# 4. SEPARATE CHARGES

Environment Levy

Pursuant to section 94 of the Local Government Act 2009 and section 103 of the Local Government Regulation 2012, Council make and levy a separate charge, to be known as the "Environment Levy", in the sum of \$82 per rateable assessment, to be levied equally on all rateable land in the region, for the purposes of funding a range of strategic environmental management initiatives in accordance with Council's Environment Levy Policy.

# Arts & Heritage Levy

Pursuant to section 94 of the Local Government Act 2009 and section 103 of the Local Government Regulation 2012, Council make and levy a separate charge, to be known as the "Arts & Heritage Levy", in the sum of \$18 per rateable assessment, to be levied equally on all rateable land in the region, for the purposes of funding a range of arts and cultural heritage initiatives in accordance with the goals and strategies endorsed within the Sunshine Coast Heritage Plan 2021-2031, the Sunshine Coast Arts Plan 2018-2038, in accordance with Council's Arts & Heritage Levy Policy.

#### Transport Levy

Pursuant to section 94 of the Local Government Act 2009 and section 103 of the Local Government Regulation 2012, Council make and levy a separate charge, to be known as the "Transport Levy", in the sum of \$47 per rateable assessment, to be levied equally on all rateable land in the region, for the purposes of funding strategic transport infrastructure, services and initiatives, including major initiatives in the region in accordance with Council's Transport Levy Policy.

22 JUNE 2023

5. SPECIAL RATES AND CHARGES

Montville Beautification Levy

- (a) Pursuant to section 94 of the Local Government Act 2009 and section 94 of the Local Government Regulation 2012, Council make and levy a special rate to be known as the "Montville Beautification Levy" of 0.0983 cents in the dollar of rateable valuation with a minimum of \$292 per annum, on all rateable land to which the overall plan applies (as delineated on Map 1 below), to fund the development, management and operation of the Montville Town Centre Beautification and Improvement Project.
- (b) The overall plan for the Montville Beautification Levy was first adopted by Council at its 2021/2022 budget meeting. This overall plan was amended by Council at its 2022/2023 budget meeting. For 2023/2024, the overall plan is further amended by way of increasing the estimated cost of carrying out the overall plan to \$240,337, and extending the estimated time for implementing the overall plan by 2 years to 30 June 2026.

Map 1 - Montville Beautification Levy Benefit Area

- (c) The rateable land or its occupier specially benefits from the service, facility or activity funded by the special rate because the additional works and improvements to the Montville Town Centre provide increased accessibility and amenity over and above the standard level of service applied by Council.
- (d) For the 2023/24 financial year, the annual implementation plan is as follows:
  - The actions or process to be undertaken pursuant to the overall plan include:
  - *i.* Design and development of the works for, and/or works for access to, the Montville Town Centre in preparation for implementation during the period of the overall plan;
  - ii. provision of the works to increase amenity, and/or access to, the Montville Town Centre, including beautification and improvements over and above the standard level of service applied by Council;
  - iii. managing, maintaining, operating and developing the Montville Town Centre Beautification and Improvement Project undertaken or proposed to be undertaken

**Sunshine Coast Regional Council** 

SM Minutes Page 27 of 43

#### 22 JUNE 2023

by the Council, which provides increased accessibility and amenity over and above the standard level of service applied by Council.

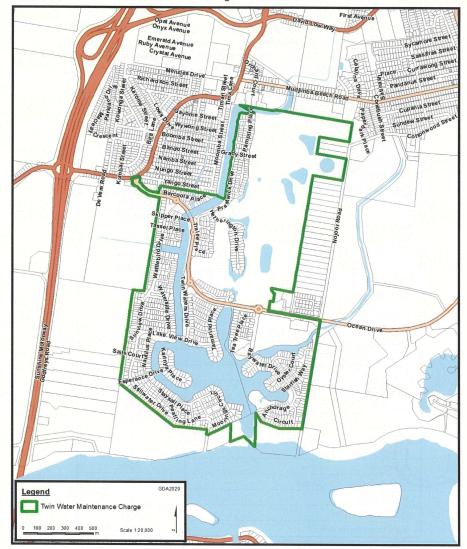

The estimated cost of the Annual Implementation Plan for 2023/24 is \$47,500.

- Twin Waters Maintenance Charge
- (a) Pursuant to section 94 of the Local Government Act 2009 and section 94 of the Local Government Regulation 2012, Council make and levy a special charge to be known as the "Twin Waters Maintenance Charge", of \$1344 for Living Choice Twin Waters Retirement Village (property number 89200), of \$647 for the Twin Waters Aged Care Home (property number 247510) and \$130 for all other rateable land to which the overall plan applies (as delineated on Map 2 below), to fund a landscaping and maintenance service to the Twin Waters Residential Community over and above the standard level of service applied by Council.
- (b) The overall plan for the Twin Waters Maintenance Charge was first adopted by Council at its 2021/2022 budget meeting. This overall plan was amended by Council at its 2022/2023 budget meeting. For 2023/2024 the overall plan is further amended by way of increasing the estimated cost of carrying out the overall plan to \$662,243, and extending the estimated time for implementing the overall plan by 1 year to 30 June 2026.
- (c) The rateable land or its occupier specially benefits from the service, facility or activity funded by the special charge as they reside in the area delineated on Map 2 (below) where the service, facility or activities undertaken provide a landscaping and maintenance service to the Twin Waters Residential Community over and above the standard level of service applied by Council. Further, due to their size and number of residents, the amount of the special charge applicable to the Living Choice Twin Waters Retirement Village (property number 89200) and to the Twin Waters Aged Care Home (property number 247510) is larger than the special charge payable by all other rateable land to which the overall plan applies.
- (d) For the 2023/24 financial year, the annual implementation plan is as follows:

The actions or process to be undertaken include providing a landscaping and maintenance service within the Twin Waters Maintenance Charge Benefit Area (Map 2 below refers) over and above the standard level of landscaping and maintenance services applied by Council. The estimated cost of the Annual Implementation Plan for 2023/24 is \$122,320.

Map 2 - Twin Waters Maintenance Charge Benefit Area

Rural Fire Charge

- (a) Pursuant to section 94 of the Local Government Act 2009 and section 94 of the Local Government Regulation 2012, Council make and levy a special charge to be known as the "Rural Fire Charge" of \$25, on all rateable land to which the overall plan applies, to fund rural fire brigades within Sunshine Coast Regional Council local government area to meet their operational costs and to acquire and maintain the necessary equipment to conduct their activities.
- (b) The overall plan for the Rural Fire Charge is as follows:
  - i. The service, facility or activity for which the overall plan is made is mentioned in Appendix 3 of the 2023/24 Revenue Statement and is to fund rural fire brigades within the Sunshine Coast Regional Council local government area by providing

**Sunshine Coast Regional Council** 

SM Minutes Page 29 of 43

#### 22 JUNE 2023

funding for the purchase of equipment and operational costs and training initiatives required by the Queensland Fire and Emergency Services.

*ii.* The rateable land to which the overall plan applies is mentioned in Appendix 3 of the 2023/24 Revenue Statement and applies to all rateable land not included within the Urban Fire Service Area and which falls within the Gazetted Rural Fire Brigade area maps for the Rural Fire Brigades listed in the table below.

Rural Fire Board Area	Annual Charge	
Belli Park	\$25	
Bli & District	\$25	
Conondale	\$25	
Beerwah & District	\$25	
Crystal Waters Village	\$25	
Doonan	\$25

Peachester	\$25	
Starlight	\$25	
Valdora/Yandina Creek	\$25	
Verrierdale	\$25	
West Woombye	\$25	
Yandina/North Arm	\$25	

- iii. The estimated cost of carrying out the overall plan is \$559,300.
- iv. The estimated time for carrying out the overall plan is one year concluding on 30 June 2024.
- (c) The rateable land or its occupier specially benefits from the fire emergency response capability that is provided by the Rural Fire Brigades, whose capability would be substantially or completely diminished if the Rural Fire Brigades did not receive the funding provided to them by Council as a direct consequence of the levying of the special charge.

Brightwater Estate Landscaping Charge (a) Pursuant to section 94 of the Local Government Act 2009 and section 94 of the

**Sunshine Coast Regional Council** 

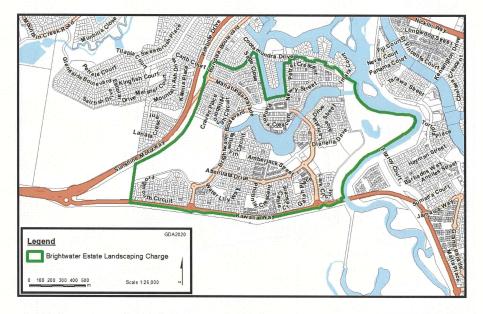

SM Minutes Page 30 of 43

#### 22 JUNE 2023

Local Government Regulation 2012, Council make and levy a special charge to be known as the "Brightwater Estate Landscaping Charge" of \$2496 for Brightwater Shopping Centre (property number 232054), \$1248 for Brightwater Hotel (property number 232595) and \$96 for all other properties, on all rateable land to which the overall plan applies (as delineated on Map 3 below), to fund a landscaping and maintenance service to the Brightwater Estate over and above the standard level of service applied by Council.

(b) The overall plan for the Brightwater Estate Landscaping Charge was first adopted by Council at its 2021/2022 budget meeting. This overall plan was amended by Council at its 2022/2023 budget. For 2023/2024 the overall plan is further amended by way of increasing the estimated cost of carrying out the overall plan to \$1,112,865, and extending the estimated time for implementing the overall plan by 1 year to 30 June 2026.

Map 3 - Brightwater Estate Landscaping Charge Benefit Area

- (c) The rateable land or its occupier specially benefits from the service, facility or activity funded by the special charge as they reside in the area delineated on Map 3 (above) where the service, facility or activities undertaken provide a landscaping and maintenance service to the Brightwater Estate, over and above the standard level of service applied by Council. Further, due to size and patronage, the amount of the special charge applicable to the Brightwater Shopping Centre (property number 232054) and Brightwater Hotel (property number 232595) is larger than the special charge payable by all other rateable land to which the overall plan applies.
- (d) For the 2023/24 financial year, the annual implementation plan is as follows:

The actions or process to be undertaken include providing a landscaping and maintenance service within the Brightwater Estate Landscaping Charge Benefit Area (Map 3 above refers) over and above the standard level of landscaping and maintenance services applied by Council. The estimated cost of the Annual Implementation Plan for 2023/24 is \$211,002.

### 22 JUNE 2023

#### 6. WASTE MANAGEMENT UTILITY CHARGES

Pursuant to section 7 of the Waste Reduction and Recycling Regulation 2011, the entire local government area governed by the Sunshine Coast Regional Council is designated by Council as a waste collection area.

Pursuant to section 94 of the Local Government Act 2009 and section 99 of the Local Government Regulation 2012, Council make and levy waste management utility charges, for the supply of waste management services by the Council as follows:

- (a) Council identifies the following categories of waste as follows:
  - *i.* Recyclable Waste is clean and inoffensive waste that is accepted by Council under Council's waste recycling service for the local government area of Council.
  - ii. Garden Organics is grass cuttings, trees, tree prunings, bushes or shrubs, or similar matter produced as a result of the ordinary use or occupation of premises no bigger than 200 millimeters (mm) in any direction.
  - iii. Commercial waste is waste, other than garden organics, recyclable waste, interceptor waste or waste discharged to a sewer, produced as a result of the ordinary use or occupation of commercial premises.
  - iv. Domestic waste is waste other than, domestic clean-up waste, garden organics, recyclable waste, interceptor waste or waste discharged to a sewer produced as a result of the ordinary use or occupation of domestic premises.
  - v. General waste is waste other than regulated waste; and any of the following, commercial waste, domestic waste, recyclable waste or garden organics.

(b) Council identifies the following approved standard waste containers and categories of waste that may be stored within them as follows: 140 litre waste container for domestic waste 240 litre waste container for domestic or commercial waste or garden organics 660 litre low noise waste container for domestic or commercial waste 1100 litre low noise waste container for domestic or commercial waste 1m<sup>3</sup> waste container for domestic or commercial waste 1.5m<sup>3</sup> waste container for domestic or commercial waste 2m<sup>3</sup> waste container for domestic or commercial waste 3m<sup>3</sup> waste container for domestic or commercial waste 4.5m<sup>3</sup> waste container for commercial waste 17m<sup>3</sup> compactor waste container for commercial waste 19m<sup>3</sup> compactor waste container for commercial waste 23m<sup>3</sup> compactor waste container for commercial waste 240 litre waste container for garden organics 660 litre low noise waste container for garden organics 1100 litre low noise waste container for garden organics 240 litre waste container for recyclable waste 360 litre waste container for recyclable waste 660 litre low noise waste container for recyclable waste 1100 litre low noise waste container for recyclable waste 1m<sup>3</sup> waste container for recyclable waste 1.5m<sup>3</sup> waste container for recyclable waste

Definitions of the terms used in the above table are detailed in section 5.3 of the 2023/24 Revenue Statement.

The charges detailed below in Table 3 shall apply to domestic premises and the V. charges detailed below in Table 4 shall apply to commercial premises within the Maroochydore City Centre Priority Development Area which are directly or indirectly connected to the Automated Waste Collection Service (AWCS) of Council. The commercial premises and domestic premises subject to the Maroochydore City Centre Priority Development Area Waste Management Utility Charge fall within the area delineated on Map 6 below and as also detailed in section 5.2 of the 2023/24 Revenue Statement. The waste management utility charges, which apply to commercial premises and domestic premises within the Maroochydore City Centre Priority Development Area are in lieu of waste management utility charges calculated in accordance with Table 1 and Table 2 above, except as outlined in section 5.2.3 of the 2023/24 Revenue Statement. A minimum charge of \$781 per annum per premises will apply if the premises are commercial premises Type 1 within the Maroochydore City Centre Priority Development Area. A minimum charge of \$226.50 per annum per premises will apply if the premises are commercial premises Type 2 within the Maroochydore City Centre Priority Development Area. Appendix 8 in the 2023/24 Revenue Statement defines Type 1 and Type 2 commercial premises.

Table 3. Maroochydore City Centre Priority Development Area – Waste Management Utility Charge – Domestic Premises

Particulars of Premises	Criteria for Charge	Total Annual Charge
	1 bedroom	\$226.50
Domestic premises	2 bedrooms	\$241.50
	3 or more bedrooms	\$256.00

### 7. INTEREST

(

Pursuant to section 133 of the Local Government Regulation 2012, compound interest on daily rests at the rate of eleven point six four percent (11.64%) per annum is to be charged on all overdue rates or charges.

**Sunshine Coast Regional Council** 

22 JUNE 2023

SM Minutes Page 39 of 43

22 JUNE 2023

#### 8. LEVY AND PAYMENT

Pursuant to section 107 of the Local Government Regulation 2012 and section 114 of the Fire and Emergency Services Act 1990, Council's rates and charges, and the State Government's Emergency Management Levy be levied:

for the half year 1 July to 31 December - in July and

for the half year 1 January to 30 June - in January.

Pursuant to section 118 of the Local Government Regulation 2012, that Council's rates and charges, and the State Government's Emergency Management Levy, be paid within 31 days after the date of issue of the rate notice.

### 9. PAYING RATES AND CHARGES BY INSTALMENTS

Pursuant to section 129 of the Local Government Regulation 2012, Council will allow rates and charges for each six month rating period during the 2023/24 financial year to be paid by fortnightly or monthly instalments during the relevant rating period, subject to the requirements in section 2.6.2 of the 2023/24 Revenue Statement.

### 10. CONCESSIONS

(a) Pursuant to sections 120,121 and 122 of the Local Government Regulation 2012, Council grants a concession, subject to the conditions set out in section 2.3 in the 2023/24 Revenue Statement, by way of a rebate of part of the differential general rate levied for the amounts detailed in Table 6 (below) in accordance with criteria detailed in Table 6 below and detailed in section 2.3 in the 2023/24 Revenue Statement, for those ratepayers who qualify for the Queensland Government Pensioner Rate Subsidy and have owned property within the Sunshine Coast Regional Council local government area for the preceding three years, or have paid rates on property within the Sunshine Coast Regional Council local government area for five of the last ten years so long as the gap between ownerships in this period does not exceed twelve months.

For ratepayers who are holders of the Repatriation Health (Gold) Card issued by the Department of Veterans' Affairs who have been classified as Totally and Permanently Incapacitated, the three year property ownership provision and the provision for payment of rates for five of the last ten years (with a gap less than twelve months), are waived.

charges levied to a ratepayer for a property within rating categories 1, 6 to 15, 28 and 30, if Council are satisfied the criteria in section 2.4.1 in the 2023/24 Revenue Statement have been met upon assessment of the required application and subject to the conditions set out in section 2.4.1 in the 2023/24 Revenue Statement.

(c) Pursuant to section 120, 121 and 122 of the Local Government Regulation 2012, Council grants a concession by way of an agreement to defer payment of differential general rates levied for those ratepayers who meet the qualifying criteria detailed in section 2.4.2.1 in the 2023/24 Revenue Statement for a property within rating categories 1, 6 to 15, 28 and 30, if Council are satisfied the criteria in the 2023/24 Revenue Statement have been met upon assessment of the required application and subject to the conditions set out in section 2.4.2 in the 2023/24 Revenue Statement.

(d) Pursuant to section 120, 121 and 122 of the Local Government Regulation 2012, Council grants a concession by way of an agreement to defer payment of differential general rates levied for those ratepayers who meet the qualifying criteria detailed in section 2.4.2.2 in the 2023/24 Revenue Statement, if Council are satisfied the criteria in the 2023/24 Revenue Statement have been met upon assessment of the required application and subject to the conditions set out in section 2.4.2 in the 2023/24 Revenue Statement.

(e) Pursuant to section 120, 121 and 122 of the Local Government Regulation 2012, Council grants a concession subject to the conditions set out in section 2.4.3 in the 2023/24 Revenue Statement by way of a rebate of the differential general rates levied where land is owned and directly used by an entity whose objects do not include making a profit or owned and directly used by an entity that provides assistance or encouragement for arts or cultural development, if Council are satisfied the criteria and conditions in section 2.4.3 in the 2023/24 Revenue Statement have been met upon assessment of the required application and the entity is one of the following:

- Boy Scout and Girl Guide Associations
- Surf Lifesaving and Coastguard organisation
- Community Sporting Organisation Not for profit organisations without a commercial liquor licence or a community club liquor licence
- Community Cultural or Arts Organisation Not for profit organisations without a commercial liquor licence or a community club liquor licence
- Charitable Organisations
  - (a) Not for profit organisation; and
  - (b) Registered as a charity institution or a public benevolent institution; and
  - (c) Providing benefits directly to the community; and
  - (d) Endorsed by the Australian Tax Office Charity Tax Concession.

Carried unanimously.

### Notification of Interest

In accordance with s150EQ(3)(c) of the *Local Government Act 2009* Councillor J Natoli gave notice of a Declarable Conflict of Interest in relation to Agenda Item 8.1 Development Permit For An Other Change - Material Change Of Use Of Premises To Extend An Existing Intensive Animal Industry (Poultry Farm), Including An Environmentally Relevant Activity (Poultry Farming), Additional Sheds And Driveway Located At 325 & 367 Red Road Beerburrum.

*I*, Councillor Joe Natoli, notify that I have a Declarable Conflict of Interest in Item 8.1 to be considered at the Ordinary Meeting on 22 June 2023 due to having known John Donald Elks, Director of Woodlands Enterprises Pty Ltd, since the 1980s through my close association with him as we were both members of the Caloundra Cricket Club.

Councillor J Natoli informed the Meeting that he would voluntarily not participate in the decision and left the place at which the meeting was being held, including any area set aside for the public and stayed away while the matter was considered and voted on.

OM Minutes Page 11 of 28

22 JUNE 2023

### Notification of interest – Cr O'Pray

In accordance with s150EQ(3)(c) of the *Local Government Act 2009* Councillor J O'Pray gave notice of a Declarable Conflict of Interest in relation to Agenda Item 8.1 Development Permit For An Other Change - Material Change Of Use Of Premises To Extend An Existing Intensive Animal Industry (Poultry Farm), Including An Environmentally Relevant Activity (Poultry Farming), Additional Sheds And Driveway Located At 325 & 367 Red Road Beerburrum.

I, Councillor Jason O'Pray, notify that I may have a **Declarable Conflict of Interest** in Item 8.1 to be considered at the Ordinary Meeting today, 22 June 2023, due to the fact that my partner, Ms Natasha Poole, is a member of the Animal Justice Party.

I am making this declaration out of an abundance of caution and in doing so, wish to highlight that neither Ms Poole nor the Animal Justice Party have made a submission – either a properly made submission or a not properly made submission - on the development application that is to be considered by Council today.

