mulch – creating new life from old.

### Council's Corporate Plan 2023-2027

Council adopted its Corporate Plan 2023-2027 in February 2023, which will guide our directions and priorities for the region over the next five years.

The Corporate Plan has been informed by consultation with our community across a broad range of activities, including the Community Satisfaction Survey 2022, and has been considered alongside an environmental scan of key changes that have arisen since the last plan was adopted.

The Corporate Plan outlines the ways Council will advance our vision and deliver on our purpose. It presents five strategic goals which provide a balanced approach to planning and are aligned to our Councillor Portfolio system:

- Our strong community
- Our environment and liveability
- Our resilient economy
- Our service excellence
- Our outstanding organisation.

These goals will cascade into the development of the Operational Plan 2023/24 and the subsequent annual and quarterly progress reports that monitor delivery.

### Digital information services

Council replaced its website in February 2023, transitioning to a new platform that provides enhanced cyber security, and provides more sophisticated artificial intelligence and reporting analytics.

The new platform is an important foundation allowing the overarching project to deliver continuous improvements relating to the customer

and user experience. The platform will give Council great opportunities for new governance frameworks and practices to deliver optimal customer experience based on customer needs.

Council continues to invest in cyber security, ensuring safe and secure digital services and maintaining the integrity and reputation of Council and the community.

### Financial and procurement services

#### Assistance to ratepayers and suppliers

Council's bi-annual rate run was undertaken during January 2023 and to assist ratepayers unable to pay in full by the deadline, Council has continued to offer interest-free payment arrangements for those who made an arrangement by the due date.

### Awards

Council and a Council employee received international and national recognition during the quarter:

- The **Kings Beach Park and Community Precinct** was awarded the international Green Flag Award for being a well-managed park and green space and for setting the benchmark standard for the management of recreational outdoor spaces, in January 2023.
- **Council employee, Peter Armstrong**, received international recognition from the International Erosion Control Association at the Annual Conference and Awards, in February 2023.

- **The Construction Management and Waterway Protection Taskforce** won the National Award in Policy and Education at Stormwater Australia's National Awards for Excellence, in March 2023. This Taskforce has been a catalyst for positive change management in the construction sector in regards to environmental performance.
- **The Caloundra Music Festival** was awarded the People's Choice Award for Festival of the Year at the Queensland Music Awards, in March 2023.

# Operational Plan Activities Report Quarter 3, 2022/23

Quarterly Progress Report

## Corporate Plan Goal : Our strong community

Goal Objective: In all our communities, people are included, treated with respect, and opportunities are available to all.

### Healthy and active communities

Action Code	Action Name	Start Date	Due Date	Progress	On Time	On Budget	Comments	Branch
1.1.1	Deliver the 'Healthy Sunshine Coast' program to increase health and wellbeing in the community through low cost or free activities and workshops.	01/07/2022	30/06/2023	70%			The Healthy Sunshine Coast program recommenced in February 2023 with more than 30 weekly activities delivered by 26 different providers. The activities are spread across the Sunshine Coast to ensure the community can access activities close to them. There are 2500 registrations for the program via Council's website and more than 1200 members on the program's Facebook page. Further work has commenced to expand targeted program to young people, the First Nations community and people with disability to provide a holistic low-cost community program for all. Programming includes diverse activities such as aqua aerobics, family yoga, circuit classes, jazzercise and meditation.	CD: Community Development
1.1.2	Partner with the State Government and school communities to deliver travel behavioural change programs that support active transport options, including the 'RideScore Active School Travel' program, walking and cycling to school events, the cycle skills education course and the safe school travel program.	01/07/2022	30/06/2023	75%			Ride to School Day 2023 was a success with 37 schools and 2400 school children registered. Ten schools are now involved in the RideScore Program with more than 50% of Nirimba children registered for the event. The separated cycling facilities at Nirimba and extensive active transport network at Aura development largely supports walking and cycling to Nirimba State School were 129 bicycles and 41 scooters were counted. There was a more diverse spread of schools as part of Ride to School Day from coastal through to hinterland. This result is encouraging and supports the need to continue to improve active transport infrastructure right across our growing region to provide a healthy and sustainable travel option. Council commenced planning for the delivery of the Cycle Skills program at RideScore schools. Cycle Skills is an introductory lesson to safe cycling from local qualified cycle coaches to reinforce essential bike handling skills, road rules to assist with safe school travel behaviours, and support the promotion of active school travel. 1.1.3	Identify and secure an enduring legacy for the Sunshine Coast as a key delivery partner in the Brisbane 2032 Olympic and Paralympic Games and work collaboratively with our Community Reference Group and key partners to identify Sunshine Coast specific themes, opportunities and challenges.	01/07/2022	30/06/2023	75%			On 24 January 2023, Council launched its '10+10+ legacy vision' for what the region should seek to achieve from being a key delivery partner in the Brisbane 2032 Olympic and Paralympic Games. The vision document was unveiled with members of the Sunshine Coast 2032 Legacy Plan Community Reference Group, who have worked with Council to develop a shared legacy vision and aspirations for our region arising from the Brisbane 2032 Games. More than 20 Sunshine Coast community and Council representatives attended the Brisbane 2032 Legacy Forum where around 500 of Australia's community and business leaders, sports stars and school leaders came together to help shape the overarching Brisbane 2032 Legacy Plan. Action Code	Action Name	Start Date	Due Date	Progress	On Time	On Budget	Comments	Branch
1.2.1	Coordinate the delivery of Council's Transport Levy policy and projects including encouraging sustainable travel choices through travel behaviour change programs and connecting our local communities by supporting transport services such as Council Link, Flexilink and Kenilworth Community Transport Service.	01/07/2022	30/06/2023	60%			Implementation of the Transport Levy initiatives progressed with the continuation of existing services such as Council Link, support of the Kenilworth Trial and the Flexilink bus services in the Hinterland. The delivery of a 2-year trial to extend bus route 631 to better serve Yandina will be funded by Council and the State. The bus stops scheduled for upgrade are on track for delivery this financial year. The Transport Levy is also funding the delivery of ThinkChange, Council's Travel Behaviour Change Program and the Ridescore initiative across participating schools. The Levy will contribute to the Detailed Business Case for Sunshine Coast Public Transport project, which is being led by the Queensland Government in collaboration with Council as a funding partner. There have been some minor delays to the program resulting in year-to-date underspends. Any remaining funds at the end of the year will return to the Transport Levy reserve to be allocated in accordance with the supporting policy.	SIPP: Strategic Infrastructure Planning and Policy