I am also unaware of any representations made by Ms Poole or the Animal Justice Party to Council in relation to this development application. I can also confirm that neither Ms Poole nor the Animal Justice Party have made any representations to me personally on this application.

In consideration of this Declarable Conflict of Interest – and in particular, the very remote nature of any such interest, if indeed an interest exists - I am of the opinion that I can participate in the discussion and vote on the matter and in doing so, my participation will not lead to a decision that is contrary to the public interest.

Further I acknowledge the eligible Councillors must by resolution, decide my participation or otherwise in making a decision on the matter.

### **Council Resolution**

Moved: Councillor M Suarez Seconded: Councillor E Hungerford

In accordance with s150ES(3)(b)(i) of the Local Government Act 2009, that despite Councillor J O'Pray's conflict of interest, Councillor J O'Pray may participate in the discussions and decision relating to Agenda Item 8.1 due to the interest not being considered to be sufficient to undermine the ability of the Councillor to form an impartial view and exercise their vote in the public interest.

Carried unanimously.

In accordance with s150ET(2) of the *Local Government Act 2009*, Councillor J O'Pray was not eligible to vote, and did not vote on this matter.

Councillor J Natoli was absent for the vote on this motion.

Sunshine Coast Regional Council

OM Minutes Page 12 of 2

22 JUNE 2023

### **ORDINARY MEETING MINUTES**

### Motion

### Moved: Councillor R Baberowski Seconded: Councillor P Cox

That Council:

- (a) receive and note the report titled "Development Permit for an Other Change -Material Change of Use of Premises to Extend an Existing Intensive Animal Industry (Poultry Farm), Including an Environmentally Relevant Activity (Poultry Farming), Additional Sheds and Driveway located at 325 & 367 Red Road BEERBURRUM"
- (b) REFUSE Application No. 1999/510068.01 for the following reasons:
  - 1. Scale and Intensity:

The proposed development departs from the Purpose and Overall Outcome (2)(v)(ii) of the Rural Zone Code as the use is not appropriate when considered with regard to its location, nature, scale and intensity.

2. Environmental Impacts:

The proposed development departs from the Purpose and Overall Outcome (2)(b) and (q) of the Rural Zone Code as adverse environmental impacts are not avoided or appropriately managed in the proposal.

3. Agricultural land:

The proposed development:

- (a) will alienate or fragment agricultural land class A and class B land the applicant has not demonstrated that:
  - (i) there is an overriding need for the proposed development in terms of public benefit; and
  - (ii) no other site is suitable for the purpose such as that proposed by the proposed development.
- (b) will not conserve the productive characteristics of agricultural land class A and class B.

Accordingly, the proposed development does not comply with Overall Outcome 6.2.19.2(2)(j) of the Rural zone code.

4. Amenity:

It has not been demonstrated that:

(a) the proposed development will not result in unacceptable noise impacts on the surrounding sensitive uses.

Accordingly, there is non-compliance with the Rural Zone Code Overall Outcome 6.2.19.2(2)(b) and (g).

5. Suitability of site and proposed setbacks:

The proposed development constitutes an 260% material increase in the intensive rural use on a site that does not meet the minimum lot size requirements or provide for adequate setbacks.

Accordingly there is non-compliance with the Rural uses code Overall Outcome 9.3.16(2)(d) and Performance outcomes PO2 and PO3.

6. Rural activities and amenity:

As a consequence of the issues set out in reasons 1 to 3 above, the proposed development will result in unacceptable impacts on the existing and future rural activities on the subject land and surrounding area and the rural amenity

#### 22 JUNE 2023

## 11.1 CONFIDENTIAL - NOT FOR PUBLIC RELEASE - LAND ACQUISITION (EASEMENT) - NAMBOUR

File No:	F22/00017
Author:	Principal Property Officer Business Performance Group

In preparing this report, the Chief Executive Officer recommends it be considered confidential in accordance with Section 254J(3) (h) *of the Local Government Regulation 2012* as it contains information relating to negotiations relating to the taking of land by the local government under the *Acquisition of Land Act 1967*.

This report is confidential in respect to the content and timeframes of negotiations with the land owner and recognising that, until a voluntary acquisition is settled or a compulsory acquisition is gazetted, the acquisition has no certainty.

Public disclosure at this time would potentially impact adversely on the negotiation process and Council's ability to secure the land parcels at market value. Further, it would potentially impact the compulsory acquisition process under the *Acquisition of Land Act 1967* (ALA) by releasing information that is still subject to change prematurely instead of as part of the resumption process under the ALA, which formally commences with the serving of a Notice of Intention to Resume and associated background information, current at that time, on the affected land owner.

## Council Resolution (OM23/66)

#### Moved: Councillor D Law Seconded: Councillor J Natoli

That Council:

- (a) delegate authority to the Chief Executive Officer to commence the process under the Acquisition of Land Act 1967 to acquire the following land for a public thoroughfare easement:
  - (i) part of Lot 6 RP75717 and
  - (ii) part of Lot 8 RP75717
- (b) note that if there is an objection to a Notice of Intention to Resume, a report on the objection will be presented to Council for it to consider and decide whether Council should make an application to the Minister to take the land for a public thoroughfare easement under section 9 of the Acquisition of Land Act 1967, amend the Notice of Intention to Resume or discontinue the resumption
- (c) delegate authority to the Chief Executive Officer to make an application to the Minister for Resources to take the land for a public thoroughfare easement under section 9 of the Acquisition of Land Act 1967, provided that no objections are received and
- (d) delegate authority to the Chief Executive Officer to settle the claims for compensation if a public thoroughfare easement is compulsorily acquired.
   Carried unanimously.

### Traditional Acknowledgement

Sunshine Coast Council acknowledges the Sunshine Coast Country, home of the Kabi Kabi peoples and the Jinibara peoples, the Traditional Custodians, whose lands and waters we all now share.

We recognise that these have always been places of cultural, spiritual, social and economic significance. The Traditional Custodians' unique values, and ancient and enduring cultures, deepen and enrich the life of our community.

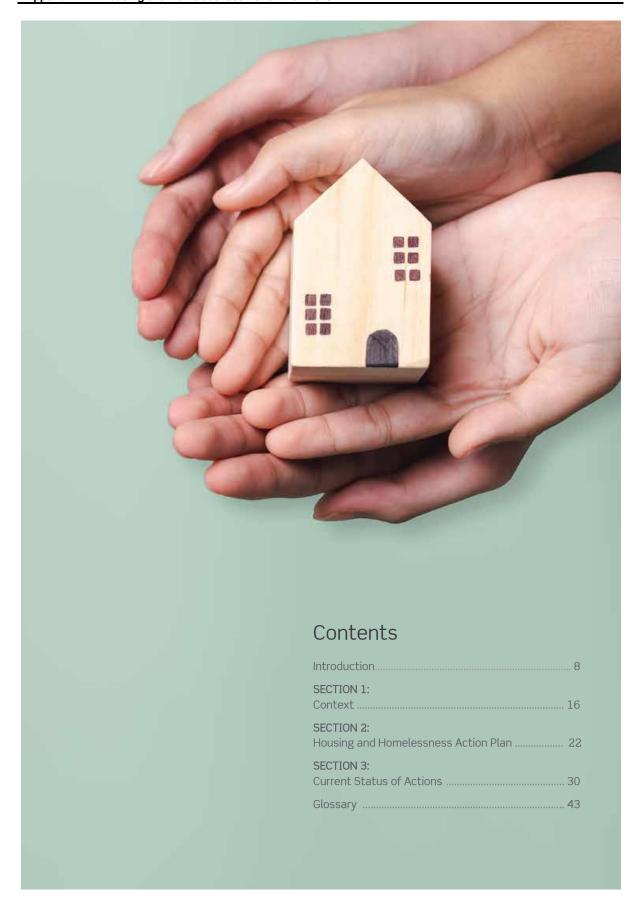

We commit to working in partnership with the Traditional Custodians and the broader First Nations (Aboriginal and Torres Strait Islander) communities to support self-determination through economic and community development.

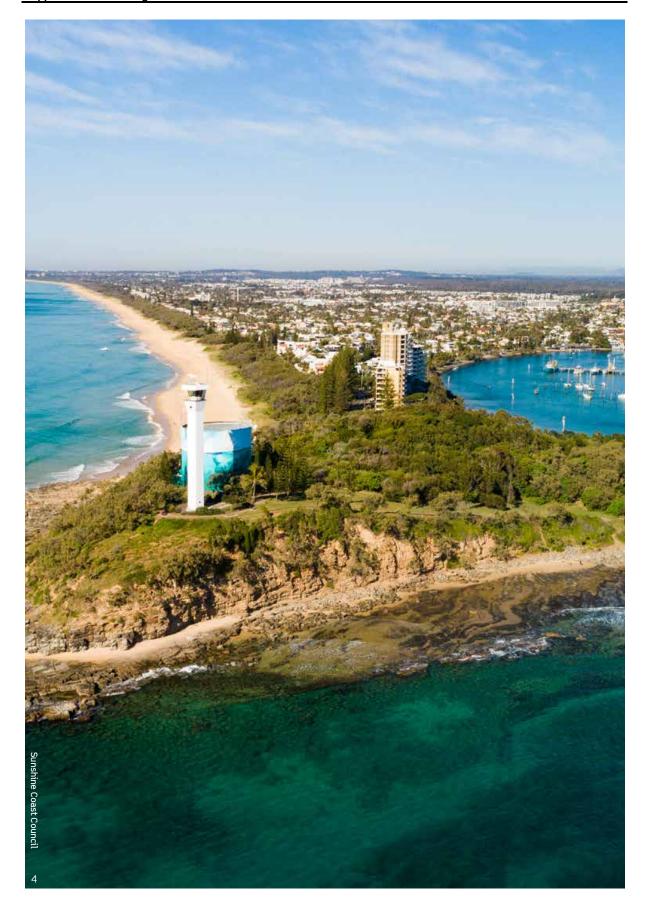

Truth telling is a significant part of our journey. We are committed to better understanding the collective histories of the Sunshine Coast and the experiences of First Nations peoples. Legacy issues resulting from colonisation are still experienced by Traditional Custodians and First Nations peoples.

We recognise our shared history and will continue to work in partnership to provide a foundation for building a shared future with the Kabi Kabi peoples and the Jinibara peoples.

We wish to pay respect to their Elders — past, present and emerging, and acknowledge the important role First Nations peoples continue to play within the Sunshine Coast community.

Together, we are all stronger.

# Message from the Mayor

# The Sunshine Coast continues to record high population growth rates with people choosing our region as a great place to live, work and play.

That said, like many regions in South East Queensland and across Australia, the Sunshine Coast is experiencing significant housing affordability challenges and increased levels of homelessness.

The housing sector is complex with many factors influencing supply and demand, including financial regulation by Federal and State Governments. It is important that business, industry and all tiers of government work together to ensure everyone feels welcome on the Sunshine Coast and our communities continue to thrive.

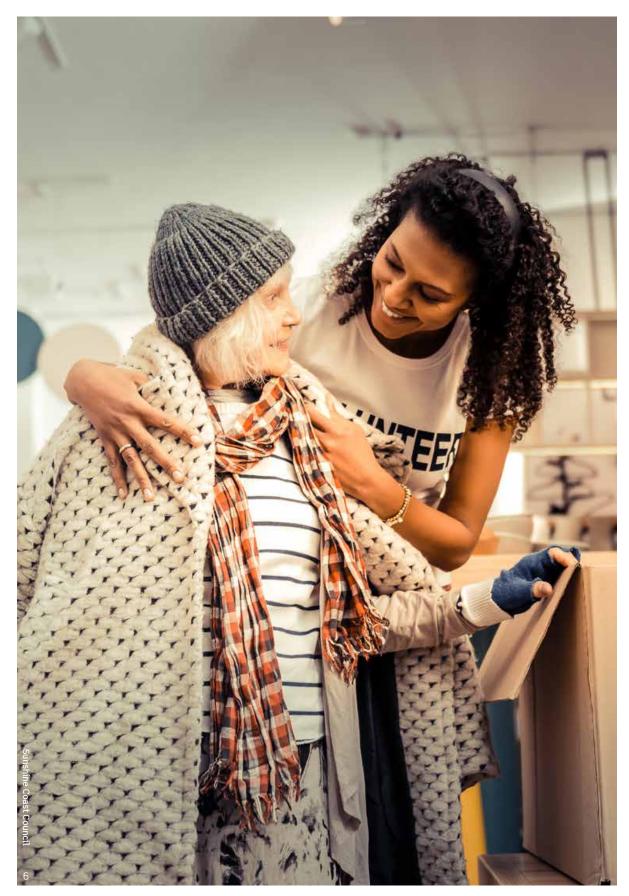

As a local government, Council has a part to play in establishing policies that influence the housing sector, from land use planning, managing development, planning and provision of infrastructure as well as financial factors that include setting rates, infrastructure charges and development application fees. The Sunshine Coast Housing and Homelessness Action Plan 2023 builds on Council's existing commitments to provide guidance and establish new initiatives directed at achieving a more secure housing future for our community. Through the five key action areas of:

- Delivery
- Facilitation
- Advocacy
- Building Capacity and
- Building our Knowledge.

The Plan sets out how Council can contribute to more diverse, affordable living outcomes for our community and reduce the impacts and risk of homelessness in our region.

Together we can realise our vision to be a healthy, smart and creative region and ensure that everyone has access to a safe and secure home.

Sunshine Coast Council Housing and Homelessness Action Plan 2023 / July 2023

Chief Executive Officer

# Message from the CEO

Sunshine Coast Council has a goal to ensure our communities are connected and thriving places where people are included, treated with respect and opportunities are available to all.

Our Council recognises housing is a basic need through all stages of life, and it is important that we all have a safe and secure place to call home.

Providing affordable and accessible housing is not only responding to a basic human need, but it is critical the skills needed in our region and building the capacity for our businesses and the economy to prosper.

Achieving our goal requires all stakeholders in the housing sector to work together with urgency, care and respect to provide housing choices that meet the diverse needs of our current and future residents.

Our Council acknowledges the important role it plays in the coordinated and integrated approach that is necessary to achieving a healthy, inclusive and sustainable housing market on the Sunshine Coast. This action plan demonstrates Council's commitment to working alongside other tiers of government, industry and businesses to take collaborative action to address housing affordability and reduce homelessness within our region.

The Sunshine Coast Housing and Homelessness Action Plan 2023 is intended to augment the plans of other stakeholders. It specifically guides Council's focus to improve housing options and build the community's capacity to respond to homelessness.

With all stakeholders working together we can support an inclusive and strong community, with opportunities for everyone.

Sunshine Coast Council Housing and Homelessness Action Plan 2023 / July 2023

# Introduction

Access to housing is a human right recognised internationally by the United Nations. Access to adequate housing is fundamental to the social and economic wellbeing of individuals, families and communities.

Sunshine Coast, in common with many other parts of our state and the nation, is experiencing a "housing crisis", driven largely by declining housing affordability. Housing affordability is defined as the impacts of the prevailing economic, financial and social costs associated with housing demand and supply, that may constrain the ability of households to own or rent their own home and represents the underlying costs of developing housing for the market.

The Sunshine Coast region is a popular lifestyle location with significant economic growth opportunities, resulting in population growth. The pressures of growth were heightened during the COVID-19 pandemic, resulting in sustained decrease in rental vacancies and a surge in rental costs and housing prices.

Council has been actively advocating, planning and facilitating housing and community support services consistently for a number of years. The Housing and Homelessness Action Plan 2023 (Housing and Homelessness Action Plan) has been prepared to advance Council's advocacy and facilitation role and investigate opportunities to deliver affordable housing for our community and extend our support to reduce homelessness within our community.

Sunshine Coast Council 🛛 🗠

Council has been actively advocating, planning and facilitating housing and community support services consistently for a number of years

# Purpose

The Housing and Homelessness Action Plan reinforces Council's commitment to facilitating affordable and diverse housing options and building our community capacity in responding to homelessness.

The Housing and Homelessness Action Plan has been produced based on the strategic directions of Sunshine Coast Council's Regional Strategies which include:

- Environment and Liveability Strategy 2017
- Sunshine Coast Community Strategy 2019-2041
- Regional Economic Development Strategy 2013-2033

The Housing and Homelessness Action Plan is also underpinned by Sunshine Coast Council's Corporate Plan and Operational Plan.

The Sunshine Coast Housing and Homelessness Action Plan augments and supports the actions, strategies and responsibilities undertaken by the Federal Government and the State Government with regard to Housing and Homelessness. It is not Council's intention to deliver community and social housing. This is the role of State and Federal Governments.

The private sector is a major contributor to the delivery of housing and associated infrastructure. It is important that Council works with the private sector through advocacy and facilitation to achieve the desired outcomes. This includes not-for-profit and community organisations which play a vital role in supporting our diverse community.

The successful delivery of improved housing and homelessness is reliant on a collaborative and integrated approach between industry, government and community. This Action Plan frames the collaboration and integration necessary to achieve the outcomes to support the community of the Sunshine Coast.

The Sunshine Coast Housing and Homelessness Directory is a guide containing details for organisations that are providing services to people at risk of homelessness and those experiencing homelessness. Click on the directory to view more.

Sunshine Coast Council Housing and Homelessness Action Plan 2023 / July 2023

# United Nations Sustainable Development Goals

As we advance our vision as Australia's most sustainable region — Healthy. Smart. Creative. the environmental, social, cultural and economic activities across the region must be carefully balanced to ensure we advance our vision sustainably.

The United Nations Sustainable Development Goals (UNSDGs) for peace, prosperity, people and planet provide a comprehensive and internationally recognised framework for us to collectively align the way we each live, work, learn and play every day and form an important foundation of the performance measurement framework of our Biosphere.

Council is demonstrating regional leadership by committing to embed the UNSDGs in our strategies, plans and associated progress reporting. Each Corporate Plan goal identifies how it contributes to the UNSDGs and, in doing so, assists to progress our Sunshine Coast Biosphere aim and objectives.

# Our global commitment

As we advance our vision as Australia's most sustainable region - Healthy. Smart. Creative. the environmental, social, cultural and economic actions we undertake must meet our value of being sustainable.

Towards this end, this Plan embeds the United Nations Sustainable Development Goals (UNSDGs) into its actions. The United Nations Sustainable Development Goals for peace, prosperity, people and planet provide a comprehensive and internationally recognised framework to collectively align the way we each live, work, learn and play every day.

UNSDG 11 — Sustainable Cities and Communities, of the 17 United Nations Sustainable Development Goals, is about making cities and human settlements inclusive, safe, resilient and sustainable. If well planned and managed, urban development can be sustainable and can generate inclusive prosperity. This includes United Nations Sustainable Development Goal 11.1 that seeks to ensure access for all to adequate, safe and affordable housing and basic services. The Housing and Homelessness Action Plan recognises that access to adequate housing is fundamental to the social and economic wellbeing of individuals, families and communities and embeds this United Nations Sustainable Development Goal in all actions of Council in this plan.

UNSDG 1 — No Poverty, of the 17 United Nations Sustainable Development Goals, is about eradicating extreme poverty everywhere. Affordable living is more than the financial cost of living and housing. Affordable living includes the way in which we live, the size and type of housing we choose, the resources we use and how we move around. The provision of diverse affordable living options helps address housing affordability and reduces the risk of poverty, by ensuring people have finances to enjoy a good quality of life, including disposable income for food for all in a household. The Housing and Homelessness Action Plan is about ensuring that there is access to more affordable housing for our diverse community of the Sunshine Coast.

In June 2022, our Sunshine Coast local government area was recognised by the United Nations Educational, Scientific and Cultural Organisation (UNESCO) as a biosphere reserve - where responsible development and people living sustainably sit alongside active conservation.

Our region has joined a global effort of 738 biospheres in 134 countries to balance the environmental, social, cultural and economic needs of today, without compromising the ability to meet the needs of future generations.

Our region's international recognition as a special place where people are living, working, learning and playing sustainably highlights the values of our region that we are seeking to protect and enhance, brings new opportunities and a range of possible benefits to our natural environment, community, lifestyle and economy.

Being recognised as a UNESCO Biosphere reserve and maintaining this credential is our region's commitment to create a positive legacy for future generations. Every resident, visitor, business and government entity has a key role to play in maintaining and enhancing the Sunshine Coast Biosphere reserve for our children, grandchildren and all those who will enjoy the prosperity, beauty and liveability of our region into the future.

Sunshine Coast Council Housing and Homelessness Action Plan 2023 / July 2023

# Sunshine Coast Community Strategy 2019-2041

The Sunshine Coast Community Strategy 2019-2041, focuses on inclusive communities by supporting the growth of social connection and collaboration through a place-based approach. Place-based planning is an enduring concept in this strategy. Outcomes sought include an emphasis on active transport; community facilities, including supporting facilities, parks, open space and civic spaces; affordable living options; smart infrastructure and sense of place in the public realm.

The Sunshine Coast Community Strategy 2019-2041 aims to:

- Empower our community to live healthy and active lifestyles
- Focus on ensuring community places and spaces are vibrant, inclusive, accessible, adaptable and meet the needs of people of all ages, abilities and backgrounds
- Strengthen connection, inclusion, awareness and opportunity for all people in our community
- Build capacity in our communities to be connected, resilient and to respond to local issues
- Nurture creative and innovative approaches to building a strong community.

Related to housing availability, affordability and homelessness, the strategy includes advocacy, partnership and direct action initiatives for Council and the community to progress to 2024. These include action areas such as:

- Collaborating to improve Council engagement and services for people experiencing homelessness
- Advocating for provision of housing, affordable housing, social housing and action on homelessness
- Advocating for provision of universal housing designs to meet the needs of residents with disability and those with mobility issues
- Influencing appropriate use and delivery of community infrastructure, including in new communities, to support access to spaces and services close to home (includes community gardens)
- Active transport investment and behaviour change to
  more sustainable methods of transport
- Capacity building and support for local community organisations, businesses and residents to work together to deliver community-led responses to community issues, including housing availability, affordability and homelessness.

Council will continue to advance the actions under the Sunshine Coast Community Strategy 2019-2041.

# Environment and Liveability Strategy 2017

The Environment and Liveability Strategy 2017, builds a pathway to a healthy environment and liveable Sunshine Coast in 2041 and sets clear policy positions for Neighbourhoods and Housing theme.

The Sunshine Coast is widely acknowledged as a highly desirable place to live, work and play. The Coast has a strong reputation as a lifestyle region, due to its subtropical climate, picturesque coastline and beaches, extensive waterway and wetlands and hinterland ranges. The Sunshine Coast's population is distributed across a range of coastal urban centres, hinterland towns and rural properties, each with its own population characteristics and identity. Over 70% of residents live along the coastal strip. To accommodate future growth, continuing pressure to expand our urban areas results in more land being lost from environmental and agricultural pursuits. This urban expansion into existing natural environments' leads to habitat loss and fragmentation and will adversely impact on the ecological values. This can impact not only the flora and fauna, but waterways, wetlands and coastal waters, which we need for our community's health and wellbeing.

The mix of housing does not match types of people seeking accommodation or their needs as the population changes. There is a shortfall in housing diversity, with approximately 70% of all dwellings on the Sunshine Coast are large, detached dwelling houses with three or more bedrooms, typically in low density neighbourhoods with a high reliance in access by private vehicle use.

Managing growth sustainably, while maintaining a healthy environment and liveable Sunshine Coast is critical for our future health, resilience and economy. The availability of sustainable and affordable living options, supported by timely infrastructure is essential to meet our community's diverse needs. Where we locate and how we accommodate future generations, including options for ageing in place, is fundamental.

Council will continue to undertake its statutory role in planning to achieve these outcomes.

### Affordable Living

Affordable living is more than the financial cost of living and housing. Affordable living includes the way in which we live, the size and type of housing we choose, the resources we use and how we move around. It reflects our relationship with the environment and the way in which neighbourhoods evolve and function.

Diversity of affordable living options provides a mix of dwellings that meet the different needs of a wide range of people in our community. Diversity enables neighbourhoods to provide for changing household formation and structures. It means that people can move between various types of housing, within their community, as their needs, situation or aspirations change. It helps address housing affordability issues and it provides for different lifestyle choices and life stages. A diversity of dwellings caters for a range of household incomes and can contribute visual interest in the streetscape and provides variation in the built form outcomes for residential areas.

This Housing and Homelessness Action Plan includes Action 1, which proposes that Council in partnership develop underutilised and surplus Council land and /or buildings for affordable housing with a strong focus on our key workers. This action is a direct response to the community's need for diverse housing choices, with a variety of tenure, management models, price and lifestyle attributes. It is intended to assist in ensuring that everyone in our community has access to a home.

Sunshine Coast Council

# Regional Economic Development Strategy 2013-2033

The Regional Economic Development Strategy 2013-2033, (REDS) provides a 20-year vision and blueprint for sustainable economic growth. It will help to ensure the region actively participates in the global economy and deliver the lifestyle and opportunities for local residents and businesses alike.

To ensure that the region maintains its natural advantage, the housing sector needs to respond to ensure diverse affordable living opportunities are available to the current and future workforce.

The REDS identifies seven high value industries to grow the economy including health and wellbeing; education and research; professional services and knowledge industries; tourism sport and leisure; agribusiness; clean technologies; aviation and aerospace as well as continuing to support traditional core industries such as construction and retail.

The housing needs of the anticipated workforce required to transition and evolve the Sunshine Coast economy is vital in facilitating the continuation of the Sunshine Coast as an attractive and competitive lifestyle destination for future workers. The anticipated workforce profile is diverse, despite a shift towards higher incomes, there will continue to be a high proportion of lower income earners on the Sunshine Coast, reflecting a continued need for essential but lower paid jobs such as aged and disability care workers, nursing support staff, teacher aides, child care workers, retail sales staff and cleaners.

There continues to be an increasing gap between housing costs and wages, and the high and increasing proportion of one and two person households representing the workforce and community more generally. The proportion of workers in lower incomes is anticipated to remain high and an increasing proportion of workers may struggle to afford housing into the future if the cost of housing continues to increase at a higher rate than wages and the prevalence of large separate houses continues. As such, housing dynamics have the potential to have significant impact upon the economic aspirations of the region.

Council will continue to advance the actions under the Regional Economic Development Strategy 2013-2033.

# Context

The Sunshine Coast is one of the fastest growing Local Government Area's in South East Queensland, with a current population of 356,059 (ABS Estimated Resident Population 2022), which is projected to grow to more than 500,000 by 2041. Housing on the Sunshine Coast is dominated by low density dwellings (with 3 or more bedrooms) representing 73% of all dwellings. Median housing costs and rents are significantly higher than compared to the SEQ region and Queensland as a whole, while median incomes are lower than the Queensland average, however this gap is closing. The number of people experiencing homelessness has increased by 54% from 785 in 2016 to 1,205 in 2021. The Sunshine Coast has a lower proportion of social housing (2% of total residential dwellings in June 2022) compared to 3.6% for SEQ and the state average 4.2%. The rental vacancy rate as of January 2023 was 1%, which is three to four times less than the rate considered suitable.

As a result of this continued pressure on the Sunshine Coast housing system which is affecting our community, Council has prepared a consolidated Housing and Homelessness Action Plan which collates the multitude and various activities undertaken by Council to effect change and support an improved housing system on the Sunshine Coast.

Sunshine Coast Council

SECTION 1: CONTEXT

# Affordability – Income versus Rent (2021 data)

According to the Australian Bureau of Statistics, households that are spending more than 30% of their income on housing costs are likely to be impacted on their ability to afford other living costs such as food, clothing, transport and utilities. Current rental costs are above the 30% of median weekly income for many households.

Sunshine Coast Council Housing and Homelessness Action Plan 2023 / July 2023

SECTION 1: CONTEXT

to gain information and strengthen understanding.

The action plan has been developed based on the strategic directions of Sunshine Coast Council's Regional Strategies which include:

- Environment and Liveability Strategy 2017
- Sunshine Coast Community Strategy 2019-2041
- Regional Economic Development Strategy 2013-2033

The Action Plan is also underpinned by Sunshine Coast Council's Corporate Plan and Operational Plan.

The Sunshine Coast Housing and Homelessness Action Plan augments and does not supplant the actions, strategies and responsibilities undertaken by the Federal Government and State Government with regard to Housing and Homelessness.

Sunshine Coast Council Housing and Homelessness Action Plan 2023 / July 2023

SECTION 2: HOUSING AND HOMELESSNESS ACTION PLAN

## Action 1 – Delivery

# Delivery by demonstrating and doing, including in partnership.

### 1.1 Develop Projects

In partnership, develop underutilised and surplus surplus Council land and / or buildings for affordable housing with a strong focus on our key workers.

# 1.2 Land Identification

Council will undertake regular audits to identify land and / or buildings that may facilitate affordable housing to deliver a pipeline of affordable and key worker housing.

### 1.3 Delivery Models

Council will investigate alternative funding, finance and delivery models to maximise the delivery of affordable housing for our community.

Opportunities for funding include access to State Governments' Housing Investment Fund (HIF) and Federal Governments' funding under the National Housing Accord.

Opportunities to partner with Community Housing Providers to deliver affordable and key worker housing.

# Action 2 - Facilitation

Facilitation by improving pathways and processes.

## 2.1 New Planning Scheme

Council has commenced the preparation of a New Planning Scheme that will include a review of the current planning scheme zones and built form controls to provide increased opportunity for a diversity of housing types and affordable living options to meet projected community needs.

Consistent with Council's long term growth management approach and adopted regional strategies, a key emphasis of the New Planning Scheme will be on facilitating urban consolidation within and close to major centres and existing and planned high frequency public transport corridors. This will mean more housing supply in locations with good access to services, facilities, employment and public transport.

The New Planning Scheme will consider opportunities for more diverse housing types across the region including, but not limited to, dwelling houses (on small lots or with secondary dwellings), dual occupancies, multiple dwellings on a variety of lot sizes and better mixed use development outcomes. Facilitating the use of Council owned land and / or buildings for future community and affordable housing projects and providing further support to community housing providers will also be considered in the drafting of the New Planning Scheme.

Council will continue to engage with the community and stakeholders at key steps during the preparation of the New Planning Scheme.

## 2.2 Development Incentives

Council has established and will continue to support development incentives for the delivery of affordable housing by the not-for-profit sector. These incentives include reduction in infrastructure charges and development application fees. These incentives assist the not-for-profit sector in providing housing for those most disadvantaged and vulnerable in our community.

Development incentives have been developed within the Nambour and Caloundra Centres to support the consolidation and expansion of commercial and residential activity within these localities. These incentives are in the form of infrastructure rebates and will continue until December 2025.

### 2.3 Homelessness

Facilitate and advocate for place based and innovative solutions during inclement and extreme weather events (e.g. neighbourhood safe havens, undercover car parking etc) to provide shelter and connection to services.

Facilitate and support community-led initiatives to provide for temporary transitional accommodation with appropriate wrap-around support services (e.g. sleepbus, safe car parks etc.).

Continue to support and coordinate resources through the Sunshine Coast Housing & Homelessness Network, working with our partners to build capacity of local support services and progress actions to respond to homelessness.

Sunshine Coast Council Housing and Homelessness Action Plan 2023 / July 2023

SECTION 2: HOUSING AND HOMELESSNESS ACTION PLAN

SECTION 2: HOUSING AND HOMELESSNESS ACTION PLAN

# Action 3 - Advocacy

#### Advocacy by urging through engagement.

#### 3.1 Housing

Council will continue to advocate with the Federal and State Governments to continue and expand their investment in the delivery of social and affordable housing including the supporting infrastructure such as public transport to provide affordable living options for all.

Council will continue to advocate to the State Government for ongoing planning reform that streamlines the delivery of affordable housing initiatives.

Council will advocate to the State and Federal Government to ensure that the Brisbane 2032 Olympic and Paralympic Games Legacy projects do not increase homelessness and housing stress.

#### 3.2 Homelessness

Council will continue to advocate to the State and Federal Government for;

- Additional resources for Assertive Outreach Workers (Street to Home Program)
- Additional resources for Housing Specialist Service
- Additional resources for Public Safety Liaison
  Officers who work in public spaces with people who
  are experiencing homelessness to enhance their
  safety, connection and, when appropriate, assist
  linking them with support services
- Increasing the supply of crisis and transitional housing
- Improved resources to ensure coordination through the Sunshine Coast Housing and Homelessness Network.

# Action 4 – Building Capacity

Building Capacity by strengthening relationships, skills, processes and resources.

# 4.1 Outwardly Focused – external to our organisation

Council will continue to Build the Capacity and understanding of our community, community organisations, not-for-profit sector and development industry to deliver and support affordable living options for the community of the Sunshine Coast.

# 4.2 Internally Focused – within our organisation

Council will continue to Build the Capacity of Council staff in responding to homelessness and supporting community led initiatives.

Council will look to identify opportunities for how Council staff can assist, donate or volunteer.

Council will advocate for the provision of safe spaces for people who are experiencing homelessness to access amenities, showers, food, clothing, internet, storage facilities for belongings and other support services.

Sunshine Coast Council Housing and Homelessness Action Plan 2023 / July 2023

SECTION 2: HOUSING AND HOMELESSNESS ACTION PLAN

SECTION 2: HOUSING AND HOMELESSNESS ACTION PLAN

# Action 5 - Building our Knowledge

# Building our Knowledge to gain information and strengthen understanding

#### 5.1 Evidence

Council will continue to gather evidence and undertake research through partnerships, to support and further advance the delivery of affordable living options including new technologies.

## 5.2 Community Education

Council will develop and deliver a community education campaign that:

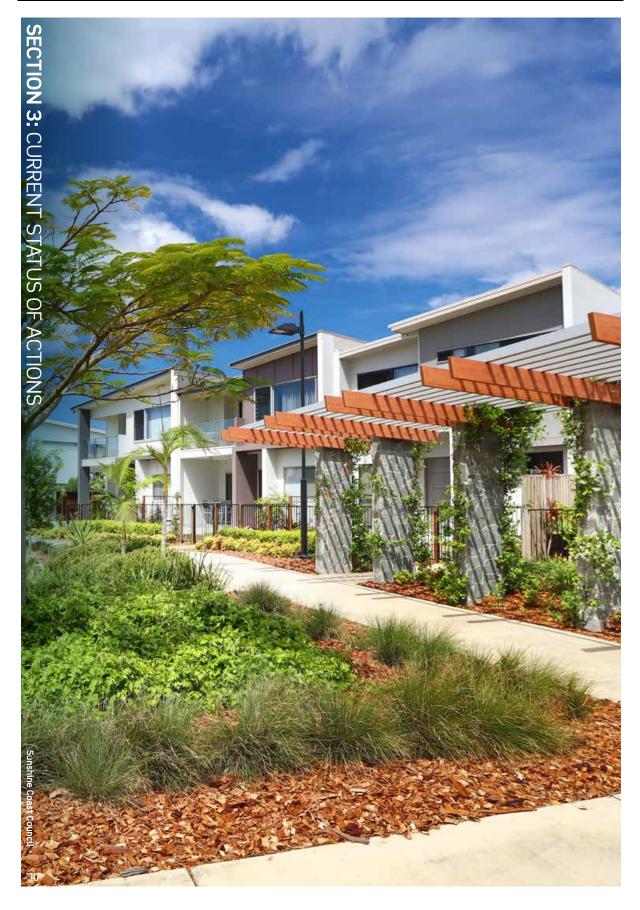

- Raises awareness through "Voices of lived experience"
- Enhances understanding of homelessness and its causes
- Increases community participation as part of the solution.

Sunshine Coast Council provides statistics and interactive maps on demographic data sets including housing. Click on the <u>website</u> to view more useful data.

# Current Status of Actions

Detailed below is a summary of actions undertaken in the five (5) key activity areas identified in the Housing and Homelessness Action Plan. In addition, Council operational activities that assist homeless support and increases the supply of affordable housing are listed.

# Action 1 - Delivery

Delivery by demonstrating and doing, including in partnership.

### 1.1 Develop Projects

In partnership, develop underutilised and surplus Council land and / or buildings for affordable housing with a strong focus on our key workers.

#### Status as of June 2023

Council is currently investigating and scoping the development of dwelling houses and secondary dwellings on underutilised Council land, for temporary and / or long term use.

Council is investigating the conversion of underutilised council buildings for temporary and / or long term use for residential purposes. The intention is to deliver affordable rental dwelling stock to be managed by third parties.

Council is seeking access to external funding sources such as the State Governments' Housing Investment Fund.

# 1.2 Land Identification

Council will undertake regular audits to identify land and / or buildings that may facilitate affordable housing to deliver a pipeline of affordable housing.

Status as of June 2023

Council has completed a land audit to identify land suitable for investigation for development of affordable and key worker housing.

This land audit will be continually updated as Council acquires and reviews its Strategic Property portfolio.

#### 1.3 Delivery Models

Council will investigate alternative funding, finance and delivery models to maximise the delivery of affordable housing for our community.

Opportunities for funding include access to State Governments' Housing Investment Fund (HIF) and Federal Government National Housing Accord.

#### Status as of June 2023

Council is investigating delivery models to deliver affordable and key worker housing (Multiple Dwelling units) on Council controlled land assets.

A preliminary project scope has been prepared for the first site identified for potential development.

Council proposes to submit these projects for funding through the State Governments' Housing Investment Fund and consider further any opportunities that may arise with the Federal Government National Housing Accord.

#### Other activities

Council is working with the Department of Housing, on providing temporary or crisis accommodation for families or persons in need as identified from time to time by the department. This housing provides an interim solution and is not intended to be occupied permanently for this purpose.

Sunshine Coast Council Housing and Homelessness Action Plan 2023 / July 2023

SECTION 3: CURRENT STATUS OF ACTIONS

SECTION 3: CURRENT STATUS OF ACTIONS

## Action 2 - Facilitation

# Facilitation by improving pathways and processes.

### 2.1 New Planning Scheme

Council has commenced the preparation of a New Planning Scheme that will influence settlement patterns, neighbourhood layouts, housing form and major infrastructure delivery including transportation networks.

#### Status as of June 2023

Preliminary community consultation has been undertaken to inform the preparation of the New Planning Scheme.

Council is currently in the detailed drafting phase of the New Planning Scheme.

The New Planning Scheme is anticipated to be completed by the end of 2024.

## 2.2 Development Incentives

Council has established and will continue to support development incentives for the delivery of affordable housing by the not-for-profit sector. These incentives include reduction in infrastructure charges and development application fees.

#### Status as of March 2023

## Council Policy - Infrastructure Charges Rebates for Eligible Community Organisations.

The policy provides rebates for infrastructure charges based on eligible activities.

Residential services are included where the accommodation is for disadvantaged groups. This includes:

- Elderly who are fully dependent on care services
- Housing for physically and intellectually disabled
- Shelters for victims of violence or other forms of persecution
- Temporary accommodation that provides assistance to enable vulnerable, at risk persons to find and transition to an independent standard of living
- Accommodation for persons who are seriously ill, are being treated for or recovering
  from a serious health condition or addiction
- Accommodation for family members supporting seriously ill persons
- Accommodation for disadvantaged groups or individuals.

The rebate eligible for these activities is 100%.

Detailed below is a summary of Rebates provided under this policy.

Rebate Category	2009-2021	2022	2023 Year to date *
Housing for physical and mentally disabled	\$1,381,174	\$272,248	Nil
Housing for Aged Care	\$782,887	Nil	Nil
TOTAL	\$2,164,061	\$272,248	\$O

\* 30 March 2023

Sunshine Coast Council Housing and Homelessness Action Plan 2023 / July 2023

# Incentives

Development incentives have been introduced within the Nambour and Caloundra Centres to support the consolidation and expansion of commercial and residential activity within these localities. These incentives are in the form of infrastructure rebates and will continue until December 2025.

2.2 Development | 'Not-for-profit' Applications that received reduced Development Application Fees:

Financial Year	Number of Applications	Financial Value of Assistance
2019/20	58	\$80,730
2020/21	76	\$237,235
2021/22	65	\$279,293
2022/23	47	\$205,475
Nambour and Caloundra Deve	alonment Incentives.	
		0 December 2025.
Discount requires construction	to be commenced by 3	0 December 2025.
	n to be commenced by 3 \$3,083,961	0 December 2025.

#### 2022/23 Revenue Statement

Council applies a 100% general rate concession on land owned and directly used for a not-for-profit activity by community groups and not-for-profit organisations.

In the 2018/19 Budget Council established differential general rate categories for Transitory Accommodation (holiday letting) and they remain in place. Transitory Accommodation rate categories apply to properties offered or available for rental in a temporary manner, generally associated with holiday letting, and typically for periods less than 42 consecutive days at any one time. If a property is listed or advertised on publicly available websites and/or with real estate agents for holiday letting the property will be rated as Transitory Accommodation. Properties with a documented tenancy agreement for a period of 42 consecutive days or more do not fall within the scope of the Transitory Accommodation rate categories.

Sunshine Coast Council

#### 2.3 Homelessness

Facilitate and advocate for place based and innovative solutions during inclement and extreme weather events (e.g. neighbourhood safe havens, undercover car parking etc) to provide shelter and connection to services.