Action Code	Action Name	Start Date	Due Date	Progress	On Time	On Budget	Comments	Branch
1.2.2	Continue implementation of 'smart parking' technology with two additional car park locations in Maroochydore and Maleny that will improve car park usage data to inform future planning, travel choices for our residents and assist to reduce traffic congestion.	01/07/2022	30/06/2023	75%			Progress for the install of parking counters has been delayed due to preparatory works not being completed. All equipment has been commissioned and is ready to be installed, pending upgraded poles for mounting new signs and parking counter systems. Once poles are in place, installation of the parking counter systems is expected within a few weeks. It is anticipated to be completed before end of financial year.	TIM: Transport Infrastructure Management
1.2.3	Expand the trial and implementation of regulated parking technology to provide a safer work environment while encouraging vehicle turnover to provide fair and equitable access to the town centres, destinations and tourism locations.	01/07/2022	30/06/2023	90%			Implementation of Council's ParkSmart Program has continued with an additional vehicle fit-out completed and ParkSmart patrols commencing this quarter in the wider Maroochydore, Alexandra Headlands and Mooloolaba areas. The introduction of Council's ParkSmart Program into these new locations continues to support vehicle turnover in business centres and during community events. Educational cautions are being issued in the first four weeks of rollout, which is consistent with the rollout of the initial two vehicles. The program continues to highlight a reduction in occupational violence towards Council officers, with zero ParkSmart related incidents reported since 1 July 2022.	CR: Customer Response

1.2.6	Implement prioritised projects and programs from the Sunshine Coast Library Plan 2014-2024 and the Library Network Plan 2019-2041 including delivery of programs that support life-long learning and planning for the delivery of new and refurbished libraries at Caloundra, Nambour and Sippy Downs.	01/07/2022	30/06/2023	75%			Council library physical and digital loan numbers grew this quarter with an 8% and 5% increase respectively. Attendance of the Early Literacy Program grew by 133% (compared to the same period in 2022). Changes to the Summer Reading Club format to improve accessibility saw a 309% increase in participants from the previous year. A new libraries initiative, the Seed Library, was launched in March 2023 to offer collections of seeds for members of the community to swap in a sustainable manner. Seeds are from local and heirloom fruit and vegetable varieties that might otherwise be lost, as well as new local varieties including flowers. The seed collection allows our communities to swap, grow, work towards seed sustainability and education in the Sunshine Coast region. The initiative relies on a strong partnership with a community group to supply seeds. This quarter 1112 seed packets were borrowed and 145 seed packets were donated by community members. Council will maintain an active investment strategy with the following goals:

- Maximise investment returns from investment activities
- Exceed the benchmark of the Bloomberg AusBond Bill (BAUBIL) Index
- Invest only in investments as authorised under current legislation
- Invest only with approved institutions
- Invest to protect capital value of investments

### Policy scope

This policy applies to the investment of all funds held by Sunshine Coast Council (Council).

### Principles

Council's overall objective is to invest its funds at the most advantageous rate of interest available to it at the time, for that investment type, and in a way that it considers most appropriate given the circumstances. The investment portfolio will maintain sufficient liquidity to meet all reasonably anticipated operating cash flow requirements of Council, as and when they fall due, without incurring significant transaction costs due to being required to recall an investment.

Investment activities shall preserve capital as a principal objective of the investment portfolio. Investments will be performed in a manner that seeks to ensure security of principal of the overall portfolio. This would include managing credit risk and interest rate risk within given risk management parameters and avoiding any transactions that would prejudice confidence in Council or its associated entities.

**Credit Risk**

Council will evaluate and assess credit risk prior to investment. Credit risk is the risk of loss due to the failure of an investment issuer or guarantor. The investment officers will minimise credit risk in the investment portfolio by prequalifying all transactions including the brokers/securities dealers with which they do business, diversify the portfolio and limit transactions to secure investments.

**Cash Flow Risk and Interest Rate Risk**

The investment officers shall seek to minimise the risk of a change in the market value of the portfolio due to fluctuating interest rates and changes to financial institution credit ratings (S&P Global). This risk will be mitigated by ensuring that the portfolio is managed in accordance with the strict investment policy guidelines, specifically counter party limits, and by limiting investments to short term maturities i.e. less than 12-month terms.

Cash flow risk can be mitigated by considering the cash flow requirements of Council and structuring the portfolio accordingly to avoid having to recall investments prior to maturity.

**Investment Parameters and Guidelines**

Council investments are limited to those prescribed by Section 6 of the *Statutory Bodies Financial Arrangements Act 1982* (hereafter “SBFAA”) for local governments with Category 2 investment powers, which allows for investment with Queensland Treasury Corporation or Queensland Investment Corporation, along with a range of other high-rated counterparties without further approval.

The SBFAA includes a list of prohibited investments that requires Treasurer’s approval including derivative based instruments, non-Australian dollars and maturity maximum greater than three years.

It is noted that for the purposes of this investment portfolio, the percentage limits apply effective from the date of purchase as a percentage of the market value of the portfolio. No more than 20 per cent of the portfolio is to be invested in Floating Rate Notes.

The following table sets out Council’s investment parameters, where maximum percentage of funds can be invested within each category:

<b>Short Term Rating (S&amp;P Global Ratings) or equivalent</b>	<b>Individual Counterparty Limit</b>	<b>Total Limit</b>
QIC / QTC Pooled Cash Management Fund A-1+	100%	100%
A-1+ Financial Institutions	100%	100%
A-1+ Bond Mutual Funds	30%	50%
A-1 Financial Institutions	60%	100%
A-2 Financial Institutions	60%	90%
A-3 Financial Institutions	10%	30%
Unrated	Nil	Nil

**Maturity**

The maturity structure of the portfolio will reflect a maximum term of (1) year to maturity. With management approval, this may be extended to a maximum term of three (3) years.

### **Authority**

Council has been granted authority to exercise Category 2 investment power under Part 6 of the SBFAA.

Authority for implementation of the Investment Policy is delegated by Council to the Chief Executive Officer. The Chief Executive Officer has then delegated authority to the Group Executive Business Performance Group, and Chief Financial Officer in accordance with the *Local Government Act 2009*, Section 257 (1) (b) – Delegation of local government powers.

For the purposes of the appointment of an external fund manager pursuant to Section 59 of the SBFAA, to operate in a manner consistent with this policy will constitute compliance.

### **New investment products**

A new investment product requires a full risk assessment prepared by the Treasury Officer and submitted to the Chief Financial Officer and Coordinator Financial Accounting (including compliance with the Act).

### **Breaches**

Deposits are in the first instance deemed to be “unbreakable”, that is, no early exit. Where Council holds an investment that is downgraded below the minimum acceptable rating level, as prescribed under regulation for the investment arrangement, or where limits for different risk categories or where counterparty limits are breached, an assessment will be undertaken once the change becomes known. Any breach of this Investment Policy is to be reported to the Group Executive Business Performance Group and Chief Financial Officer.

## **Roles and responsibilities**

The Group Executive Business Performance Group, and the Chief Financial Officer are authorised to invest Sunshine Coast Council’s operating funds at their discretion in investments consistent with this Investment Policy and legislation. The Financial Accounting and Treasury Unit are responsible for the operations and management of the funds.