Facilitate and support community-led initiatives to provide for temporary transitional accommodation with appropriate wraparound support services (e.g. sleepbus, safe car parks etc).

Continue to support and coordinate resources through the Sunshine Coast Housing and Homelessness Network, working with our partners to build capacity of local support services and progress actions to respond to homelessness.

#### Status as of June 2023

Council endorsed the Responding to Homelessness Policy and Guideline in November 2020. Training and support on responding to homelessness for Council staff is being provided on an ongoing basis.

The Homelessness Hub was established in partnership during Covid-19.

Council coordinated the development of the Sunshine Coast Housing and Homelessness Directory.

Council has supported community led initiatives being developed on the Sunshine Coast. They include sleepbus, Roofs to Recovery, Dignity Circle and a transitional housing project for women in Nambour using a 'meanwhile use' model.

Supporting place based solutions during disaster and weather events for persons experiencing homelessness.

Advocated and supported the advancement of a Youth Housing Project in Nambour.

Participated in Place based response Team coordinated by Department of Housing.

Sunshine Coast Council Housing and Homelessness Action Plan 2023 / July 2023

## Action 3 – Advocacy

#### Advocacy by urging through engagement.

### 3.1 Housing

Council will continue to advocate to the Federal and State Governments to continue and expand their investment in the delivery of social and affordable housing including the supporting infrastructure such as public transport to provide affordable living options for all.

Council will continue to advocate to the State Government for ongoing planning reform that streamlines the delivery of affordable housing initiatives.

Council will advocate to the State and Federal Government to ensure that the Brisbane 2032 Olympic and Paralympic Games Legacy projects do not increase homelessness and housing stress.

#### Status as of June 2023

Council successfully advocated to the State to amend the definition for "Secondary dwellings" to permit occupation by persons' unrelated to the primary dwelling in September 2022.

This provides increased opportunities for affordable rental by smaller households, including single parents and lone persons for example.

Council has advocated to the State to review the *Trust Act 1973* in relation to providing longer lease terms available for Nomination of Trust land.

Sunshine Coast has established a Legacy Plan Community Reference Group to shape the regions legacy plan for the Brisbane 2032 Olympic and Paralympic Games.

The Reference Group has launched 10+10+ Vision on 23 January 2023 to guide the engagement with government, private and community sectors. The vision includes considerations for local responses to homelessness and housing as a result of the opportunities and impacts of the Brisbane 2032 Olympic and Paralympic Games.

# SECTION 3: CURRENT STATUS OF ACTIONS

### 3.2 Homelessness

Council will continue to advocate to the State and Federal Government for:

- Additional resources for Assertive Outreach
   Workers (Street to Home Program)
- Additional resources for Housing Specialist Service
- Additional resources for Public Safety Liaison Officers who work in public spaces with people who are experiencing homelessness to enhance their safety, connection and, when appropriate, assist linking them with support services
- Increasing the supply of crisis and transitional housing
- Improved resources to ensure coordination through the Sunshine Coast Housing and Homelessness Network.

#### Status as of June 2023

Successfully advocated to the State Government for funding for an additional Assertive Outreach worker for people experiencing homelessness.

## Action 4 – Building Capacity

# Building Capacity by strengthening relationships, skills, processes and resources.

4.1 Outwardly Focused – external to our organisation	Status as of June 2023 Developed Fact Sheets to support the delivery of housing types in accordance with amended Planning Regulations, Council's Planning Scheme and building requirements They include:
Building the Capacity of the community, community organisations, not-for-profit sector and Development industry.	<ul> <li>Community Residences</li> <li>Secondary dwellings</li> <li>Dwelling houses</li> <li>Dual occupancy</li> <li>Tiny houses.</li> </ul>
	Resolved to amend the fees associated with Permit for a temporary home under Council's Local Law.
	A guideline for a Temporary home has been prepared. The guideline seeks to ensure that residents are safe and not placed in potentially dangerous locations and have access to suitable services such as clean water and suitable sewage facilities. In addition, this process assists Council in ensuring that residents have access to supporting services to enable their transition to a permanent housing solution.
	Continue to facilitate and educate community organisations with regard to developing solutions in partnership. This included supporting Roofs to Recovery to develop a web page.
	Regular and ongoing support to not-for-profit organisations to understand the planning and building regulations in relation to developing land for their community purpose which assists in supporting housing outcomes for the community of the Sunshine Coast.

Sunshine Coast Council

# SECTION 3: CURRENT STATUS OF ACTIONS

# 4.2 Internally Focused – within our organisation

Council will continue to Build the Capacity of Council staff in responding to homelessness and supporting community led initiatives.

Council will look to identify opportunities for how Council staff can assist, donate or volunteer.

Council will advocate for the provision of safe spaces for people who are experiencing homelessness to access amenities, showers, food, clothing, internet, storage facilities for belongings and other support services.

#### Status as of June 2023

Continued the development and training of Council staff in responding to Homelessness as detailed in the Responding to Homelessness Policy and Guideline, endorsed by Council in November 2020.

Continue to support, educate and embed the development of new procedures and policies to support the delivery of affordable housing outcomes across the organisation.

SECTION 3: CURRENT STATUS OF ACTIONS

## Action 5 – Building our Knowledge

# Building our Knowledge to gain information and strengthen understanding.

## 5.1 Evidence

Council will continue to gather evidence and undertake research through partnerships, to support and further advance the delivery of affordable living options including new technologies.

#### Status as of June 2023

Council has updated the Housing Benchmark Report based on the release of Census 2021 data.

Council continues to deliver publicly accessible data through web based programs. They include Community Profile, Council has recently subscribed to Housing Monitor which provides publicly accessible data on housing purchase and rentals costs and maps housing stress for localised geography within the Sunshine Coast. This software provides an Affordability monitor for purchase and rental properties and identifies how much of the housing stock is affordable to fixed income levels. The data is updated regularly to respond to changes in purchase and rental prices within the housing market.

## 5.2 Community Education

Council will develop and deliver a community education campaign that:

- Raises awareness through "Voices of lived experience"
- Enhances understanding of homelessness and its causes
- Increases community participation as part of the solution.

#### Status as of June 2023

Council successfully collaborated and facilitated a community education event for faith based communities. Hope for Homes Forum in 2022.

Mayor held Homelessness Forums in 2021 and 2022.

Sunshine Coast Council provides statistics and interactive maps on demographic data sets including housing. Click on the <u>website</u> to view more useful data.

Sunshine Coast Council Housing and Homelessness Action Plan 2023 / July 2023

## Glossary

#### Affordable Housing

Housing that is appropriate to the needs of low-income households in terms of design, location and access to services and facilities, and where rent paid by households in the lowest 40% of income units does not exceed 30% of gross household income after any applicable Commonwealth Rent Assistance if deducted.

It includes separate housing, as well as boarding and emergency housing and other specialist forms of housing. The definition of affordable housing acknowledges indirect housing costs such as those incurred in accessing employment areas, services and facilities as well as ongoing costs such as maintenance and energy use.

#### Affordable Living

Incorporates more than the financial cost of living and includes the size and type of our housing, the resources we use, how we move around and our relationship with the environment.

#### Affordable Living Options

The availability of a diverse range of sustainable housing options to suit all income levels and household types - appropriately located within self-contained neighbourhoods with convenient walk, cycle and public transport access to services and employment.

#### Assertive Outreach

Services that engage and provide support to people who are experiencing homelessness or at risk of homelessness to connect them to housing and may also support individuals to sustain their tenancies once housed.

#### Adaptable Housing

Housing that provides for accommodation needs of users of all ages and abilities by making provision for future building modifications at minimal cost and disruption to residents.

#### Build to Rent

The process whereby developers and their financiers build multi-unit building/s and instead of selling the units, retain them all to rent to tenant households. Rents may be set at a market rents or for affordable housing.

#### Community Housing

Housing that is managed and sometimes owned by a not-for-profit community organisation. Also referred to as Community Housing Provider (CHPs).

#### Community Residence

Under the *Planning Regulation 2017*, means the use of premises for residential accommodation for:

- a no more than:
  - I 6 children, if the accommodation is provided as part of a program or service under the Youth Justice Act 1992; or
  - II 6 persons who require assistance or support with daily living needs; and

b no more than 1 support worker.

It includes a building or structure that is reasonably associated with the above use.

#### Crisis Accommodation

Short-term accommodation for people who are experiencing or are at risk of homelessness, including refuges and shelters.

#### Dwelling House

Is defined as a residential use of premises involving:

- a 1 dwelling and any domestic outbuildings associated with the dwelling; or
- b 2 dwellings, 1 of which is a secondary dwelling, and any domestic outbuildings associated with either dwelling.

#### Domestic Outbuilding

Means a non-habitable class 10a building that is -

- a a shed, garage or carport; and
- b ancillary to a residential use carried out on the premises where the building is.

#### Help to Home

A State Government initiative to partner with property owners, landlords and registered community housing providers to deliver private rental outcomes to people who are eligible for social housing, through a headlease agreement.

Sunshine Coast Council Housing and Homelessness Action Plan 2023 / July 2023

#### Homelessness

A person is homeless if he or she does not have access to adequate housing that is safe and secure. People who are homeless fall into three broad groups - those who are:

- Sleeping rough (living on the streets, in cars or mobile homes)
- Living in temporary accommodation, such as crisis accommodation or staying with friends or relatives
- Staying in boarding houses or caravan parks with no secure lease and no private facilities.

#### Housing Affordability

The impacts of the prevailing economic, financial and social costs associated with housing demand and supply, that may constrain the ability of households to own or rent their own home and represents that underlying costs of developing housing for the market.

#### Housing Investment Fund (HIF)

A State Government initiative and fund established to provide funding for partnered projects to increase social housing and affordable housing supply. The funding available includes capital contributions or recurring subsidy payments or a combination of both.

#### Housing Stress

Experienced by households when they are paying more than they can afford on housing costs. Housing stress commonly occurs in households receiving the lowest 40% of income and pay more than 30% of their gross income on housing costs.

#### Housing Australia Future Fund

A Federal Government fund proposed to be established to build social and affordable housing now and into the future.

#### Key Workers

Generally key workers are those who earn low to moderate incomes but are employed in services that are essential.

#### Low-income households

Households with income in the bottom 20% of all household income distribution.

#### Lower income households

Households with income in the bottom 40% of all household income distribution.

#### National Housing and Homelessness Agreement (NHHA)

The National Housing and Homelessness Agreement recognises the Commonwealth and the states' and territories' mutual interest in improving housing outcomes across the housing spectrum, including outcomes for Australians who are homeless or at risk of homelessness and need to work together to achieve those outcomes. This agreement replaces the National Affordable Housing Agreement (NAHA).

#### National Housing Infrastructure Facility (NHIF)

Is a \$1 Billion facility that provides finance for eligible infrastructure projects that will unlock new housing supply, particularly affordable housing. The NHIF offers concessional loans, grants and in certain cases, equity finance to help support critical housing-enabling infrastructure.

#### National Housing Finance and Investment Corporation (NHFIC)

NHFIC manages the \$1 billion NHIF.

#### National Housing Accord

The Accord brings together all levels of government, investors, and the residential development, building and construction sector to unlock quality, affordable housing supply over the medium term.

#### National Rental Affordability Scheme (NRAS)

A Federal Government program providing \$623 million to allow refundable tax offsets to be available to a wide range of investors for the building of up to 50,000 new rental properties leased at 20% below the market rate for eligible tenants. The Scheme was implemented in 2008 and will conclude in 2026.

#### Not-for-profit sector

Community organisation providing a broad range of social services, including in relation to homelessness, education, health, conservation and recreation.

Sunshine Coast Council

#### **Public Housing**

Housing, other than employee housing, that is funded and provided by government directly. Usually owned and managed by Queensland Government Agency.

## Queensland Housing Investment Growth Initiative (QHIGI)

A State Government program established to accelerate the delivery of new social homes through an integrated capital investment program.

Includes three funding initiatives:

- Housing Investment Fund
- QuickStarts Qld
- Help to Home.

#### QuickStarts Qld

A State Government initiative that is a capital grant program and funding for the development, acquisition and construction of new social housing across Queensland.

#### Rooming Accommodation

Rooming accommodation is residential accommodation where each resident can only occupy one or more rooms on the premises as agreed, rather than the whole premises. Other rooms within the premises, facilities, furniture, or equipment outside of the residents' rooms are shared with the other residents at the premises. Rooming accommodations may also include a manager's residence, an office, or facilities to provide food or other services to residents as subordinate uses to the premises. These uses are required to only service the residents of the rooming accommodation.

#### Secondary Dwelling

Is defined as a dwelling on a lot that is used in conjunction with, but subordinate to, another dwelling on the lot, whether or not the dwelling is:

- a attached to the other dwelling; or
- b occupied by individuals who are related to, or associated with, the household of the other dwelling.

#### Self-contained Neighbourhood

An urban residential area with an urban form that facilitates walk and cycle access to local services and facilities including integrated public transport options.

#### Social Housing

Rental housing that is provided and/or managed by government or non-government organisations, including public and community housing.

#### Specialist Homelessness Services

Specialist Homelessness Service, which provide the range of services to support people who are homeless or at risk of homelessness. Support may comprise housing services (e.g. transitional housing) as well as support services (e.g. case management, providing access to food and medical treatment if needed).

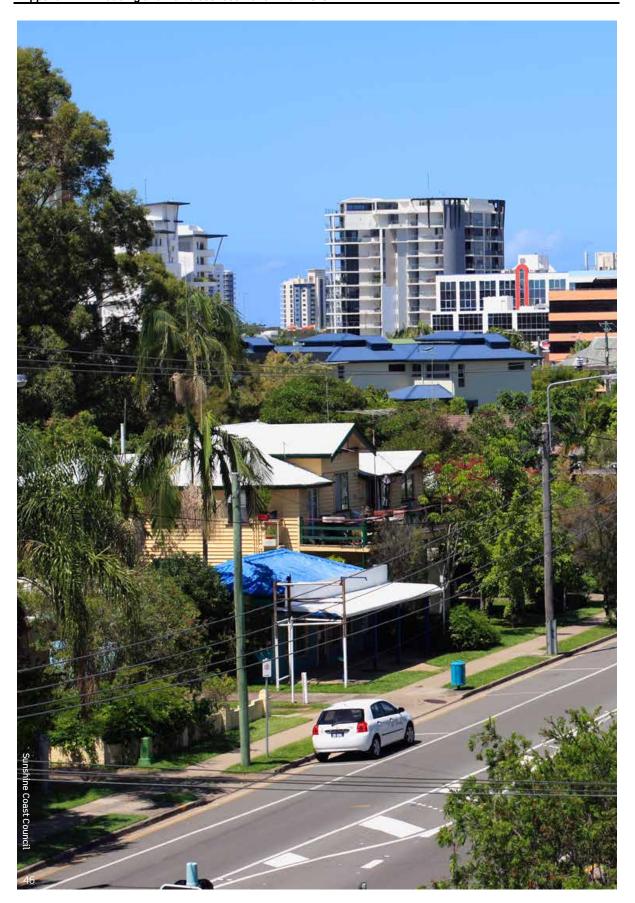

#### Transitional Housing

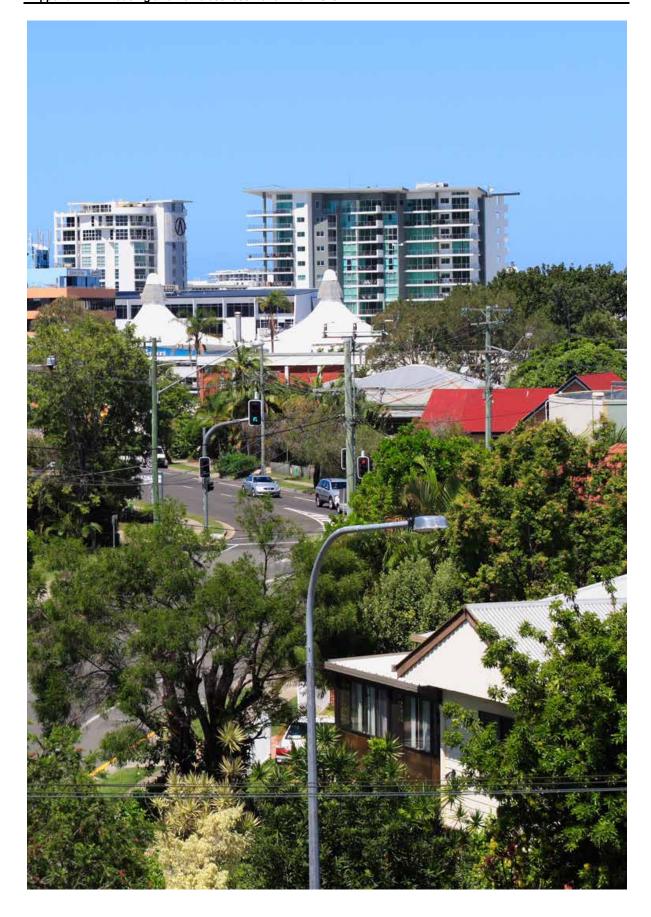

A temporary form of housing that aims to safely accommodate tenants while they build capacity to transition to permanent housing, Transitional housing provides residents with secure accommodation for a fixed term, as well as individually targeted supportive services.

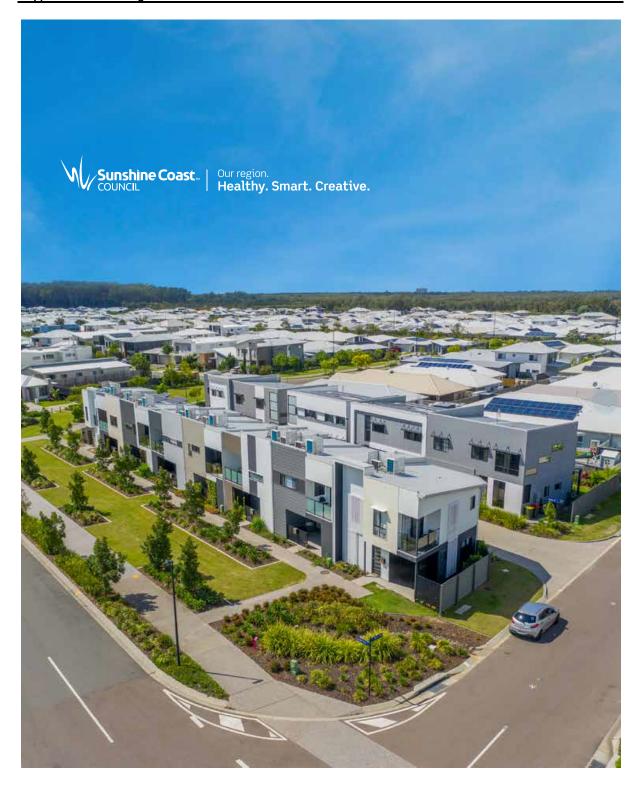

#### Universal Design

The design of products and environments to be usable by all people, to the greatest extent possible, without the need for adaptation or specialised design.

Appendix A Sunshine Coast Lifeguard Service Plan 2023-2028

## Introduction

Sunshine Coast Council's beaches are recognised as some of the best in Australia and right across the world. Consequently, local beaches are an attractive destination for people moving here and to national and international visitors holidaying in the region. It is for this reason that safe beaches are critical to the lifestyle and economy of the Sunshine Coast.

The Lifeguard Service operated by Surf Lifesaving Queensland (SLSQ) on behalf of council manages foreshore and aquatic activities for the enjoyment and protection of Sunshine Coast residents and visitors. In addition, SLSQ operates volunteer lifesaving patrols during the surf lifesaving season (September to May) and provides ancillary professional and 24-hour emergency call out services throughout the year.

This combination of services has ensured a high degree of protection and education for beach visitors. SLSQ's commitment to the ongoing safety of beach visitors includes this Lifeguard Service Plan for 2023 – 2028 (Service Plan or the Plan), which has been developed to guide operational activities for the coming five years. Its aim is to provide a blueprint for service delivery for Sunshine Coast beaches, by enhancing parity in service levels, addressing operational inconsistencies, improving gaps in service levels, and responding to short term growth demands.

## Service History

Voluntary lifesaving services started on the Sunshine Coast in 1916. Increasingly, the Sunshine Coast became a popular tourist destination and weekend volunteer surf lifesaving patrols were no longer sufficient for the vast number of people using the beach. Professional 'Beach Inspectors' (Lifeguards) commenced at Kings Beach Caloundra in December 1965 and within Maroochy Shire in 1966.

In the ensuing 40 years, the existing councils, Caloundra, Maroochy and Noosa, progressively increased professional lifeguard services to operate seven days a week over multiple locations. They continued to supplement the voluntary weekend patrols undertaken by Surf Life Saving Queensland.