Investments will be managed with the care, diligence and skill that a prudent person would exercise in managing the affairs of other persons. This includes having in place appropriate reporting requirements that ensure the investments are being reviewed and overseen regularly.

Investment officers are to manage the investment portfolios not for speculation, but for investment and in accordance with the spirit of this Investment Policy. Investment officers are to avoid any transaction that might harm confidence in Council. They will monitor and manage cash flow when making an investment decision.

### **Ethics and conflicts of interest**

Consideration will be given to ethical investment principles in determining the approved counterparty lists for investment of funds.

Investment officers/employees shall refrain from personal activities that would conflict with the proper execution and management of Sunshine Coast Council’s investment portfolio. This includes activities that would impair the investment officer’s ability to make impartial decisions.

This policy requires that employees and investment officers disclose to the Chief Executive Officer any conflict of interest on any investment positions that could be related to the investment portfolio.

### **Delegation of authority**

Authority for implementation of the Investment Policy is delegated by Council to the Chief Executive Officer in accordance with the *Local Government Act 2009*, Section 257 (1) (b) – Delegation of local government powers.

Authority for the day-to-day management of Council's Investment Portfolio is to be delegated by the Chief Executive Officer to the Group Executive Business Performance Group, and the Chief Financial Officer, in accordance with Section 259 of the *Local Government Act 2009*, and subject to regular reviews from the Chief Executive Officer.

#### **Criteria of authorised dealers and broker**

Council will maintain a list of authorised financial institutions and securities brokers that the investment officers may deal with. These financial intermediaries must have a minimum short-term rating of at least either A-3 (S&P Global Ratings) or the equivalent Fitch or Moody's ratings of BBB+ and Baa1 respectively.

All transactions undertaken on behalf of the investment portfolio of Council will be executed either by Sunshine Coast Council directly, or through securities brokers registered as Australian Financial Service Licensees (AFS) with an established sales presence in Australia, or direct issuers that directly issue their own securities which are registered on Sunshine Coast Council's approved list of brokers/dealers and direct issuers.

#### **Safekeeping and custody**

Each transaction will require written confirmation by the broker/dealer/bank. Council will hold security documents.

### **Measurement of success**

A summary of investments, amount invested and comparison above benchmark, at a minimum, is included in the monthly Financial Performance Report to Council Ordinary Meetings.

The benchmark target is to be set equal to or above the Bloomberg AusBond Bank Bill (BAUBIL) Index.

### **Policy commitment**

Council employees and Councillors covered in the scope of this policy consistently demonstrate and uphold the intent, objectives and principles of this policy. Nothing in this policy requires or authorises an employee of Council or Councillor to act in any way that is contrary to law. Any instances of non-compliance will be managed in accordance with any relevant codes of conduct, policies and legislation dealing with conduct and/or disciplinary action.

### **Related legislation, policies, strategies and documents**

All individuals engaged in dealings within the scope of this policy are required to fulfil the ethical and behavioural obligations as defined in legislation. In the event of an inconsistency between any provision of this policy and any provision of the following related legislation, policies, strategies and documents, the provisions of the related legislation, policies, strategies and documents shall prevail, unless the CEO or Council expressly waive a provision of this policy by prior agreement. For further assistance please contact the Manager of Corporate Governance.

## Strategic Policy

### 2023/24 Debt Policy

Corporate Plan reference:	S28 - Financial and procurement services – financial and procurement management and governance, ensuring effective business management and legislative compliance, coordination and development of Council's budget process, administration of financial systems, sundry debtors, accounts payable, financial and asset accounting, treasury, procurement, contract and supply functions.
Endorsed by Council on:	25 May 2023                      Reference Number:
Manager responsible for policy:	Chief Financial Officer, Business Performance Group

### Policy statement

The purpose of this policy is to ensure the sound management of Council's existing and future debt. The policy will provide clear guidance for staff in the management of Council's debt portfolio and maintenance of appropriate debt and debt service levels.

New borrowings will only be made to fund capital expenditure, for a period less than or equal to the estimated useful life of the asset(s) and for no more than 20 years.

New borrowings will be undertaken in accordance with the Queensland Treasury Corporation Guidelines, the *Statutory Bodies Financial Arrangements Act 1982* and Section 192 of the *Local Government Regulation 2012*.

### Policy scope

This policy applies to all Councillors and council staff and extends to all borrowing activities of Council and any controlled entities.

### Policy requirements

#### Borrowing Purposes

- Council will not utilise loan funding to finance operating activities or recurrent expenditure.
- Council undertakes full analysis of all funding options as outlined in the Long Term Financial Forecast, including a forward program of capital works, to determine loan funding requirements.
- Council recognises that infrastructure demands placed upon Council can often only be met through borrowings, but will always be mindful of the additional cost incurred by the community when assets are acquired through borrowings, as this increases the cost of providing capital infrastructure.
- Council will endeavour to fund all capital renewal projects from operating cash flows and borrow only for new or upgrade capital projects, having regard to sound financial management principles and giving consideration to inter-generational equity for the funding of long term infrastructure projects.

- Where capital expenditure is deferred from one year to the next, the drawdown of approved loan funds will be reviewed to minimise interest expenses.
- Borrowings for infrastructure that provide the opportunity for a return on assets will take priority over borrowings for other assets.

#### **Debt Term**

Where capital projects are financed through borrowings, Council will repay the loans within a term not exceeding the life of those assets, and over a term that optimises cash flow efficiency. Loans undertaken for core Sunshine Coast capital investment are planned to be repaid within a twelve (12) year period. Loans undertaken for Region Making projects may have a term of greater than twelve years.

- If surplus funds become available, and where it is advantageous to Council, one-off loan repayments will be made to reduce the term of existing loans.
- In an environment of fluctuating interest rates, and where there is a distinct economic advantage to Council, consideration will be given to renegotiating any outstanding loans to obtain the best long-term benefit to Council.

#### **Repayment Ability**

Council will maintain close scrutiny of debt levels to ensure that relative sustainability indicators will not exceed target parameters recommended by Queensland Treasury Corporation and *Local Government Regulation 2012*.

#### **Borrowing Sources**

Council will raise all external borrowings at the most competitive rates available and from sources available as defined by legislation. Consideration will be given to provision of loans to business units from surplus cash reserves held by Council by way of an internal loan.

#### **Internal Loans**

The provision and approval of an internal loan will depend on the availability of surplus funds at the time of application and the capacity of the business unit or operational activity to repay the loan.

- All applications for internal loans will be made by reference to the Finance Branch for consideration in accordance with the Long Term Financial Forecast.
- The term of the loan will be appropriate to the life of the asset being financed.
- In all cases, where business units are subject to the provisions of the National Competition Policy, the cost to the business unit will be no less than what would apply to an equivalent private sector business. The interest rate will be the sum of:
  - (a) the equivalent QTC borrowing rate for the proposed term;
  - (b) the QTC administration charge; and
  - (c) an additional margin above the QTC borrowing rate.
- The interest rate applicable to internal loans relating to operational activities of Council will be the actual borrowing cost from QTC including administrative charges.