The three councils provided in-house lifeguard services however Noosa Council contracted out its Lifeguard Service to Surf Life Saving Queensland from early 1980s to 2001 before returning to an in-house model.

Noosa and Caloundra Council lifeguard services were generally tourist focussed and similar in size, supporting one major tourist location and additional lifeguard services including seasonal locations as required. Maroochy Council's lifeguard service was considerably larger, with several significant tourist locations and additional seasonal locations.

In 2008, the three councils amalgamated to form the Sunshine Coast Council. In 2012 the council then made the decision to contract out its beach safety services to Surf Life Saving Queensland which remains the case to this day. On 1 January 2014, the Noosa Council de-amagamalted from the Sunshine Coast Council. SLSQ continues to provide lifeguard services to both the Noosa and Sunshine Coast Councils.

# **Policy Framework** Council Community Strategy 2019 – 2041

Lifeguard Services are a significant service provider for the Community of the Sunshine Coast and considered a core responsibility of council. The Sunshine Coast is experiencing a transformation from a regional centre to a regional city. With the Sunshine Coast community growing each year, the growth brings exciting opportunities. The plan is to support communities to ensure they remain strong, continue to thrive, and can adapt well to change.

The purpose of the Community Strategy is to achieve five outcomes.

- Empower our community to live healthy and active lifestyles
- Focus on ensuring community places and spaces are vibrant, inclusive, accessible, adaptable and meet the needs of people of all ages, abilities and backgrounds
- Strengthen connection, inclusion and opportunity for all people in our community
- Build capacity in our communities to be connected, resilient and to respond to local issues
- Nurture creative and innovative approaches to building a strong community.

## **Relevant Legislation**

While Australian civil liability law requires beachgoers to take personal responsibility for "obvious" risks, council is responsible for monitoring risk, making users aware of inherent dangers, and for communicating effectively with them about these dangers.

At a state level, councils are authorised to control bathing reserves under the *Local Government Act 2009* and subordinate legislation. In addition, lifeguard service and SLSQ voluntary personal are authorised to undertake rescues in disaster situations under the *Disaster Management Act 2003*.

At a local level, councils control bathing reserves through a local law and subordinate local laws. Sunshine Coast Council has developed "Local Law No 6 – Bathing Reserves" to manage activities within bathing reserves. Lifeguards and Patrol Captains obtain the authority to manage the beach from this local law.

. . .

Appendix A Sunshine Coast Lifeguard Service Plan 2023-2028

# State of the Service

## Lifeguard Services

In 2023, lifeguard services on the Sunshine Coast are provided by Surf Life Saving Queensland through its professional lifeguard service arm, the Australian Lifeguard Service (ALS). These services ensure that there are patrolled beaches available 365 days of the year across the coast.

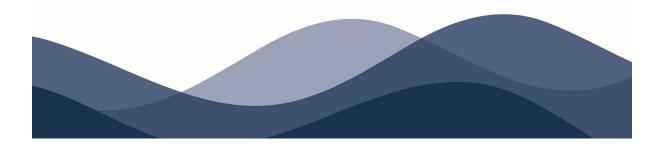

A leader in professional lifeguard services, the ALS is dedicated to saving lives and is committed to the provision of a proactive service on the beach and within the community.

The ALS provides professional lifeguard services to local governments, land managers, and resorts through each respective lifesaving state body, and is the sole provider of lifeguard services to coastal local government areas in Victoria, South Australia, Tasmania and the major provider of services in Western Australia, New South Wales.

In Queensland, SLSQ and the ALS provide more than 80 individual lifeguard services throughout the state, of which 22 are in the Sunshine Coast Council's jurisdiction. The below table compiles what the levels of service are, if the beach has a surf lifesaving club and when the service operates.

Beach	Tiering & Length of Service	Surf Life Saving Clubs
Coolum North	Tier 2 Service* September to May *Does not currently include winter weekends	N/A

## Surf Life Saving Club Services

SLSQ provides traditional club patrol services at nine beaches on weekends and public holidays, from September to May through the Sunshine Coast Branch and nine individual surf lifesaving clubs. Annual patrol contracts are put in place which are signed off by the respective club, branch, SLSQ, and council. The Royal Life Saving Society provides a volunteer patrol at Bulcock Beach at similar times to SLSQ from September to May through the Ithaca Caloundra City Lifesaving Club.

## **Operation Support and Additional Services**

Surf Life Saving Queensland supports lifeguard and club patrols by providing:

- 365 days Radio Communication Network
- 365 days State Operations Communication Centre
- Dedicated after hours call out system
- 365 days Westpac Lifesaver Rescue Helicopter services
- RWC (Jet Ski) Roving Patrols
- Duty Officer System
- 24-hour response call out teams

- - -

# Community Awareness Services

To help achieve its vision of 'Zero preventable deaths in Queensland public waters', SLSQ is very much aware that it cannot just rely on traditional lifeguard and lifesaving services, but must also look at all avenues to educate, advocate, and promote water safety within the community. To do this SLSQ has a dedicated community awareness team. This includes one full-time staff member and 16 casual staff on the Sunshine Coast to assist with the delivery of key educational programs. The community awareness team are responsible for running the following programs or initiatives aimed at reducing drowning and aquatic deaths:

- Beach and water safe presentations (School Visits)
- Little Lifesavers
- Beach Programs (school-age children)
- Senior Programs (over 50's)
- Beach to Bush
- Coast to Cape
- On the Same Wave (targeting multicultural residents and tourists)
- Surf Crew Pop up displays at fetes, conferences, and festivals

# **Operational Performance**

The primary role of the Lifesaving Service is to ensure beach safety by preventing incidents and responding when incidents occur. Tragic occurrences on Sunshine Coast beaches are infrequent, as the integrated service provided by the ALS, clubs, and other operational support services provide extensive coverage. Additionally, lifeguard staff and volunteers are highly trained, with SLSQ providing significant overarching support to the services.

In 2021/22, SLSQ patrols estimated there were roughly 7,771,151 visitations to beaches under patrol. Of these people, only 0.013% required rescuing, while approximately 0.15% required first aid advice or treatment, mostly for minor marine stings and minor cuts or abrasions. One in every 22 visitors to the beach had an interaction of some sort with a lifeguard or surf lifesaver.

In total, over a 10-year period, the Sunshine Coast has had 19 beach-related coastal drowning fatalities; most of which occurred outside patrolled areas or patrol hours. During the past five years, thirteen people have drowned on the Sunshine Coast, none of which occurred within a patrolled area.

While the service is providing a high standard of professionalism, there is an opportunity for improvement to achieve greater parity along the coast, improve beach safety at some locations, and respond to both changing demographics and development.

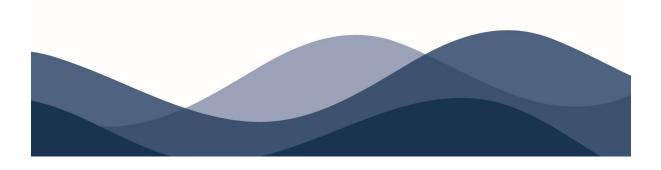

Table 2: Service Statistics – Key Activities (Sunshine Coast)						
Function	2017/18	2018/19	2019/20	2020/21	2021/22	2022/23 <sup>3</sup>

First aid treatments <sup>2</sup>	8,818	19,672	14,458	9,736	12,994	3,277

<sup>1</sup>Preventative actions include duties like putting out signs, verbally warning swimmers of danger and using the public address system.

<sup>2</sup> Frist aid treatments includes marine stinger treatments.

<sup>3</sup> Statistics from 1 July 2022 to 31 March 2023

As well as providing lifeguard services, council lifeguards also undertake:

- local law enforcement;
- tourism ambassador services, providing beach condition information and public relations; and
- surf education for school and community groups.

**Sunshine Coast Coastal Fatalities** 

This table details the last 10 years of Coastal fatalities on Sunshine Coast beaches. There have been 19 beach related coastal drowning fatalities and 17 coastal fatalities. SLSQ defines a beach related coastal drowning fatality as any death caused directly by immersion or submersion that has occurred in a surf or beach environment within two nautical miles of shore. A coastal fatality, where the location of the drowning is on the coast, in the ocean up to two nautical miles (2NM) offshore.

Table 4: Fatalities Sunshine Coast (1 July 2012 to 30 June 2022)

## Yearly Incident Trend Analysis

Beach-related coastal drownings- Sunshine Coast Council Summary (1 July 2012 to 30 June 2022)

- The Sunshine Coast region has seen an increase in the total number of beach-related coastal drowning fatalities since 2012.
- The Sunshine Coast Council region has seen an increase in the number of drownings over the past five years. An analysis of data highlights that an increase or decrease in the number of drownings recorded can occur within a particular region over a period of time. This is consistent with normal drowning trends across Queensland.

#### Table 5: Beach-related costal drowning fatalities (1 July 2012 – 30 June 2022)

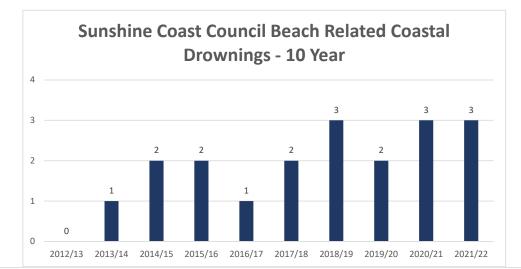

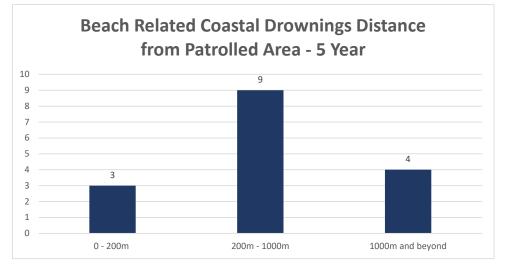

Table 6: Beach-related Coastal Drownings- Distance from Patrolled Area (1st July 2017 to 30th June 2022)

# Beach-related Coastal Drowning Fatalities – By Beach/Location 1st July 2012 to 30th June 2022

In total, the Sunshine Coast has recorded 19 beach-related coastal drowning fatalities over the past 10 years. The majority of these beaches are rated as high energy, open beaches with an Australian Beach Safety and Management Program (ABSAMP) rating of six out of ten and are known as transverse bar and rip beaches. The dynamics of these types of beaches pose a higher risk in adverse weather events or are known to have a number of rips currents.

**NOTE:** All care has been taken to ensure the accuracy of statistical information included within this report, which has been measured between 1 July 2019 - 30 June 2020. However, it is important to note that data may be amended over time as new information comes to light and/or following the outcome of Coronial investigations that are ongoing at the time of publication.

## Staffing

The ALS currently employs 34 permanent lifeguards, one Chief Lifeguard, two supervisors, and up to 96 casual lifeguards in peak periods to provide services on 22 beaches region wide. All lifeguards are given specific training in rescue techniques, resuscitation, and lifesaving procedures utilising up-to-date lifesaving equipment. Our lifeguards satisfy nationally recognised competencies under the public safety training package. SLSQ is a registered training organisation (RTO) and has qualified trainers, assessors, and facilitators to ensure our lifeguards are competently trained in all areas of aquatic safety. Lifeguard services are predominantly dedicated to patrolling flagged bathing reserves, as well as responding to emergency call outs.

The Sunshine Coast has approximately 111 staff members across the Sunshine Coast region. Staffing is the largest single cost for the lifeguard service. Being a seasonal service, the Lifeguard Service employs large numbers of casual staff to supplement permanent staff. The seasonal nature of the service contributes to issues with recruiting qualified casual staff to work each year.

#### Table 8: Staffing Levels

	2017/18	2018/19	2019/20	2020/21	2021/22
Chief Lifeguard				1	1
Full-time lifeguard supervisors	3	3	3	2	2
Full Time	18	21	21	28	13*
Part Time	14	8	8	8	21*
Casual	98	84	107	116	80*

\*Please note – previous totals included Noosa in the region totals. From 21/22 totals, will only include Sunshine Coast numbers.

The majority of lifeguards originate from surf life saving clubs, however experienced surfers and emergency service personnel are now also attracted to lifeguard employment. In order to maintain a high quality of service, lifeguard staff are required to complete annual proficiencies for Advanced Resuscitation, first aid plus regular fitness and surf skill tests and rescue techniques. Ongoing training is essential to maintaining skill levels.

. . . .

Appendix A Sunshine Coast Lifeguard Service Plan 2023-2028

## Infrastructure and Equipment

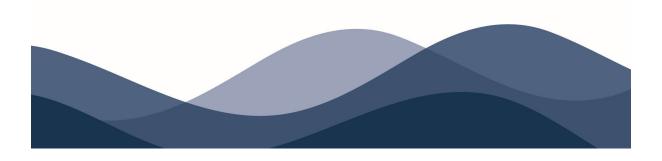

The Lifeguard Service is generally adequately resourced with considerable facilities and equipment to meet the current service requirements. However, several additional facilities and equipment additions are recommended within the next five years to meeting changing demands. Some of these are -

- Coolum North storage shed upgrade
- Lifeguard storage at Discovery Beach
- Investigating implementing a Lifeguard tower at Happy Valley
- Lifeguard tower, ATV and storage at Maroochy River Mouth
- ATV for Buddina/ Kawana
- Investigating implementing a Lifeguard tower at Yaroomba

#### Table 9: Current Fleet, Gear and Rescue Equipment

	14	12	7

Additional equipment includes but is not limited to 35 defibrillators, 36 oxygen resuscitation kits.

# Portable Cameras & Emergency Beacons

SLSQ currently utilise a network of fixed and portable cameras and beacons, at various locations across the region as part of providing surveillance of high-risk locations and to monitor conditions across the coast. These locations are as follows

- Coolum
- Yaroomba
- Marcoola
- Mudjimba
- Mooloolaba
- Maroochydore
- Alexandra Headland
- Buddina
- Dicky Beach
- Kings Beach

Portable cameras and emergency beacons can be transported to known blackspot locations, where historically drownings or serious incidents have occurred, to assist with monitoring and improved response times from SLSQ during emergency call outs. The revised Lifeguard Service Plan 2023-2028 recommends additional cameras and emergency beacons at Stumers Creek and Happy Valley.

# **Challenges and Opportunities**

## **Growing Demand**

Beach usage on the Sunshine Coast will continue to increase in response to the population growth and improved beach access. As a result, it is highly likely that council will field increased pressure to respond to growing demand by extending service coverage. Providing appropriate service response levels due to this growth presents a challenge given the dynamic and evolving environment however, the revised Lifeguard Service Plan 2023-2028 provides evidenced based recommendations to mitigate this challenge.

The population of the Sunshine Coast grew by over 79,000 people between 2011 and 2021 and is forecast to grow to 500,000 people in 2041. This will see an estimated additional 217,230 households on the coast. New residents are likely to be attracted by the coastal lifestyle and beach visitations are expected to climb in line with population growth.

The Sunshine Coast region attracted 6,107,000 domestic day visitors including a total of 14,486,000 bed nights reported for the year ending September 2022, with the average length of stay being reported as 3.6 days.

Due to International border closures during the COVID-19 pandemic, there is no data to reflect upon for international tourism to the Sunshine Coast region. However, it is predicted that international visitors to Australia are to reach 9.5million by 2025 as the international market recovers. It is expected that the Indian and New Zealand markets are to recover the quickest followed by the United States, United Kingdom, Europe (excluding UK), Japan and China with a combined total estimate of 16.9 million tourists touching down on Australian shores by 2027.

Combining domestic and international visitors to the Sunshine Coast, an anticipated 10.79million domestic daytrip visitors, 5.97 million domestic overnight visits and 590,000 international visitors will visit the region by 2029, bringing a total of 17.35million visitations with 93% of these visitors coming to the Sunshine Coast with the intention of going to the beach.

Resort and residential developments will continue to be constructed or redeveloped. This is likely to lead to increased usage and demand for beach access points and amenities. In addition, existing

<u>~ | -</u>

#### Appendix A Sunshine Coast Lifeguard Service Plan 2023-2028

toreshore areas will be regenerated, often improving facilities, and making these beaches more attractive to residents and visitors.

Potential activities likely to impact on Lifesaving Services via increased beach visitations within the life of the service plan include:

- Expansion of Sunshine Coast Airport Increased access from domestic and international visitors with a terminal upgrade commencing in 2023 to cater for Domestic and International arrivals.
- New airline Bonza operating out of the Sunshine Coast linking with 13 interstate and intrastate locations.
- Continued development of Bokarina Stockland development providing additional access points along with increased development on the western side of the Nicklin Way in around the Sunshine Coast University Hospital Precinct.
- Growth from Mudjimba to Coolum and Kawana to Bokarina
- Maroochydore River Mouth
- Maroochydore to Alexandra Headlands beach replenishment & renourishment
- Caloundra South development approximately 50,000 new residents south of Golden Beach
- Happy Valley beach popularity increasing since the Bribie Island Southern Bar forming in January 2022.

## **Changing Demographics**

The Sunshine Coast is one of the fastest growing regions in Queensland with almost 8,000 people added every year. The Sunshine Coast has an older age demographic, with 22% aged 65+ years. This is considerably higher than the state average of 17% aged 65+ years. This reflects the high number of retirees who have moved to the region, and the high number of young adults migrating away for employment and educational opportunities.

The increased proportion of retirees and older people is likely to impact on beach usage. For example, retirees have more leisure time and their leisure activities frequently incorporate the beach to swim, walk and exercise. This demographic trend will likely result in increased numbers of people visiting beaches across the Sunshine Coast region. In addition, retirees have fewer restrictions on when they can visit the beach therefore this may increase the numbers of people visiting the beach in traditionally quieter weekday periods.

The Sunshine Coast has also seen an increase in the demographic of people born overseas, with 21% of the population born overseas from a range of cultures unfamiliar with the surf environment, this may have a further impact on the Lifesaving Services.

## Attracting & Retaining Good People

The majority of lifeguard staff generally have previous experience as volunteer lifesavers. The service also employs experienced surfers and emergency service personnel from the Queensland Police Service, paramedics, and the fire and rescue service.

Formal qualifications are renewed as required, generally on an annual basis with further regular fitness and skill-based assessments completed two times a year with a professional development day.

The seasonal nature of this service does at times result in difficulty to recruit staff during peak periods, however seasonal work is attractive to younger people, including tertiary students and those seeking part-time work.

The service also has a considerable number of long term permanent and casual employees with potential for future aging workforce issues.

----

## SharkSmart Drone Trial

Drones are used to monitor Queensland beaches to detect sharks and gather data on shark movements and behaviour. If a dangerous shark is spotted by drone, lifesavers and lifeguards are able to warn water users and temporarily close the beach if required. The first phase of the trial commenced in September 2020 and continued until October 2021, on five beaches in South East Queensland. Following a scientific evaluation of the first phase, the trial was extended through to 2025 and expanded to a total of 10 Queensland beaches.

Drones operate on weekends, public holidays and

Queensland school holidays. Hours of operation vary depending on weather conditions, but usually drone flights start when beach patrols open in the morning, and drones fly twice every hour, until around midday. Each flight is approximately 20 minutes.

The SharkSmart drone trial aims to:

- detect sharks that could pose a threat to swimmers
- warn swimmers of potentially dangerous sharks detected by drones in real time
- monitor and record species, size and behaviour of sharks spotted by drones

#### Benefits

- Drones provide a bird's eye view of the ocean and consequently provide a real time snapshot of what is happening beneath the surface compared to traditional monitoring by lifesavers. And lifeguards from beach towers or watercraft.
- Drones are more cost effective than other beach aerial monitoring devices, such as helicopter flights.
- The impact on marine life is negligible.
- Real-time monitoring means lifesavers and lifeguards can respond rapidly if a shark or marine risk is spotted.
- Drones improve overall beach safety through monitoring marine threats or assisting with search and rescue operations.

Two sites operate on Sunshine Coast Regional Council beaches, at Coolum and Alexandra Headland. A number of sharks have been detected at both our Coolum Beach and Alexandra Headline sites, and our operators have been able to communicate and coordinate with our local Lifeguards and Lifesavers to ensure the safety of the public. The drones have also been able to identify non-threatening marine species that have been mistaken for sharks by the public. Allowing SLSQ to keep the beach open when there is no threat to Public Safety.

SLSQ has been able to offer professional development to Lifeguards and Community Awareness staff to conduct drone patrols. As an additional shark monitoring strategy, the program also increases the ability to monitor the beach and water population. While on shift, our SLSQ trained staff have been able to assist the lifeguards and lifesavers with search and rescue operations, as well as major first aid incidents. Since the commencement of the drone trail, in over 3,500 flights conducted a total of 13 sharks have been spotted between the two Sunshine Coast beaches. Only one was larger than 2m in length, and none of the sharks posed a threat to public safety.

----

Appendix A Sunshine Coast Lifeguard Service Plan 2023-2028

## Service Level Plan 2023 – 2028

In recent times a number of changes have been introduced to Lifeguard Service operations including the introduction of a North and South Region and more uniformed patrol hours. However, further changes are required over time to achieve greater parity and meet specific demand and growth across the Sunshine Coast.

This Lifeguard Service Plan proposes actions that will guide operational activities for the coming five (5) years, particularly initially to address gaps in service delivery. The actions proposed respond to the immediate challenges facing the service in an efficient and responsible manner while maintaining beach safety standards on the Sunshine Coast.

## **Tiered Service Levels**

The previous Lifeguard Service Plan completed by council recommended the introduction of tiered service levels ranging from full time permanent locations, to minimal seasonal locations. The allocation of beaches to tiers takes into consideration numerous indicators including beach conditions, usage, development, population, location, amenities, infrastructure, and demand. Beaches will be patrolled either by the lifeguard service, surf lifesaving volunteers or a combination of both. In 2018, SLSQ recommended the continuation of the tiered system with the introduction of a Tier 5 increment to accommodate beaches that are patrolled school holidays from September to May (Holiday service only), it is noted that this is not a true Tier 4 beach and by adding the Tier 5 it removes confusion.

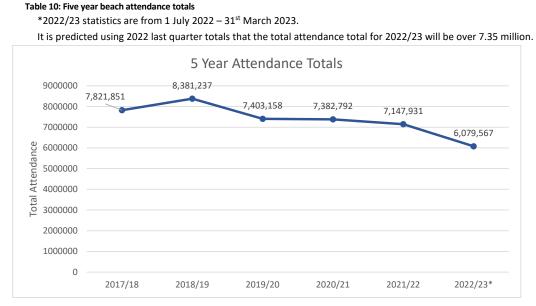

This tiered service increment system ensures that beaches of a similar nature will receive a consistent level of service.

- Tier 1 Patrolled all year Major location
- Tier 2 Patrolled seven days September to May plus weekends, school & public holidays during winter.
- Tier 3 Patrolled Weekends, school and public holidays all year. Seasonal service
- Tier 4 Patrolled weekends, school & public holidays September to May. Minimal seasonal service
- Tier 5 Patrolled School Holidays September to May (Holiday service only).

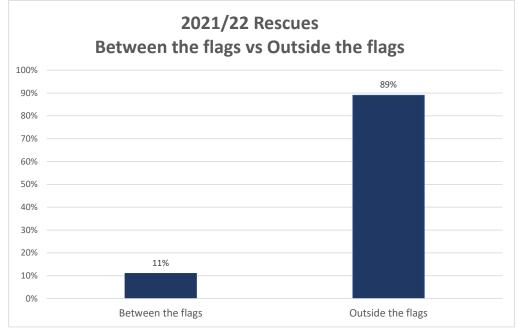

## Five year statistics

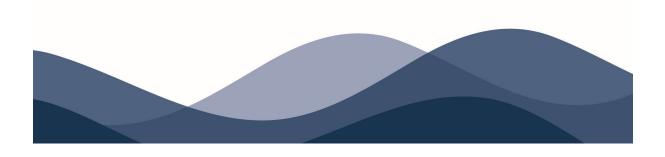

Frontline lifeguards and lifesavers capture data through the SLSQ web-based reporting system Lifesaving Incident Management System Operations Control (LIMSOC) or, previous to this, through daily log books. This function allows SLSQ to collect key data or statistics on items such as rescues, attendance, and/or beach visitations including swimmers, board riders and beach population. Other key data items collected are first aid treatments, preventative actions and local government ordinances. Appendix 2 provides a detailed year-on-year statistical overview. The key item that this data highlights is that over the past five-year period on the Sunshine Coast, there has been a decrease in total attendance, due mostly to the Covid 19 Period. The statistics also note an alarming statistic of 89% of rescues occurred outside of the flagged areas, highlighting the importance of surf safety messaging, and the need for services to be flexible and able to respond to this concerning need.

- - -

Appendix A Sunshine Coast Lifeguard Service Plan 2023-2028

## Lifeguard Resourcing Levels

The resourcing or staffing levels currently in place are largely based on historic staff rosters and previous increase from the previous Service Plan. It is noted that as per the graph below attendance has increased over the first two years and dropped due to COVID restrictions for the following two years. Populations have started to return to pre COVID beach visitations. This is consistent with feedback received from senior staff during the development of the Plan who have suggested that visitations at beaches have continued to increase across the board post peak COVID. This is particularly evident at some of the traditionally quieter locations before COVID, in which this Plan targets an increase in resourcing and service levels at these locations. The Lifeguard Service Plan considers these factors but overall aims to ensure that the staffing levels are at the optimum level for the delivery of service.

# Recommendations

#### Expansion of infrastructure and resources to cater for service needs.

Monitoring the impact of community growth and change is an important factor in addressing the need of the community. There may be a gradual or significant change that may affect the service level required. This change may entail the addition of a new service, providing additional days to an existing service or the relocation of an existing service to better suit community needs. Examples of areas where expansion of service may be required to cater for the community needs during the life of this Plan are, Bokarina, Maroochydore River Mouth, Happy Valley, Coolum North and Moffatt Beach. It is important to remember that while community need and expectation for services will always increase, that future options are looked at with consideration to business efficiencies, current service level priorities, budget constraints, improved technologies and changing coastal conditions across the region.

#### **Recommendation 1**

That Coolum North is continually monitored and potentially increased to be patrolled September to May by one (1) lifeguard, winter weekends, public holidays, and winter holidays (currently doesn't include winter weekends). This is to cover for increasing visitations in the Coolum area and the caravan park being close to capacity 365 days a year. **\$23,598.43 commencing in 2023-2024** 

#### **Recommendation 2**

That a Happy Valley surveillance service be implemented as a Tier 4 service, with two (2) lifeguards on duty with an ATV during Christmas and Easter Queensland school holidays and one (1) lifeguard during the remaining school holidays and weekends between September and May. There has been an increase of incidents (minor and major) increasing in the Happy Valley area. **\$124,241.68 commencing in 2023-2024.** 

#### **Recommendation 3**

That Maroochy River Mouth is to increase to provide a lunch shift during school holidays to maintain staffing across the full day. **\$4,344.26 commencing in 2023-2024.** 

#### Recommendation 3

That Buddina/Kawana is to increase to provide a lunch shift during Christmas school holidays to maintain staffing across the full day. **\$2,172.13 commencing in 2023-2024.** 

#### **Recommendation 4**

That Coolum North storage shed is upgraded. The Coolum North Shed currently floods and the structure is not suitable for future services. **Commencing in 2023-2024.** 

#### **Recommendation 5**

That a storage shed for Discovery be investigated. The Discovery gear is currently kept in a hotel carpark, and storage is not guaranteed for future services. **Commencing in 2023-2024.** 

- - - -

#### кесоттепаацоп в

That Maroochy River Mouth is to increase to include weekends between September to May with two (2) lifeguards on duty. The river mouth experiences high visitations and a number of rescues over the last couple of years. **\$51,187.14 commencing in 2024-2025.** 

#### Recommendation 7

That Maroochy River Mouth have a tower and investigate having a Suzuki Jiminy for gear storage, which will remove any storage issues at the site. Currently utilising Maroochydore SLSC's ATV, which is not available at all times of the year. **Vehicle Estimate \$13,100.00 per year commencing in 2024-2025.** 

#### **Recommendation 8**

That Buddina/ Kawana implement a dedicated ATV, rather than utilising Kawana SLSC's ATV. **ATV Costs** estimate \$12,093.02 commencing in 2024-2025.

#### Recommendation 9

That Buddina /Kawana is to increase to provide a lunch shift during September and Easter school holidays to maintain staffing across the full day. **\$3,179.35 commencing in 2024-2025.** 

#### Recommendation 10

That Coolum North is continually monitored to assess if increasing patrols to 365 days a year is warranted. This would be an increase of one (1) lifeguard mid-week from May to September. This would be to cover the caravan park and extra visitors to the Coolum Region. SLSQ is suggesting a similar service to Mooloolaba and Mooloolaba Spit, as currently Coolum North and Coolum have a very similar local area to Mooloolaba. **\$40,925.52 commencing in 2025-2026** 

#### Recommendation 11

That Bokarina is assessed further with the potential to increase to Tier 2 service to be patrolled September to May, winter weekends, public holidays and winter holidays with two (2) lifeguards on duty. Bokarina is already having increased visitations to the beach. Winding back and moving the funds for the Wurtulla service, will help fund this service. **\$59,264.24 commencing in 2024-2025** 

#### Recommendation 12

That Bokarina is assessed further with the potential to increase to Tier 1 service to be patrolled 365 days a year. Reasoning the same as Recommendation 9, and with no patrolled location 365 days a year on the stretch of beach, this will be a good safety net for the growing population in the Bokarina area. **\$83,399.65** commencing in 2026-2027

#### Recommendation 13

That Buddina/ Kawana is assessed further using data collected from previous year, with the potential to increase to Tier 1 service to be patrolled 365 days a year with two (2) lifeguards on duty any time the beach is open. As mentioned in the above points 10 and 11, Kawana and Bokarina stretch is forecast to become more popular and accessible to the public. **\$93,863.21 commencing in 2027-2028.** 

#### Recommendation 14

Assess the need for service level and implement Emergency Response beacon with Surf Safety Camera attached or traditional school holiday service at Moffat Beach. Collect data from camera or services and assess the need for ongoing service. **commencing in 2023-2024** 

#### **Risk factors related to one-person lifeguard sites**

Many of the beaches on the Sunshine Coast have always been patrolled by a single lifeguard. As visitations have increased, and are predicted to continue, it raises many questions about what service level one person can provide to the community without putting the community or themselves at risk. The basic principle of the Provision of Lifeguard Service is the mitigation of risk for local government. It is important to recognise that the service itself is implemented in a way that mitigates risk sufficiently for Council and SLSQ. With the use of a risk mitigating approach, the Plan looks at a sustainable way to approach risk factors related to one-person lifeguard sites. The risk mitigation approach looks at roles and functions that a lifeguard completes, how other multiple patrol sites can work as a group to provide support and how

#### Appendix A Sunshine Coast Lifeguard Service Plan 2023-2028

solutions such as technology can assist in risk mitigation. See Attachment 1 - Project risk register sunshine Coast Lifeguard Service Plan 2023 – 2028.

#### Recommendation 15

That Mudjimba lifeguard resourcing is assessed during the life of the Plan with the potential to be increased to two (2) lifeguards September to May to provide back up to the other lifeguard on duty. **\$49,307.85** commencing in 2024-2025

#### Recommendation 16

That Mudjimba lifeguard resourcing is assessed during the life of the Plan with the potential to increase to two (2) lifeguards winter weekends to provide back up to other lifeguard on duty. **\$24,653.93 commencing in 2025-2026.** 

#### Recommendation 17

That Mudjimba lifeguard resourcing is assessed during the life of the Plan with the potential to increase to two (2) lifeguards winter mid-week to provide back up to other lifeguard on duty. **\$49,485.36 commencing in 2026-2027.** 

#### Recommendation 18

That Discovery lifeguard resourcing is assessed over the life of the Plan with the potential to increase to two (2) lifeguards on weekends September to May to provide back up to other lifeguard on duty. **\$29,632.12 commencing in 2024-2025** 

#### Recommendation 19

That Discovery lifeguard resourcing is assessed over the life of the Plan with the potential to increase to two (2) lifeguards midweek September to May to provide back up to other lifeguard on duty. **\$53,745.56** commencing in 2025-2026

#### Recommendation 20

That Discovery lifeguard resourcing is assessed over the life of the plan with the potential to increase to two (2) lifeguards winter weekends to provide back up to other lifeguard on duty. **\$25,640.08 commencing in 2026-2027** 

#### Recommendation 21

That Discovery lifeguard resourcing is assessed over the life of the Plan with the potential to increase services based on statistics and incidents. **Commencing in 2027-2028** 

#### Recommendation 22

That North Lunch Relief Rove is increased to cover winter midweek service level to cover all single lifeguard location lunches, rove unpatrolled stretches of beach and provide back up from Marcoola to Twin Waters. \$32,862.23 commencing in 2025-2026

#### Recommendation 23

That Marcoola lifeguard resourcing is assessed over the life of the plan with the potential to increase to two (2) lifeguards September Christmas and Easter school Holidays. **\$27,630.08 commencing in 2025-2026.** 

#### Recommendation 24

That Marcoola is assessed with the potential to increase to a Tier 1 service to include mid-weekdays May to September. Marcoola would be patrolled by 1 lifeguard 365 days a year. **\$72,236.00 commencing in 2026-2027.** 

#### Recommendation 25

That Marcoola lifeguard resourcing is assessed over the life of the Plan with the potential to increase to two (2) lifeguards winter weekends. **\$26,665.69 commencing in 2027-2028** 

#### Please Note:

- \*All totals exclude GST.
- With the high growth periods predicted in the coming years, Surf Life Saving Queensland recommend adopting a three-year plan, with a holding period prior to years 4-5, to allow for a

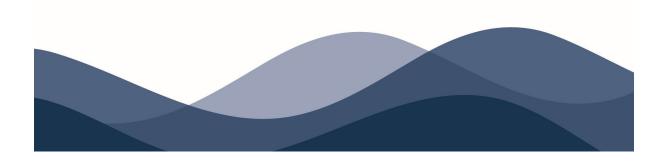

~~ ! -

revision of the initial recommendations 3 years down the track with the ability to amend to better suit the service requirements at that time (changing foreshore, population growth).

# **Future Directions**

The actions outlined in this Service Plan will provide an equitable level of service and ongoing high level of beach safety along the Sunshine Coast over the coming five years.

Table 12: Proposed	tiered service levels at 2023/2024
Tier	Patrol Beach/Area
Level 1	Kings Beach, Dicky Beach, Mooloolaba Main and Spit, Alexandra Headland, Maroochydore, Twin Waters, Mudjimba, Discovery Beach and Coolum (Coolum Resort not currently active)

The Sunshine Coast Ecological Park Master Plan

### Acknowledgement of Country

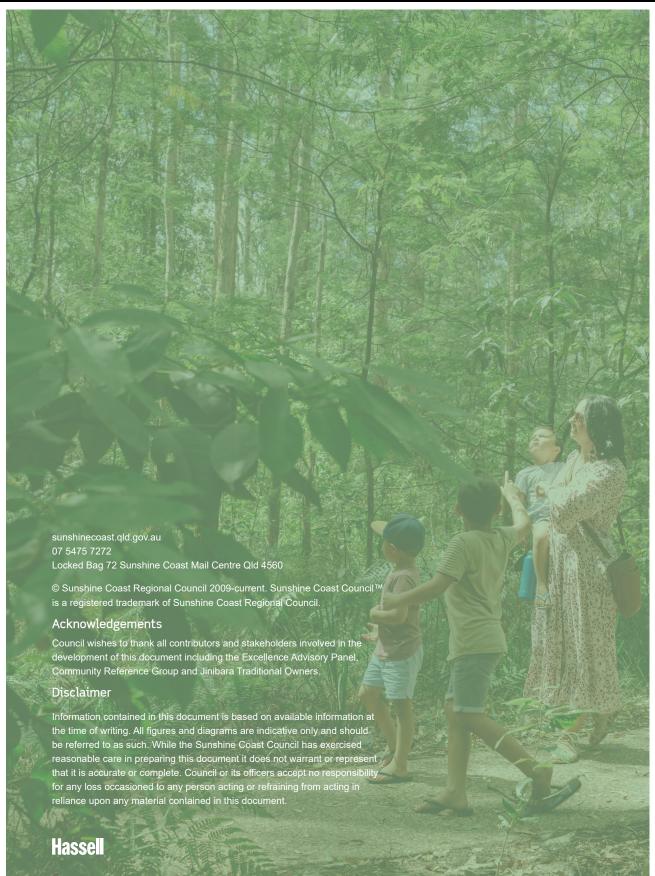

Sunshine Coast Council acknowledge the Jinibara and Kabi Kabi peoples and he peoples whose lands and waters we all now share. The Traditional Owners' unique values and ancient and enduring cultures deepen and enrich the life of our communities.

Through important cultural events such as the Bunya Festival, this region has beer a place of celebration, abundance, connection and kinship for thousands of years.

Every three years from December to February, thousands of First Nations people from across Queensland descended on the Sunshine Coast to feast on the bunya nut, meet friends and relatives, and engage in trade, governance meetings, cultura activities, marriages and dispute settlement. Many people walked hundreds of kilometres for this important festival.

Truth telling is a significant part of our journey. We are committed to better understanding the collective history of the Sunshine Coast and the experiences of First Nations people. Legacy issues resulting from colonisation are still experienced by Traditional Owners and First Nations people. We recognise our shared history and will continue to work in partnership to provide a foundation for building a shared future with the Jinibara people and the Kabi Kabi people. Sunshine Coast Council acknowledges the Traditional Owners of the Sunshine Coast, and pays respects to their elders past, present and emerging.

Sunshine Coast Ecological Park Master Plan

01 Introduction 'Back to Nature' the Sunshine Coast Ecological Park Master Plan, establishes a framework for a new destinational park which expands the green space of the region.

The project provides an opportunity to create a unique park in-tune with the natural environment. The new Ecological Park will service the entire and how we live in the environment, Sunshine Coast, providing a significant with a strong focus on integration. It green space for people to enjoy, while contains policy positions relating to celebrating the amazing biodiversity of the region's natural environment.

## Purpose of this Master Plan

This Master Plan provides a road map Park. To activate and implement to guide the park's establishment and evolution for coming generations. The plan reflects a range of ideas and strategies that have been informed by stakeholder engagement, community feedback and technical investigations.

## Policy context

Sunshine Coast Council has a strong established policy framework to support facilitating the vision of the Sunshine Coast as 'Australia's most sustainable region - healthy, smart, creative'. Two key policies provide the strategic framework for the Ecological Park:

1. The Environment and Liveability Strategy 2017 provides detailed strategic directions for the natural, built themes of landscape character, social infrastructure, biodiversity, open space and sustainable design, which are all overarching drivers for the Ecological these policy positions, the following these themes:

- Transformational Action 14 -'Expanding the green space
- -Securing and activating space for future generations through an accelerated strategic land program to improve conservation, flood mitigation and sport and recreation
- -'Establish the ... Ecological Park and recreation destination for the region'.

2. Council's Corporate Plan 2023-2027 includes a Strategic Priority to 'expand the green space by establishing five major green spaces, two major sport and recreation precincts, creating a major Ecological Park and continuing to work with major developers to secure public land'. The five major green spaces are identified in both the Environment and Liveability Strategy 2017 and Council's Corporate Plan:

- 1 Regional Inter-urban Break
- 2 The Coast
- 3 The Blue Heart
- 4 Lower Mooloolah River
- 5 Mountain View

The Ecological Park is located within the 'Mountain View' green space and provides an opportunity to strengthen and expand the existing Mary the Sunshine Coast hinterland.

Strong ties to Mary Cairncross Scenic Reserve The Sunshine Coast Ecological Park is a major new open space with the potential to become a regionally significant destination. Strategically located adjacent the natural jewel of Mary Cairncross Scenic Reserve (MCSR), the park presents a once-in-a-generation opportunity to strengthen and expand this ecological asset.

Mary Cairncross Scenic Reserve comprises 55 hectares of subtropical rainforest overlooking the Glass House Mountains. The Reserve is a living museum of diverse plant and animal life that once covered the Blackall Range and an amazing ecological asset for the community to enjoy. The Sunshine Coast Ecological Park will deliver a 'release-valve' from the current visitor pressures on MCSR and protect the diverse ecological value of the old growth forest.

The Ecological Park will heal Country - embracing First Nation's cultural knowledge and continue the work of caring for and protecting the Country that sustains us

## Background

Council acquired 65 hectares of land between 2016 and 2018 for the creation of the Ecological Park. Four rural lots were purchased using funds from the Sunshine Coast Council Environment Levy and the Local Government Infrastructure Plan – Parks and Land for Community Facilities.

Prior to colonisation the site was part of a lush subtropical rainforest ecosystem, featuring waterways and undulating topography. It was, and still is, the land of the Jinibara People. In recent history the site has been modified for farming practices through clearing of remnant vegetation and alterations to the waterways and wetlands.

The Ecological Park will be a story of repair, recreation and education, that delivers significant environmental and social benefits. The project will transform existing pastoral land into a cherished park space, that will grow and develop with the Sunshine Coast community. The existing farmland provides an unfettered canvas to realise unique nature-based spaces, amenity and elements. Affording opportunity for curated community and cultural programming within a restored forest setting.