Council may, upon reasonable notice being given, require repayment of part or all of the balance of the loan at any time, which would require the business unit to convert the outstanding balance of the loan to an external facility.

- Provision for the repayment of the loan will be included in the annual budget for the business unit.

## Principles

The purpose of establishing this policy is to:

- Provide a comprehensive view of Council's long term debt position and the capacity to fund infrastructure growth for the region;
- Increase awareness of issues concerning debt management;
- Enhance the understanding between Councillors, community groups and council staff by documenting policies and guidelines;
- Demonstrate to government and lending institutions that Council has a disciplined approach to borrowing.

## Roles and responsibilities

Pursuant to Section 192 *Local Government Regulation 2012*, Council must prepare a debt policy each year that states the new borrowings planned for the current financial year and the next nine financial years.

The Finance Branch will review the cash flow requirements prior to loan proceeds being drawn down to minimise interest expenses.

## Measurement of success

Financial sustainability indicators remain within target ranges and the provision of necessary infrastructure is not constrained through the lack of capital funding.

Details of outstanding loans will be reported annually in Council's Financial Statements and Annual Report.

## Policy commitment

Council employees and Councillors covered in the scope of this policy consistently demonstrate and uphold the intent, objectives and principles of this policy. Nothing in this policy requires or authorises an employee of Council or Councillor to act in any way that is contrary to law. Any instances of non-compliance will be managed in accordance with any relevant codes of conduct, policies and legislation dealing with conduct and/or disciplinary action.

## Related legislation, policies, strategies and documents

All individuals engaged in dealings within the scope of this policy are required to fulfil the ethical and behavioural obligations as defined in legislation. In the event of an inconsistency between any provision of this policy and any provision of the following related legislation, policies, strategies and documents, the provisions of the related legislation, policies, strategies and documents shall prevail, unless the CEO or Council expressly waive a provision of this policy by prior agreement. For further assistance please contact the Manager of Corporate Governance.

## Definitions

**Business unit** – A business activity within Council structure subject to the application of full cost pricing principles as defined under the National Competition Policy.

**Inter-generational equity** – This relates to the fairness of the distribution of the costs and benefits of a policy when costs and benefits are borne by different generations (i.e. the principle whereby those who derive a direct benefit from the service or infrastructure provided actually pay for that service).

**QTC** – Queensland Treasury Corporation.

## Strategic Policy

### 2023/24 Revenue Policy

Corporate Plan reference:	S28 - Financial and procurement services – financial and procurement management and governance, ensuring effective business management and legislative compliance, coordination and development of Council's budget process, administration of financial systems, sundry debtors, accounts payable, financial and asset accounting, treasury, procurement, contract and supply functions.	
Endorsed by Council on:	25 May 2023	Reference Number: OM
Manager responsible for policy:	Chief Financial Officer, Business Performance Group	

### Policy statement

The purpose of this Revenue Policy is to set out the principles used by Council for:

- levying rates and charges;
- granting concessions for rates and charges;
- recovering overdue rates and charges; and
- cost-recovery methods.

The Revenue Policy will be applied by Council in the development of the annual budget for the 2023/24 financial year.

### Policy scope

The Revenue Policy applies to all areas identified in Section 193 of the *Local Government Regulation 2012*.

### Policy Requirements

#### The Levying of Rates and Charges

Council levies rates and charges to fund the provision of valuable services to our community. When adopting its annual budget Council will set rates and charges at a level that will provide for both current and future community requirements. Council will apply the principle of transparency in making rates and charges.

#### 1. Differential General Rates

Differential General Rate revenue provides essential whole of community services not funded through subsidies, grants, contributions or donations received from other entities, or not provided for by other levies or charges. Council will consider all full cost recovery options before calculating the differential general rate for each rating category.

Council is required to raise an amount of revenue it sees as being appropriate to maintain assets and provide services to the region as a whole. In deciding how that revenue is raised, Council has formed the opinion that a differential general rating scheme, based primarily on land use, provides the most equitable basis for the distribution of the general rate burden.

The rateable value for each property is the basis for determining the amount of the general rate levied. Council recognises that significant valuation fluctuations may have an adverse effect on pensioners. Council has implemented a Deferment of General Rates Policy to provide eligible pensioners with the opportunity to apply for a deferment of general rates.

## 2. Special and Separate Rates and Charges

Where appropriate Council will fund certain services, facilities or activities by means of separate or special rates or charges.

In accordance with Section 94 of the *Local Government Regulation 2012* Council will levy special rates and charges on certain properties that are considered to be specially benefited by the provision of a specific service, facility or activity.

Special rates are based on the rateable value of the land and special charges are a flat charge per property, where this is considered to provide a more equitable basis for the sharing of the cost.

In accordance with Section 103 of the *Local Government Regulation 2012* Council will levy a separate rate or charge on all rateable land in the region to fund a particular service, facility or activity where Council believes that the service, facility or activity is key in achieving council's vision to be Australia's most sustainable region – healthy, smart, creative.

## 3. Other Charges

In general, Council will be guided by the principle of user pays in making all other charges.

## The Purpose of and Granting of Concessions for Rates and Charges

Under Chapter 14, Part 10, section 121 of the *Local Government Regulation 2012* Council may grant a concession. The concession may only be of the following types;

- a rebate of all or part of the rates or charges;
- an agreement to defer payment of the rates and charges;
- an agreement to accept a transfer of unencumbered land in full or part payment of rates or charges.

In accordance with Section 120(1)(a) of the *Local Government Regulation 2012*, Council has determined that eligible pensioners who are property owners may receive concessions. The purpose of these concessions is to assist pensioner property owners remain in their own home by reducing the financial impact of rates and charges.

In accordance with Section 120(1)(b) of the *Local Government Regulation 2012* charitable organisations, community groups, and sporting associations, whose objects do not include making a profit may also be entitled to concessions. The purpose of these concessions is to encourage and support charitable organisations, community groups, and sporting associations as they contribute to the health and well-being of the community and the social cohesion of the region.

In accordance with Section 120(1)(c) of the *Local Government Regulation 2012* concessions may be granted if the payment of the rates or charges will cause hardship to the landowner. The purpose of these concessions is to assist ratepayers in hardship circumstances by reducing the short-term cash flow impact of paying rates and charges, by for example providing a longer period over which to pay rates and charges.

In accordance with Section 120(1)(d) of the *Local Government Regulation 2012* concessions may be granted if the concession will encourage the economic development of all or part of the local government area. In accordance with the provisions of the Sunshine Coast Investment Incentive Scheme an approved business or enterprise may be entitled to a concession in the form of a deferment of general rates for such period as Council may determine from time to time.

In exercising these concession powers Council will be guided by the principles of:

- transparency, by making clear the requirements necessary to receive concessions; and
- communication, by raising the awareness of target groups that may qualify for these concessions; and
- equity, by ensuring that all applicants of the same type receive the same concession.

### The Recovery of Rates and Charges

Council will exercise its rate recovery powers pursuant to the provisions of Chapter 4 Part 12 of the *Local Government Regulation 2012* in order to reduce the overall rate burden on ratepayers, and will be guided by the principles of:

- equity, by treating all ratepayers in similar circumstances in the same manner;
- transparency, by making clear the obligations of ratepayers and the processes used by Council in assisting them to meet their financial obligations; and
- flexibility, by accommodating ratepayers' needs through short-term payment arrangements.

### Cost Recovery Fees

All fees and charges will be set with reference to full cost pricing. Cost recovery fees will be charged up to a maximum of full cost. Commercial charges will be at commercial rates. Council acknowledges the community benefit associated with not-for-profit organisations and Traditional Owners conducting activities on the Sunshine Coast. All not-for-profit organisations are exempt from cost recovery fees for applications to conduct activities requiring an approval on public and private land within the region. All applications from Traditional Owners of the Kabi Kabi and Jinibara people are exempt from cost-recovery application fees in relation to tourism and cultural business activities occurring on community land within the Sunshine Coast Regional Council local government area.

### New Development Costs

Developer contributions for infrastructure are determined each year in accordance with the philosophy that a developer should pay reasonable and relevant contributions towards the capital cost of the provision of infrastructure to meet past and future augmentation costs associated with this new development, subject to State Government requirements. Infrastructure agreements are negotiated outcomes between Council and the developer.

### Principles

In levying rates and charges, Council will apply the principles of:

- consistency, by scheduling the issue of rate notices on a half yearly basis;
- communication, by advising ratepayers about rate notice issue dates and payment dates;
- clarity, by providing meaningful information on rate notices to enable ratepayers to clearly understand their responsibilities; and
- flexibility, by providing payment arrangements to ratepayers in financial difficulty, along with a wide array of payment options.

In making and levying rates and charges, Council will be guided by the principles of:

- equitable distribution of the differential general rates burden as broadly as possible;
- transparency in the making and levying of rates;

- flexibility, to take account of changes in the local economy;
- clarity in terms of responsibilities (council's and ratepayers') in regard to the rating process;
- National Competition Policy legislation where applicable; and
- having in place a rating regime that is efficient to administer.

Accordingly, the principles contained within the Revenue Policy are applied in the determination of the Revenue Statement, rates, fees and charges.

## Roles and responsibilities

Council is required to prepare and adopt a Revenue Policy in accordance with Section 193 of the *Local Government Regulation 2012*. The Revenue Policy must be reviewed annually and in sufficient time to allow an annual budget that is consistent with the Revenue Policy to be adopted for the next financial year.

The Chief Executive Officer is responsible for executing the Revenue Policy. Group Executive Business Performance, the Chief Financial Officer and Finance Branch are bound by the principles outlined in this policy in the levying and recovery of rates and charges, and in the application of concessions relating to those rates and charges. All council staff are bound by the principles outlined in this policy in determining cost recovery and commercial fees and charges, and in the application of an exemption relating to those fees and charges.

## Measurement of success

Financial sustainability indicators remain within target ranges and Council maintains a strong financial position through adequate and equitable revenue streams.

## Policy commitment

Council employees and Councillors covered in the scope of this policy consistently demonstrate and uphold the intent, objectives and principles of this policy. Nothing in this policy requires or authorises an employee of Council or Councillor to act in any way that is contrary to law. Any instances of non-compliance will be managed in accordance with any relevant codes of conduct, policies and legislation dealing with conduct and/or disciplinary action.

## 1. Administration and Interpretation

### 1.1 General

The Development Services Register of Cost-recovery Fees and Commercial Charges includes all fees and charges relevant for planning, engineering, environment, building and plumbing assessment and services.

All cost recovery fees within this Register have been adopted by council under Section 97 of the *Local Government Act 2009*. All commercial fees for the provision of services, which require a GST payment, have been adopted by council under Section 262(3)(c) of the *Local Government Act 2009*.

All fees, unless otherwise specified, are GST exempt.

An applicant can only apply for a single fee adjustment under Sections 2.1 to 2.6. The highest reduction will apply.

### 1.2 Payment of Fees and Lodgement of Applications

Applicants are encouraged to lodge their application via council's online application service <https://mycouncil.sunshinecoast.qld.gov.au/>.

The *Planning Act 2016* requires that development applications lodged under the Development Assessment Rules be "properly made". The receipting of an application does not signify acceptance of the application as being properly made.

For any further information visit [www.sunshinecoast.qld.gov.au/development](http://www.sunshinecoast.qld.gov.au/development) or phone council's dedicated development information team on 07 5475 PLAN.

### 1.3 Price on Application

For Material Change of Use, Reconfiguring a Lot and Plumbing and Drainage Work applications with a fee calculation of \$200,000 or higher as per the fees identified in this Register – Price on Application (POA) fee to be determined by council having regard to the full details and plans of the proposal to be submitted with a written request for a fee quote prior to time of lodgement and an assessment will be undertaken to determine the applicable fee.

For other references to Price on Application (POA) in this Register - Fee to be determined by council having regard to the full details and plans of the proposal to be submitted with a written request for a fee quote prior to time of lodgement and an assessment will be undertaken to determine the applicable fee.

### 1.4 Undefined Use Applications

Where an application type is not specifically provided for in this register or the application could not reasonably be included in a category that is provided in this register, the applicant is to provide plans of the proposal and this will be considered on its merits by council to determine the applicable fee.

### 1.5 Combined Applications

Combined applications are applications which are lodged at the same time involving more than one development type (e.g. Material Change of Use, Reconfiguring a Lot, Building Work and/or Operational Work). Full fees are payable for each development type included in an application. The only exception is a combined application for Material Change of Use and associated Operational Work for a Dwelling House and Dual Occupancy. In this instance, only the Material Change of Use fee for a Dwelling House or Dual Occupancy will be charged and the Operational Work fee is not required.

### 1.6 Minor Changes made during Application Process

Where a minor change is made by the applicant prior to the application being decided (that is not a result of an Information Request) and the change results in an increase in the size or scale of the development or it increases the development yield (i.e. total use area, number of lots or Gross Floor Area), additional fees will be payable in accordance with the fees outlined in this register.

### 1.7 Preliminary Approvals

Applications involving a Preliminary Approval (other than a Variation Request) shall attract a fee based on the applicable uses or types of development (including predicted Reconfiguring a Lot) as for a Development Permit.

### 1.8 Variation Requests

Applications for a Variation Request shall be 100% of the fees for the applicable uses or types of development (including predicted Reconfiguring a Lot). Where a variation request includes a Development Permit for a component of the development, no further fee is payable.

### 1.9 Impact Assessment Fees

Fees listed in the register are for code assessment only.