The park will provide a green asset that allows people to have a deep engagement with nature and be inspired by a Traditional Owner philosophy of 'Healing of Country'.

Returning endemic rainforest to create a legacy for future generations

STATE

Sunshine Coast Ecological Park Master Plan

## 27 JULY 2023

30 YEARS OF RESTORATION

## A new kind of park

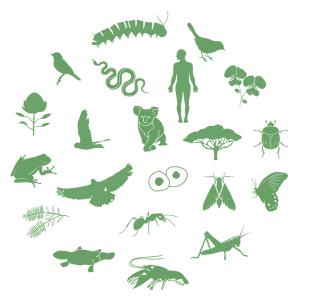

The Ecological Park presents a significant opportunity to create a new style of park that considers people, wildlife, resources and vegetation equally - a genuine balance of recreation and ecological restoration.

## HUMAN-CENTRIC TRADITIONAL PARK

Source

 Diagram adapted from German architect Steffen Lehmann, Eco v Ego diagram 2010

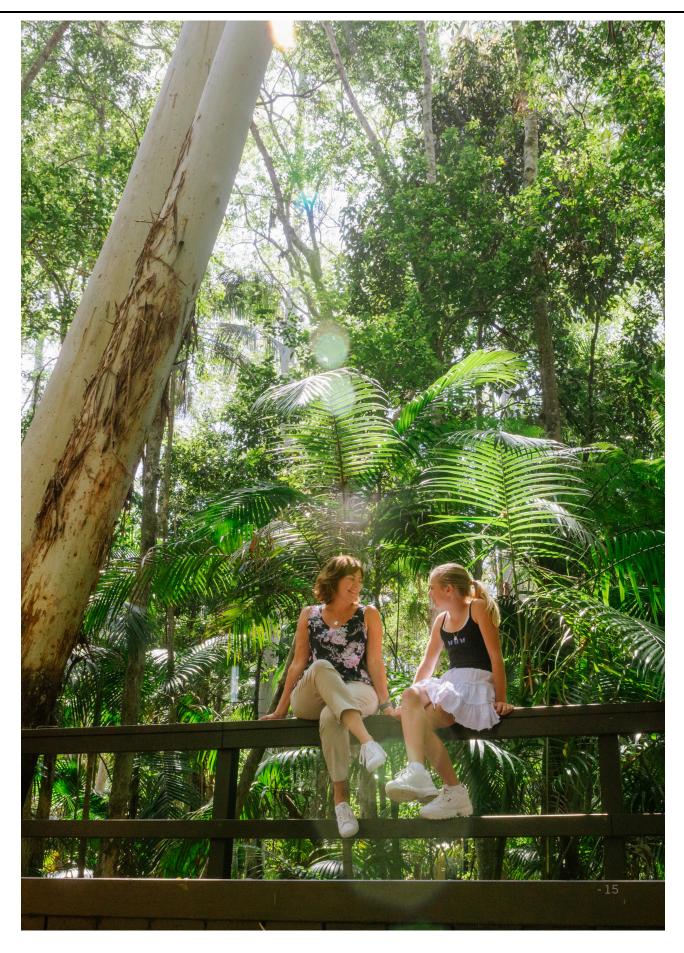

## NEW CO-HABITATION ECOLOGICAL PARK

## Cohabitation

The Ecological Park will create a distinct open space that balances the needs of people, wildlife, resources and vegetation equally; a place that establishes a genuine balance of recreation and ecological restoration.

The concept for the park explores the idea of co-habitation, which fosters a relationship within living systems and a sharing of the same place. It is critical that we expand open spaces design beyond a 'human-centric' approach, conceived for our 'own' personal comfort and create a shared space for all species. A place which aligns with First Nation ideas of 'Caring for Country' and creates habitat and space for all.

Sunshine Coast Ecological Park Master Plan

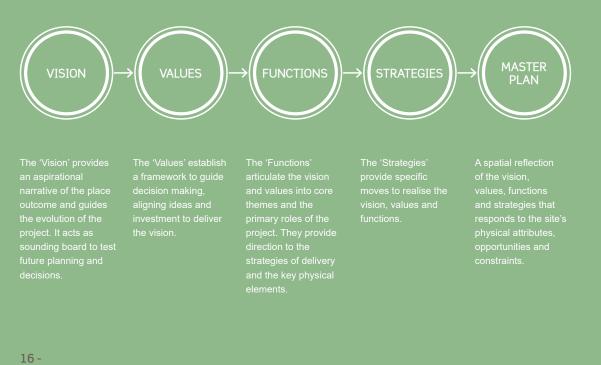

27 JULY 2023

02 Our Vision A place of cherished nature and ecological wonder for generations to discover and enjoy

## Strategic process

To ensure that the Ecological Park delivers on Council's visit environment and liveability aspirations, as well as community feedback, a strategic process has been developed to guide all phases of the project.

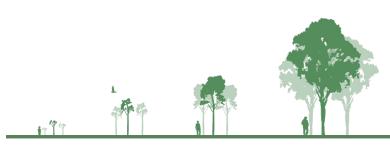

## **Our Values** AN ECOLOGICALLY VALUABLE, **RESILIENT AND CONNECTED** LANDSCAPE. A PLACE THAT WELCOMES PEOPLE TO LEARN, PLAY AND CONTRIBUTE TO THE FUTURE.

BACK TO NATURE

A PLACE TO BE INSPIRED BY NATURE.

## A PLACE THAT SHARES THE STORIES OF LOCAL PEOPLE AND THE NATURAL HISTORY OF THE REGION.

## A park that will grow and develop with the Sunshine Coast community

Sunshine Coast Ecological Park Master Plan

27 JULY 2023

AN IMMERSIVE EXPERIENCE THAT PROMOTES BALANCE, **RESPITE AND REVIVAL.** 

A PLACE OF UNEXPECTED AND SPONTANEOUS DISCOVERY.

## 03 Community Engagement

This Master Plan has been prepared with the input from the community to ensure that the project delivers a balanced mix of park activities. education and ecological restoration.

## Three key functions emerged from the community engagement:

## A Recreation and Wellness

Nature based recreation was supported, with a preference for creating places of calm respite and passive activities in nature. There was a desire to avoid highly active elements such as ziplines and sports fields. The creation of a variety of safe and comfortable outdoor rooms that provide a range of experiences and natural adventures, including nature-play was supported.

Respondents identified the creation of a network of connected paths and trails, both within and linking outside the park as important. Walking trails were well supported and identified as the highest priority for survey participants.

Community feedback was strongly in favour of accessibility for people with mobility issues and activities for all ages

## Ecology and Restoration Respondents supported ecological

strategies, including corridors for wildlife movement and vegetation buffers to protect Mary Cairncross Scenic Reserve. Restoration and regeneration of the park received overwhelming support. Creating habitat for wildlife and the planting of indigenous plants is considered a priority for the community.

Regeneration of wetlands to re-establish the natural waterways, so they once again become a place of importance to native animals such as fish, macroinvertebrates, frogs and birds was also strongly supported.

People recognised that the adjacent Mary Cairncross Scenic Reserve as 'over-loved' and that there was opportunity to expand and enhance offering through the creation of the new park

Community support for connections to Mary Cairncross Scenic Reserve varies between enthusiastic endorsement to connect the two spaces and 'share the load', while others feel that connecting the two spaces may potentially impact on the Reserve.

Any interfaces proposed within this Master Plan have been strategically arranged to minimise potential impacts on MCSR. The proposed connection will be subject to further detailed studies, reviews and expert advice during future detailed design stages to ensure final solutions are sensitively integrated in an ecologically responsible manner.

BACK TO NATURE

## Solution Sector Sector and Culture

Spaces to experience the stories, history and values of Jinibara People, the traditional custodians of the area, was overwhelmingly supported by the community.

Respondents highlighted support for exhibitions, interactive installations and artworks that interpret and reveal stories of the people and natural history of the region.

Strong support was recorded for stewardship opportunities, restoration and legacy planting with volunteers keen to help and lend their expertise, skills and time to support the restoration works of the Ecological Park.

Other suggestions included the facilitation for research and education to learn about local ecology and history.

## Interface with Mary Cairncross Scenic Reserve

The relationship of the new Ecological Park to Mary Cairncross Scenic Reserve (MCSR) is mutually beneficial, and Council are acutely aware of the responsibility that comes with working adjacent to this significant natural asset.

04 Functions and Strategies Twelve strategies to guide the future of the Ecological Park

Three overarching functions and twelve strategies reflect the aspirations and themes the community shared during the engagement process - providing clear roles and objectives to realise the vision and values.

Ecology and Restoration

## 27 JULY 2023

Located on the western end of the park, The Hub will be the home of operations, research, and community stewardship. It is the 'engine-room' of the park, where Stewardship. It is the engine-room of the park, when Council and community come together learn and ar

Treetop Bridges will unify the two sides of the park and deliver a highly accessible pathway that leverages the site's natural terrain to create a unique nature-based attraction BACK TO NATURE

## Organising the precincts and taming the terrain

While the precincts respond to the site's natural features, the park's steep terrain represents a key challenge. With a significant level change of 20m from the main entry to the creek, the site's existing topography creates a natural barrier.

This Master Plan flips this challenge into a major opportunity through the proposed Loop Path and Treetop Bridge. The Treetop Bridge unites the two sides of the park and delivers a highly accessible pathway for all. The Treetop Bridge leverages the site's natural terrain to create a unique nature-based attraction set within the lush canopy. The Loop Path and Treetop Bridge creates a legible, central organising element to connect the park's various precincts and spaces.

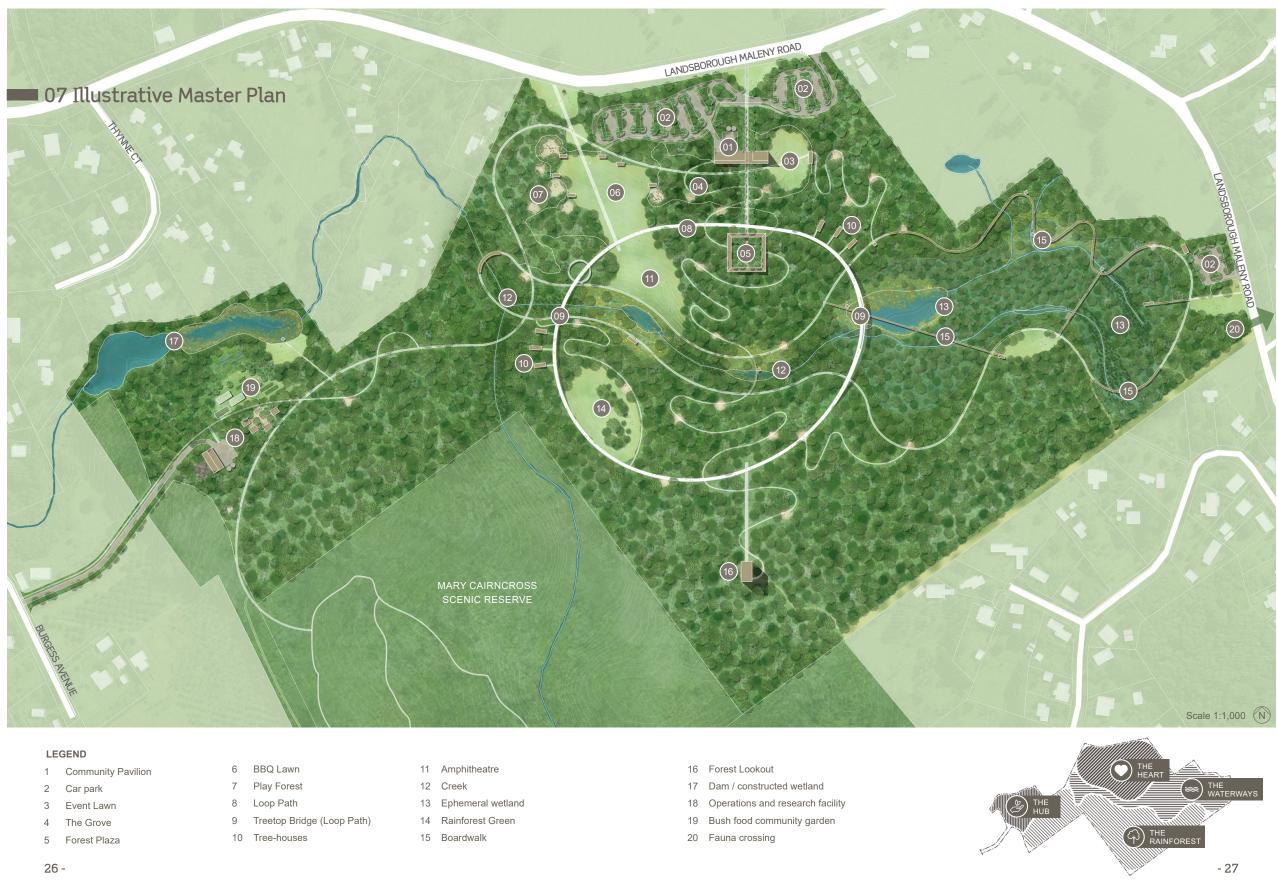

The site is divided by steep terrain, with a 20m level change from street to creek

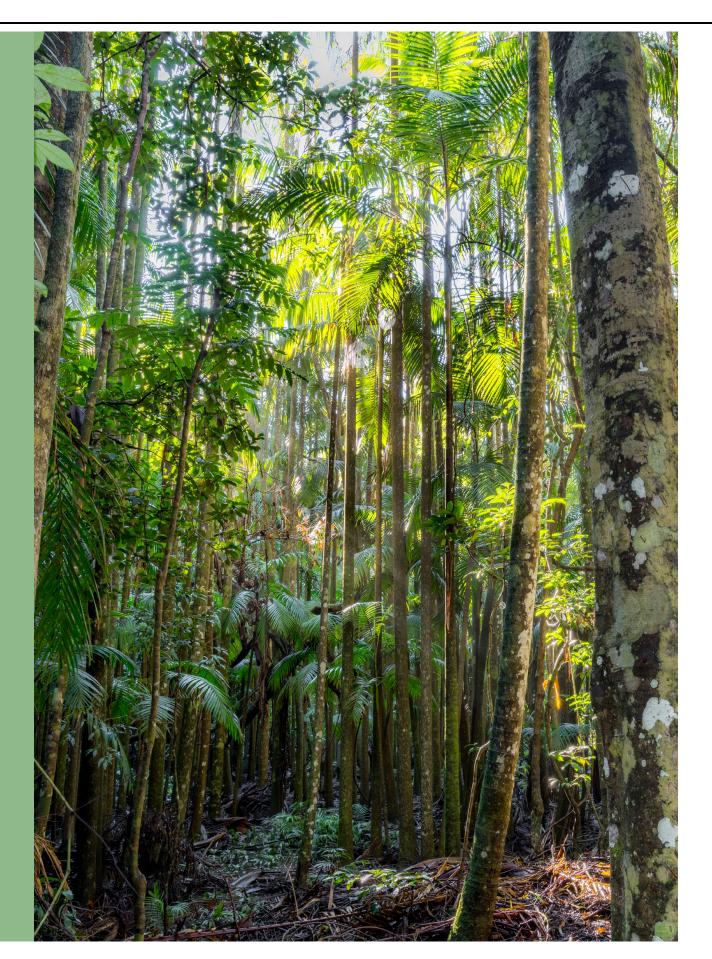

The Loop Path and Treetop Bridges will link the two sides of the creek and provide access for all

## 08 Realising the Strategies

overarching functions outline clear objectives for the future Ecological Park. Each strategy is supported by a series of spatial moves and key manoeuvres which will enable its realisation and assist in bringing the vision to life.

OM Minutes Appendices Page 192 of 471

BACK TO NATURE

## **Recreation and Wellness**

## A focused community heart

Cluster core community infrastructure to create vibrancy and activity - nurturing recreation and conservation throughout the park.

At the heart of the park, community infrastructure is centralised to provide a recreational and social gathering space for activity-focused functions. The concentration of active uses allows the majority of the park to play a more passive and ecological role delivering a genuinely balanced outcome.

## Spatial moves

- 1 Car park: a 'green' car park including filtration gardens providing primary access to the park
- 2 Community Pavilion: a multifunctional and adaptable facility including space for events, amenities and retail
- 3 Event Lawn: a flexible and level space for community use which can be utilised for boutique events
- 4 The Grove: a pocket of existing rainforest, with opportunities for gatherings, play and informal trails below the mature tree canopy
- 5 Forest Plaza: a heavily shaded and open outdoor room for groups to dwell or host local markets
- 6 BBQ Lawn: an open area for picnics or to throw a ball supported by BBQ shelters
- 7 Play Forest: a collection of unique nature play spaces and elements for all ages and abilities
- 8 Amphitheatre: a natural lawn amphitheatre flowing down to the creek for everyday relaxing in the sun or small performances

30 -

Key manoeuvres

Co-location: create a critical mass of generous tree canopy and stormwater core amenity co-located to establish an active and safe heart, as well as allow ease of use and maintenance due to proximity

> Social value: create social value by creating a community destination which reaches out to the Sunshine Coast community, ensuring that the park will lead to lasting positive impacts in terms of health and well-being, quality of life, diversity, inclusion and future outcomes

Sunshine Coast Ecological Park Master Plan

OM Minutes Appendices Page 193 of 471

27 JULY 2023

BACK TO NATURE

## **Recreation and Wellness** A series of Forest Rooms

Establish a diverse collection of spaces defined by vegetation, offering adventure, play, discovery, reflection and gatherings.

This Master Plan acknowledges that the park's broad range of users may value and utilise open space differently, resulting in a range of space types being embedded within the park's fabric. Throughout the park, visitors can find an exciting and variable array of nature-based experiences to be unlocked as they travel through the pathway system.

## Spatial moves

Intimate Forest Rooms\*: unique spaces immersed in nature where visitors experience a sense of surprise and delight as they discover varied and distinct 'outdoor rooms' across the park creating unexpected and playful forest

Large Forest Rooms: larger park spaces are to be defined by dense vegetation to create 'walls' and structure to strengthen the connection to nature

\*Note: Final locations and sizes of 'Intimate Forest Rooms' are indicative pending further detailed investigat

## Key manoeuvres

Comfort and scale: ensure a variety of space sizes and scales within the shade of the forest for individuals and groups to lose themselves in nature

Nature-based recreation: create unique opportunities for nature-based spaces, carefully nestled within the play and recreation for both adults and children

34 -

Sunshine Coast Ecological Park Master Plan

MOUNTAIN VIEW ROAD

## **Recreation and Wellness**

## A sustained connection to nature

Create a green refuge for the community, promoting health and wellbeing through immersive experiences within nature.

Accessible and habitable nature-focused spaces support relaxation, wellbeing and overall health for visitors. Offering an immersive experience means that the park should feel like a place apart from daily life, allowing authentic interactions with the outdoors. The park should engage all the senses (memory, hearing, touch, smell and where appropriate, taste) encouraging a deep connection to nature.

## Spatial moves

## Tree canopy

••••• Pathways: promote health and wellness with multiple walking tracks through the revegetated forest

Retreat spaces: focused sanctuary spaces of quiet calm to recharge and reconnect with nature

Tree houses: elevated pavilions providing a sheltered space to experience the growing forest Key manoeuvres

**Tree cover:** over 70% of the site will be revegetated to ensure that a deep connection to nature is ever-present within the park

Balanced experience: spaces are to be separated and buffered with vegetation to ensure the nature experience is not diminished by crowds

38 -

Sunshine Coast Ecological Park Master Plan

Sunshine Coast Ecological Park Master Plan

BACK TO NATURE

## **Recreation and Wellness**

## A connected and accessible park

Provide a safe and accessible park for everyone, sensitively connected within and to the surrounding landscape.

## Pedestrian movement

Providing clear, legible and accessible circulation around the park is integral to the visitor experience. A clear hierarchy of pathways will assist visitors to navigate the park, whether their goal is to wander, linger, enjoy the park itself, or to find a direct route to a desired destination.