The cost of an impact assessable application is set at a standard multiplier of 1.5 above the code assessable fee.

## 2. Fee Adjustments and Refunds

### 2.1 Adjustment of Fees

Any request to adjust a development application fee, partially or in whole, must be made in writing prior to the lodgement of the application. This requires the applicant to provide significant justification that the fee is obviously unreasonable and will be considered on its merits by a delegated council officer.

### 2.2 Community, Sporting and Religious Organisations

A non-profit, volunteer and charitable community, sporting or religious organisation (or similar organisation) that provides a benefit directly to the community, is eligible for a 75% reduction in application fees.

For the organisation to be eligible for this fee reduction, at the time of lodgement of the application, the organisation must provide current, verifiable written proof that the organisation is either registered with the Australian Taxation Office (ATO) as a charitable/non-profit organisation or, alternatively, is registered with the Office of Fair Trading under either the *Associations Incorporation Act 1981* or the *Corporations Act 2001*.

### 2.3 Buildings and Sites Affected by Heritage Provisions

Where a Material Change of Use or Building Work development application (excluding demolition, partial demolition or removal of a structure or place affected by the cultural heritage provisions of the *Sunshine Coast Planning Scheme 2014*) is required solely as a result of the heritage provisions of the *Sunshine Coast Planning Scheme 2014*, whether code or impact assessable, no fee shall apply to such an application.

### 2.4 Applications involving a Mixed Use Development

Fees for the application shall be the sum of the Primary Use fee plus 75% of the fees for each type of additional use/s (e.g. A development proposal for a Multiple Dwelling, Restaurant and Shop uses where the Multiple Dwelling is the Primary Use, the total fee will be the fee for Multiple Dwelling plus 75% of the fees for the Restaurant and Shop uses). This fee adjustment is only applicable if uses are on the same site and lodged as part of the same application.

*Note: Primary Use is the use with the highest application fee. This fee does not apply to applications for a Preliminary Approval, including a Variation Request.*

### 2.5 Material Change of Use within an Existing Building

If an application involves a Material Change of Use within an existing building, the application fee shall be discounted by 25%.

### 2.6 Nambour Special Entertainment Precinct

Under the *Sunshine Coast Planning Scheme 2014*, the Nambour Special Entertainment Precinct can accommodate a range of business uses and entertainment activities. To help facilitate the music-based entertainment industry on the Sunshine Coast, if an application involves a Material Change of Use for a Theatre, Bar, Nightclub or Hotel use (as defined in the *Sunshine Coast Planning Scheme 2014*) located in the Nambour Special Entertainment Precinct, the application fee shall be discounted by 50%.

### 2.7 Refund of Fees

Any request to refund a development application fee, must be made in writing prior to deciding the application. Any request to vary an applicable refund requires the applicant to provide significant justification that the refund is obviously unreasonable and will be considered on its merits by a delegated council officer

If a Material Change of Use, Reconfiguring a Lot, Operational Work and Building Work application is withdrawn before it is decided by council, a refund will be given depending on the application stage at the time of withdrawal as follows:

Relevant Period	Applicable Refund
Application Part	90%
Information Request Part OR Referral Part	60%
Public Notification Part	30%
Decision Part	10%

If a Concurrence Agency Referral is withdrawn before it is decided by council, a refund will be given depending on the application stage at the time of withdrawal as follows:

Relevant Period	Applicable Refund
Referral Confirmation Period	90%
Any time after the Referral Confirmation Period	40%

If a Plumbing and Drainage Work application (applicable fee includes assessment and inspections) is withdrawn before it is decided by council or a permit cancelled, a refund will be given depending on the application and inspection stage at the time of withdrawal as follows:

Relevant Period	Applicable Refund	
	Domestic	Commercial
Application received (no assessment)	95%	95%
Request for Information Issued	90%	80%
Development Permit Issued	85%	POA
Inspections	POA	POA

For any refund request due to over payment or duplication of fees by the applicant and not resulting from a fee calculation error by council, the over payment will be refunded with an administration fee of \$70 retained.

## 7. Environmentally Relevant Activity

7.1 Material Change of Use Application<sup>1</sup> that also relates to a Prescribed Environmentally Relevant Activity<sup>2</sup> that is an ERA administered by council<sup>3</sup>, or

7.2 A self-assessable development<sup>1</sup> that relates to a Prescribed Environmentally Relevant Activity<sup>2</sup> that is an ERA<sup>3</sup> administered by council.

The Fee Payable equals:

The application fee, currently \$730<sup>4</sup> for assessment of the concurrence ERA; PLUS 30% of the annual fee<sup>4</sup> for the ERA environmental authority

Where a development application is for a Material Change of Use of premises or is self-assessable and also relates to a Prescribed Environmentally Relevant Activity, then the application is taken to also be an application for an Environmental Authority (approval) for the prescribed ERA, *Section 115 (2) of the Environmental Protection Act 1994*.

Prescribed Environmentally Relevant Activities (includes definition and ERA trigger threshold) are listed in *Section 101* and *Schedule 2* of the [Environmental Protection Regulation 2008](#).

ERAs administered by council:

ERA No. 6 (Asphalt manufacturing), 12 (Plastic product manufacturing), 19 (Metal forming), 20 (Metal recovery), 38 (Surface coating), 49 (Boat maintenance or repair) and 61 (Waste incineration and thermal treatment).

These fees are set in accordance with Section 120 and Schedule 10 Part 2b of the *Environmental Protection Regulation 2008* and <https://environment.des.qld.gov.au/assets/documents/regulation/era-is-summary-annual-fees.pdf>

#### 10 Matters regarding extraordinary building work noise permits—Authorising local law, ss8(2)(a), 9(1)(d), 10(3), 13(a), 14(2)(a)

- (1) For section 8(2)(a) of the authorising local law, the documents and materials that must accompany an application for an extraordinary building work noise permit are stated in section 1 of schedule 19.
- (2) For section 9(1)(d) of the authorising local law, the local government may only grant an extraordinary building work noise permit if it is satisfied the proposed operation and management of the activity proposed to be covered by the permit would be consistent with the additional criteria prescribed in section 2 of schedule 19.
- (3) For section 10(3) of the authorising local law, the conditions that must be imposed on an extraordinary building work noise permit are stated in section 3 of schedule 19.

- (4) For section 10(3) of the authorising local law, the conditions that will ordinarily be imposed on an extraordinary building work noise permit are stated in section 4 of schedule 19.
- (5) For section 13(a) of the authorising local law, the term of an extraordinary building work noise permit is provided for in section 5 of schedule 19.
- (6) For section 14(2)(a) of the authorising local law, the further term for renewal or extension of an extraordinary building work noise permit is provided for in section 6 of schedule 19.

## 11 Amendment of sch 1 (Categories of prescribed activities for the purposes of maximum penalties)

- (1) Schedule 1, part 1—  
*insert—*
  - 1 placement of movable advertising devices
  - 2 temporary placement of a shipping container
  - 3 bring a motor vehicle onto or drive a motor vehicle on any part of a local government controlled area that is not a motor vehicle access area
- (2) Schedule 1, part 2—  
*omit—*
  - 8 placement of movable advertising devices
  - 11 causing building site delivery noise
  - 12 causing building work noise
  - 13 temporary placement of a shipping container
- (3) Schedule 1, part 2, items 9 and 10—  
*renumber* as items 8 and 9.
- (4) Schedule 1, part 3—  
*insert—*
  - 2 causing building site delivery noise
- (5) Schedule 1, footnote 1—  
*omit, insert—*  
Category 1 activities attract a maximum penalty of 10 penalty units for a first offence, 20 penalty units for a second offence, and 50 penalty units for a third or later offence (section 6(2)(b), authorising local law).

## 12 Amendment of sch 4 (Alteration or improvement to local government controlled areas and roads)

Schedule 4, table 2, column 2, 'Memorials and Plaques Policy'—

*omit, insert—*

*Commemorative Memorials Operational Policy*

**13 Amendment of sch 5A (Causing building site delivery noise)**

- (1) Schedule 5A, ‘prescribed times’, wherever occurring—

*omit, insert—*

standard building work hours

- (2) Schedule 5A, section 3(e)(iii), ‘(including acoustic levels at the source)’ —

*omit.*

**14 Omission of sch 5B (Causing building work noise)**

Schedule 5B—

*omit.*

**15 Insertion of sch 19 (Extraordinary building work noise permits)**

After schedule 18—

*insert—*

**Schedule 19 Extraordinary building work noise permits**

section 10

**1 Documents and materials that must accompany applications for a permit**

An application for an extraordinary building work noise permit must be accompanied by—

- (a) the name, address, telephone number and email address, of the person applying for the permit; and
- (b) the trading name, street address, telephone number, email address, registered business name and Australian Business Number of the business undertaking the activity that is the subject of the permit; and
- (c) the name, address, mobile telephone number and email address, of the person who will have control of the building site at the times the activity that is the subject of the permit is to be carried out; and
- (d) a copy of any licence or approval required by a relevant authority (for example, the Queensland Building and Construction Commission) to carry out the building work the subject of the application; and

- (e) details of the activity proposed to be carried out, including—
  - (i) the nature of the building work; and
  - (ii) the times and places at which the building work will be carried out; and
  - (iii) the nature of the building work proposed to be carried out outside the standard building work hours; and
  - (iv) the reasons why it is proposed that the building work is carried out outside the standard building work hours; and
  - (v) the proposed term of the permit; and
- (f) a plan or scale map showing—
  - (i) the location of the premises at which the building work will be carried out; and
  - (ii) the location (and identifying particulars) of any noise sensitive place that will be exposed to audible noise caused by the building work outside the standard building work hours; and
  - (iii) the location and details of all noise sources from the building work.

## **2 Additional criteria for the granting of permit**

For an application for an extraordinary building work noise permit, the additional criteria are that—

- (a) the building work will be undertaken on a temporary basis for a specified period of time; and
- (b) the building work will not cause unreasonable noise in a building at which the noise can be heard; and
- (c) the applicant has demonstrated that—
  - (i) there are extraordinary circumstances justifying why the building work should occur outside the standard building work hours; or
  - (ii) there are environmental or public safety reasons why the building work should occur outside the standard building work hours.

*Examples for subparagraph (i)—*

- Carrying out the building work outside of the standard building work hours is necessary to minimise disruption caused by impacts on critical transport or utility infrastructure.
- Carrying out the building work within the standard building work hours would cause unacceptable traffic impact.

*Example for subparagraph (ii)—*

The building work will involve asbestos removal that would increase safety risks to the public if carried out during the standard building work hours.

**3 Conditions that must be imposed on permits**

*This section has been intentionally left blank.*

**4 Conditions that will ordinarily be imposed on permits**

Conditions that will ordinarily be imposed on an extraordinary building work noise permit are that the permit holder must—

- (a) only carry out the building work at the times specified in the permit; and
- (b) limit the activity to work of a particular type, or use of particular equipment, and at particular times, as specified; and
- (c) ensure that reversing beepers or squawkers are deactivated and spotters are used during night-time works to the extent permitted under the *Work Health and Safety Act 2011*; and
- (d) ensure engines in vehicles or equipment are well muffled;
- (e) not use whistles or amplified communication devices, other than two-way radios; and
- (f) keep volume on any communication devices to a minimum; and
- (g) ensure that no radios or other amplified music or entertainment devices are used; and
- (h) ensure any work involving the emission of high intensity ultraviolet light or the use of a floodlight is shielded to protect members of the public; and
- (i) ensure no materials are placed in skip bins (or similar) outside the standard building work hours; and
- (j) ensure all external doors of the building remain closed during the carrying out of the building work; and
- (k) ensure all workers are off-site by no later than a specified time; and
- (l) ensure delivery vehicles do not load or unload goods for use on the site outside the standard building work hours; and
- (m) prior to the commencement of the building work, notify the Queensland Police Service, Queensland Fire and Emergency Services and the Department of Transport and Main Roads; and
- (n) ensure that the activity does not affect the movement of traffic; and

- (o) take other specified action to minimise the impact of the noise generated by the building work, including, but not limited to, any or all of the following—
  - (i) the construction and maintenance of noise barriers and enclosures around noisy equipment or along the noise transmission path;
  - (ii) the implementation of noise reduction measures at noise sensitive places;
  - (iii) the use of low noise equipment;
  - (iv) the carrying out of routine maintenance on fans to minimise bearing noise;
  - (v) the repair and replacement of defective mufflers and equipment; and
- (p) establish and maintain a procedure for taking and managing complaints about noise from the building work carried out outside the standard building work hours, which must—
  - (i) provide a 24 hour telephone number for persons to call to make a complaint about the noise caused by the building work; and
  - (ii) set out the procedure that must be followed by the applicant after the receipt of a complaint to ensure the complaint is adequately addressed; and
  - (iii) require that the local government is notified of any complaint within 24 hours after the complaint is received; and
- (q) provide written notification (in the prescribed form) of the commencement of any building work carried out outside the standard building work hours to the following persons, not less than 48 hours prior to the commencement of the building work—
  - (i) the residents or operators of any noise sensitive place exposed to audible noise caused by the building work; and
  - (ii) the local government; and
- (r) erect signage—
  - (i) located—
    - (A) at the premises where the building work is being carried out; and
    - (B) in a prominent position viewable from the road, or such other position specified in the permit; and
  - (ii) clearly identifying—

- (A) the permit number issued by the local government; and
- (B) the dates and times at which the permit authorises the building work to be carried out outside the standard building work hours; and
- (C) the 24 hour telephone number for persons to call to make a complaint about the noise caused by the building work.

**5 Term of permit**

- (1) The term of a permit commences on the date the permit is granted and expires on the date specified in the permit.
- (2) A permit expires at the end of the day for expiry specified in subsection (1).

**6 Term of renewal of permit**

*This section has been intentionally left blank.*

<b>International Relations and Trade</b>	
Corporate Plan reference:	<b>Our resilient economy</b> <i>our Resilient, high-value economy of choice drives business performance, investment and enduring employment.</i> <ul style="list-style-type: none"><li>○ Strong local to global connections</li><li>○ Investment and growth in high-value industries, innovation and entrepreneurship</li></ul>
Endorsed by Council on:	
Manager responsible for policy:	Head of Economic Development

## Policy purpose

The International Relations and Trade Policy provides the foundation to support Council's activities to pursue its strategic economic policy objectives when dealing with stakeholders and markets based primarily outside Australian sovereign territory.

The International Relations and Trade Policy is directed at maintaining and enhancing Council's national and international reputation and providing a robust and transparent framework for Council's relationships and engagement with international entities.

## Policy outcome

Council has in place:

- An evidence-based rationale and robust arrangements for international and trade engagement
- Appropriate criteria to ensure any related agreements are outcome focused and targeted at appropriate international locations and markets.
- A transparent evaluation process that ensures clear outcomes are progressed through Council's internationally focused activities.

## Policy scope

This policy applies to all engagement with the following entities:

- Foreign governments, their agencies, or affiliated organisations
- International business organisations and/or associations
- Foreign commercial and not for profit entities

This Policy is supported by guidelines authorised by the Chief Executive Officer.

## Policy statement

A key economic policy priority for the Sunshine Coast is to strengthen the region's economic foundations, support local business and create an environment that encourages investment and the establishment of enduring high value employment and career opportunities. To achieve significant change in terms of investment, infrastructure provision, employment and prosperity, the region needs to continue moving from a consumption-based economy to one that is outwardly focused, investment oriented and connected to national and global markets.

Research undertaken by federal and state governments and other respected institutions highlights the criticality of exploiting the potential of current key and future growth markets globally as a foundation to developing prosperity and facilitating delivery of major infrastructure.

The Sunshine Coast is well placed to capitalise on its strengths and the growing opportunities the region presents. Appropriate and targeted engagement with foreign governments, commercial and not for profit organisations is warranted to position the Sunshine Coast in key global markets that offer the best prospects for success for the region.

The primary vehicles through which Council can engage with international entities are:

- International agreements.
- Hosting international delegations; and
- Participating in international missions.

Council recognises the long-standing and underlying concept of goodwill that underpins international relationships. However, Council's priority is to seek tangible and quantifiable economic benefits for the region from its international agreements and engagement activities.

The key benefits that Council seeks to achieve from its international agreements, activities and trade focused engagements include (but are not limited to):

- Promoting the region's export capabilities (goods and services) in high-value industries and economic sectors.
- Supporting the attraction of capital, professional expertise, visitation, or revenue to grow the local economy.
- Fostering access to trade and export opportunities for local business in new markets.
- Profiling the region as an investment destination to aid in securing such investment.
- Advancing the region's learnings from international best practice and locations of excellence.
- Establishing networks of significant business and other contacts.

Council will support associated cultural and community initiatives that facilitate the community's broader cultural awareness and appreciation where this better enables the achievement of economic outcomes for this region.

## Guiding principles

1. All international agreements, missions and delegations undertaken by Council should contribute to the delivery of Council's Corporate Plan, the Sunshine Coast Regional Economic Development Strategy 2013-2033, Environment and Liveability Strategy 2017 and/or the Sunshine Coast Community Strategy 2019-2041 and are clearly identified at the time of obtaining authorisation for the proposed activity.
2. All international relationships and engagement must promote respect, encourage connections between the participating communities and seek to improve opportunities for knowledge and skills transfer.
3. Subject to the laws of the Parliament of the Commonwealth of Australia and the Parliament of the State of Queensland, Council is the only legal authority that can enter into an international agreement with an entity on behalf of the Sunshine Coast local government area.
4. Preservation and enhancement of Council's reputation, standing and resources is of paramount importance in any engagement or relationship with international entities. Council will not engage in new international relationships or agreements – and reserves the right to terminate an existing international relationship or agreement – where it considers the relationship or agreement may be detrimental to (or undermine) Council's

reputation, standing or resources.

5. Generally, Council does not authorise a third party to act as its intermediary or representative in engaging with international entities. A third party shall only act as an authorised representative of Council if that party has instructions in writing from the Chief Executive Officer approving their appointment as a representative of Council. Any instructions issued by the Chief Executive Officer in this regard should (at a minimum) specify the scope, extent of authority, duration and expectations associated with the appointment of the authorised representative.
6. The negotiation and authorisation of an international agreement shall only occur by resolution of council and following a rigorous assessment of the need, benefits and risks associated with establishing an international agreement of this nature.
7. Council will:
  - consider proposed international agreements in the context of the work of other levels of government and other local governments to avoid duplication or any breach of protocol
  - work with local industries, groups, institutions, organisations and other agencies to maximise benefits from developing international relationships
  - where possible, look to adopt a flexible approach to new international relationships to maximise the prospect of achieving Council's strategic economic policy objectives. Ideally, all international relationships should be project based, have defined outcomes, specified time frames and articulate how they contribute to the desired strategic outcomes
  - seek to maximise the utility and cost effectiveness of negotiating and maintaining international relationships through a range of tools such as electronic communications, video conferencing, and services offered by State and Federal Government agencies.
8. In participating in international relationships, Council is not the agent or advocate of any individual business seeking international trade or investment opportunities.
9. Council is not – and shall not act as (or act on behalf of) - a migration agent.

## Roles and responsibilities

**Council** is responsible for:

- Adopting a new/renewal of an International Agreement
- Authorising international travel by the Mayor and/or Councillors as part of participating in an international mission.

The **Mayor** is responsible for:

- Issuing invitations to recommended international delegations to visit the Sunshine Coast.
- Executing approved international agreements.

The **Chief Executive Officer** is responsible for the operational aspects of this policy including:

- Managing expectations and ensuring advice is provided to Councillors on Council's international relations and trade processes.
- Approving Council officer participation in an international mission that is assessed to be of value to the region under this Policy
- Approving Council officer participation in an international mission that may be identified after the approval each year of Council's annual program of international missions.
- Authorisation of programs developed within or as a result of an international or trade agreement.
- Ensuring commitments are delivered in relation to international delegations and missions.

## Measurement of success

A report compiled by the Economic and Community Development Group will be provided to the Chief Executive Officer at the end of each financial year providing an assessment of Council's annual international missions program.

Information will also be included in Council's Annual Report.

This policy will be reviewed as required to:

- ensure it remains consistent with the strategic and resource priorities of Council; and
- apply any specific learnings from the development and management of international agreements, missions and delegations.