## Spatial moves

Loop Path (1.1km\*)

## Loop Path Treetop Bridges

- Entry paths
- Water Circuit (2.5km\*)
- •••• Dundalli Walk (1.7km\*)
- Sensory Walk (0.36km\*)
- Mary Cairncross Walk (1km\*)
- --- Existing MCSR connection
- ---- Minor paths

\*Note: 400m is approximately 5 minutes walking

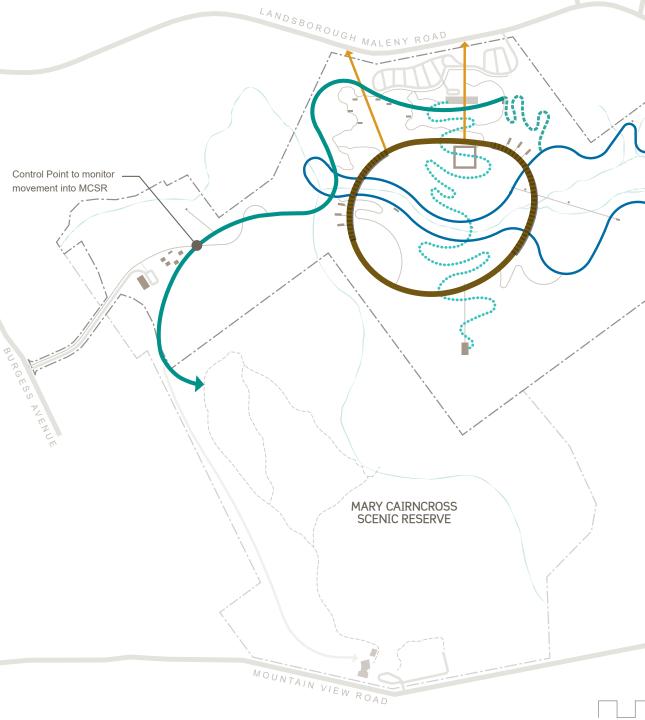

## Key manoeuvres

**Create a network:** Establish a diverse network of integrated routes that take people on a journey of ecological discovery

**Journeys for all:** establish a diverse hierarchy of pathways that cater to the needs of all ages and abilities and planned stay time

Universal access: all pathways will provide compliant access to the steep terrain of the site

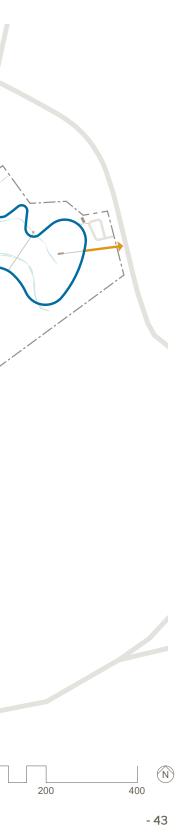

Buggy access: provide opportunity for buggy access to remote park destinations (including the Forest Lookout) to allow people with disabilities and the elderly to experience key park elements

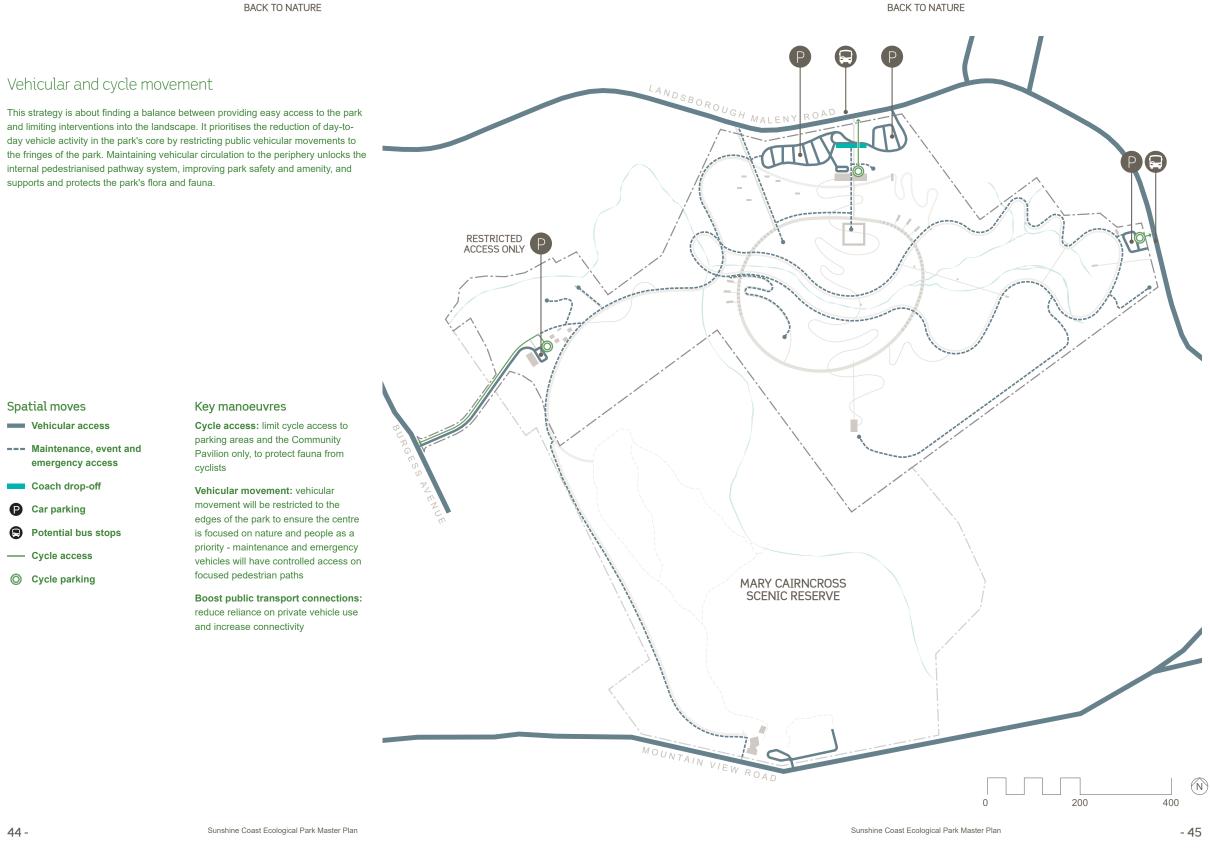

42 -

27 JULY 2023

OM Minutes Appendices Page 200 of 471

## 27 JULY 2023

## Beyond the park

**Permeability and linkages:** ensure the park is integrated within the local context to provide a porous and connected open space

**Broader trails:** create opportunities to connect to walking trails beyond the park, including those in MCSR, Maleny Community Precinct, Maleny Trail, Gardner Falls, the Glass House Mountain National Park and potentially the hinterland

Upgrade footpath to Landsborough Maleny Road: create a shared footpath to Landsborough Maleny Road: create a shared footpath connection to Maleny Town Centre, and local retail centres (corner of Landsborough Maleny and Mountain View (Maleny Community Precinct) to increase connectivity and encourage walking and active transport (subject to TMR approval)

- Vegetation management essential habitat
- Open space and recreation

- - Potential future recreational trails

BACK TO NATURE

## **Ecology and Restoration**

## Expand and buffer Mary Cairncross Scenic Reserve

Complement the mosaic of ecosystems within Mary Cairncross Scenic Reserve and safeguard the existing old growth forest.

Mary Cairncross Scenic Reserve speaks for itself; a stunning and well-loved piece of ecological infrastructure that has long provided value to the region. The Ecological Park wishes to complement the reserve, while preserving its individual integrity.

## **Revegetation treatments**

- 1 Vine Forest: RE 12.8.3 complex notophyll vine forest
- 2 Tall Forest: RE 12.8.8 small pockets of Eucalyptus Grandis with vine forest understorey
- 3 Watercourse Forest: RE 12.3.1a - complex to simple notophyll vine forest
- 4 Riverine Wetland: derived from RE 12.3.1a – Waterhousea Floribunda predominant fringing stream channels - includes Piccabean stands
- 5 Palustrine Wetland: RE 12.3.4 on floodplain area canopy of Eucalyptus Robusta with understorey sedges and macrophytes
- Low shrub/grass/sedge 6 managed areas: floristics derived from RE 12.3.1/12.3.4 strategically used on northern side of open water bodies to limit shading, and on the bulk fill area limited canopy

48 -

- **Existing open waterbody:** Macrophyte plantings to open waterbody edges and benches - floristics derived from RE 12.3.1/12.3.4
- **Buffer:** provide and prioritise a significant buffer to protect the existing old growth forest within MCSR (reduces edge effects including light and weed pressure impacts on the boundaries of the park)
- Key manoeuvres

Forest restoration: establish a series of ecosystems to improve existing biodiversity and reflects the historic landscape types of the area

Improve soil: improve and ameliorate site soil to ensure the long term maturity of revegetation, while also supporting micro-organisms and resilient ecosystem processes

Bio-security: foot-wash stations will be strategically located at entry and control points to minimise risk of visitor bringing pests or disease-causing organisms into the park

Habitat quality: revegetation and restoration to provide long term extended fauna 'home ranges'

Sunshine Coast Ecological Park Master Plan

## The evolution of the Vine Forest

## The Vine Forest will be the primary habitat restored on the site.

The Complex Notophyll Vine Forest (RE 12.8.3) will be the major ecosystem reinstated at the Ecological Park and will complement the dominant typology of old growth Complex Notophyll Vine Forest existing in Mary Cairncross Scenic Reserve. The Vine Forest along with the various vegetation treatments proposed within the Ecological Park will support the site's biodiversity.

The adjacent sections illustrate the indicative growth projections of the Vine Forest over 30 years, outlining the process and common fauna species that will emerge over time.

10 vears

30 years

## Description

## Common Fauna Spe

## The forest after 1 year

As revegetation is established, fauna habitat opportunities for butterflies, reptiles and small birds are maintained in the first year. The forest will evolve to support a more diverse range of species as the canopy establishes.

## The forest after 10 years

Planted vegetation now achieves 8 -12m with a closing juvenile canopy. As the canopy closes, the forest fruits and shelter is provided. Gregarious bird species from MCSR, are likely to move into the site, including the Paradise Rifle Bird, Green Cat Bird and the Noisy Pitta. Timber pile habitats will now provide refuge for rentiles, froos and small mammals

## The forest after 30 years

The forest is now increasingly resilient to disturbance. Populations of uncommon species have migrated out into rehabilitated areas, including the Great Barred Frog and the Vulnerable Cascade Treefrog. The tree canopy is well advanced and able to support hollow dependant fauna such as Squirrel Gliders. Shrub and groundcover layers provide sufficient security for macropods to move throughout the site expanding MCSR habitat range for Red-Legged and Red-Necked Pademelons.

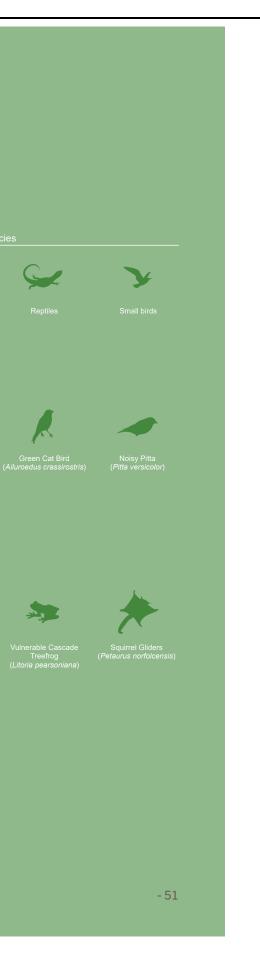

## Great barred Frog

Red-legged and Red-necked Pademelon (*Thylogale stigmatica, T.*

## Ecology and Restoration

## Protect, enhance and celebrate water

Rebuild the ecological function and resilience of the wetlands and creek system and allow water to be a valuable part of the park experience.

Revitalising the park's waterways will deliver functional enhancement, maintain and enhance biodiversity, ensure aquatic fauna passage connectivity and provide opportunity for improved resilience, all while adding a slow meandering experience for people to traverse and enjoy at strategic locations and access points. The creek corridors will be made accessible to the public, providing pedestrian access through specific infrastructure to the waterway system along with interpretive material, delivering social amenity and improving environmental appreciation.

## Spatial moves

- Boardwalk
- O Fish-friendly weir
- (a)# Steppers
- **=** Water terraces
- Shelters and platforms
- Ephemeral wetland
- Constructed wetland
- Macrophyte pool
- Dam
- Dam wall
- --- Waterway

## Key manoeuvres

Rehabilitated aquatic habitats: improve waterway habitat supporting fauna, such as the Cascade Treefrog, Giant Barred Frog and Maleny Spiny Crayfish and Platypus (simultaneously decreasing habitat for introduced fish species such as *Gambusia Holbrooki*)

Water quality: restore wetlands to improve water quality and reduce nutrient loads (eg. nitrogen)

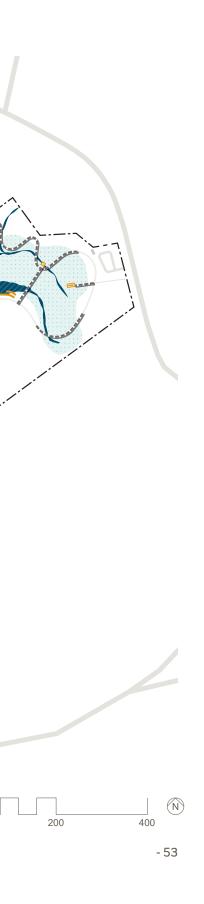

Spaces to interact: create focused spaces for visitors to interact with water on-site via steppers, water terraces, boardwalks and shelters

Sunshine Coast Ecological Park Master Plan

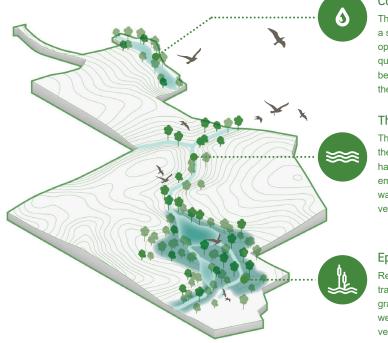

52 -

**Sunshine Coast Regional Council** 

## Water will bring life and richness to the park

Restoring the ecological function and resilience of the wetland and creek system will allow water to be a valuable part of the park experience. Waterway restoration incorporates three distinct zones: the ephemeral wetland, the creek and the constructed water bodies.

## Constructed water bodies The conversion of the existing dam into a stormwater treatment wetland and open water body will improve water quality leaving the site. This will also become a water source for use across the parkland site.

## The creek

The stabilisation and revegetation of the creek will re-establish a range of habitats including pools and riffles, emergent macrophytes and significant watercourse and riverine forest riparian vegetation.

Ephemeral wetland Re-wetting this broad, flat space will transform this area from terrestrial grasses and weeds to a large floodplain wetland, containing a mix of native vegetation and habitats including open water, emergent macrophytes, swamp mahogany forests and rainforest communities.

## Creating places to connect with water

Water is a key element in nature and many great parks, and the Ecological Park's creek and wetland will be important destinations. Visitors will be encouraged to get up close to riparian features and habitat, with both views and controlled physical access being provided. Spaces for birdwatching, meandering along boardwalks, jumping across stepping stones and dwelling on water terraces will all be provided within the park. These activities will strengthen people's connection with the natural world.

Boardwalks

## Ecology and Restoration

## A beacon of environmental sustainability

Apply environmental excellence in all aspects of planning, construction and operation - supported by community involvement and stewardship.

The Ecological Park will rigorously consider environmental sustainability. Best practice principles are embedded in design and planning through restoration, reuse, and rehabilitation activities.

## Spatial moves

1 Solar farm

- 2 Seed collection and native nursery
- Car park bio filtration
- Polishing wetland- treating filtered waste water for reuse
- **Turf wicking irrigation -** sourced from car park runoff
- Green waste recycling
- **Electric car charging station**
- 🛞 Solar
- Rain water tank
- Stormwater tank (underground)sourced from car park runoff
- Septic treatment
- Carbon sequestration through revegetation

Key manoeuvres

**Carbon:** create a carbon positive facility which sets a new benchmark in sustainability for the region

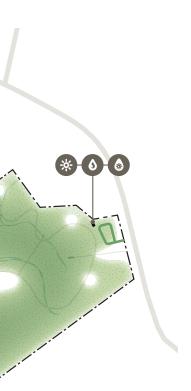

**Construction and operations:** undertake best practice sustainability measures in the construction and on going operations of the park

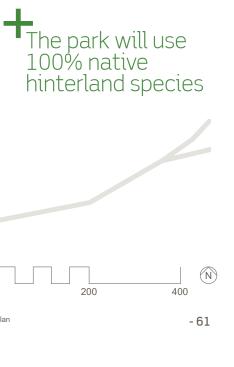

**Plant selection:** utilise only endemic and native planting from the Sunshine Coast hinterland

Water harvesting: capture and treat roof rainwater and car park stormwater for reuse on site

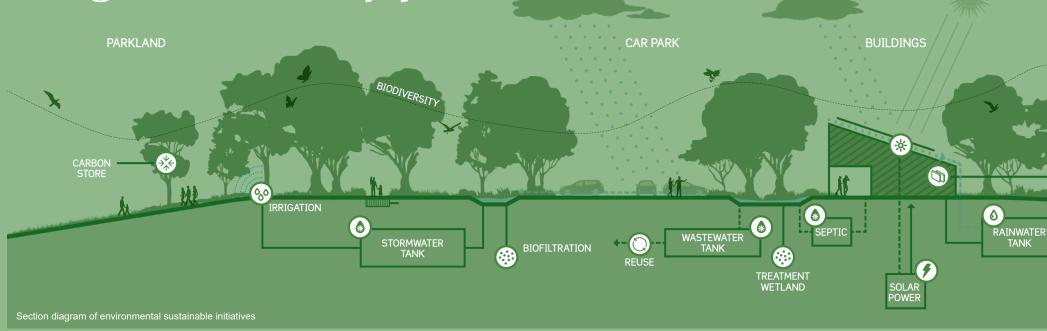

Sunshine Coast Ecological Park Master Plan

Sunshine Coast Ecological Park Master Plan

## Sustainability at the core of the park's planning and design, use and enjoyment

Best practice sustainability principles will be utilised throughout the park - aligning with Council's goal to be Australia's most sustainable region.

## Net zero water

This Master Plan targets a net zero water demand through water reuse and storage. A water collection system will capture roof rainwater from buildings for potable re-use. Building wastewater will also be treated and stored for reuse within the park.

The park's irrigation and maintenance needs will be largely sourced from captured and treated run-off from car park areas. During establishment, the park's irrigation demand may require supplementation by other sources, such as the existing dam and bore water.

## Carbon capturing

Restoration and revegetation of cleared area and ephemeral wetlands will be used to sequester carbon in the atmosphere. These heavily vegetated areas will also create significant increases in biodiversity, providing habitats for a multitude of plant and animal species. The resulting improvement in soil nutrition and stability will increased soil water storage and reduce erosion

## Material selection

The design will aim to eliminate the use of materials that have high environmental and social impacts, including high toxicity materials, plastic non-renewable sourced timber product and high-VOC materials.

This Master Plan will demonstrate a preference for locally sourced, ethically produced and low embodied carbon materials. Future designs will also focus on material efficiency - using structural and design techniques to use less material and utilise detailing techniques that will preserve the value of materials for as long as possible.

## Energy

The overall design will target renewable energy outcomes to reduce the carbon footprint of the park. Rooftop photovoltaics and a focused area of solar farming combined with battery storage will be utilised to minimise energy consumption. Passive design strategies will also be employed to reduce greenhouse gas emissions including, natural ventilation, orientation, thermal mass and insulation.

62 -

**Sunshine Coast Regional Council** 

## Regenerative design

The design will undertake life cycle carbon and cost assessments throughout the future detailed design process to inform decision-making. Zero waste strategies will be incorporated into the building and landscape design, including features that promote circular thinking. Following circular economy principles, the park will aim to minimise waste and pollution, keep products and materials in use, and regenerate natural systems.

- 63

BACK TO NATURE

**Ecology and Restoration** 

## Experience the evolution

Engage all generations throughout the restoration journey to strengthen knowledge and understanding of ecological values and respectful interaction.

The restoration journey of the park offers a two-way street between nature and the community - the ecology of the park will be transformed and strengthened over time, as will the community who engages with it. The restoration journey offers a powerful opportunity to pull the community in and spread genuine care and knowledge of ecological values, respect and responsibility.

## Spatial moves

- Potential research facility
   (subject to partnership)
- Treetop Bridge vantage point:
   elevated location to watch the
   forest evolve over time (including
   Tree houses)
- Water circuit and boardwalk

   vantage point: an at-grade

   pathway to watch the forest evolve

   over time
- **Temporary education trails:** paths to learn about the revegetation works and observe butterflies and small birds present during early phases of restoration
- Pollinator garden: support pollinator population growth and learning opportunities about the role of pollinators in nature

## Key manoeuvres

Living laboratory: the park provides a significant opportunity to study, research and share information on topics such as restoration, biodiversity and rainforest environments at elevation across the entire park

Showcase the progress: utilise the Community Pavilion and digital platforms to share and document the restoration journey of the park to allow the community to interact an engage with ease

64 -

Sunshine Coast Ecological Park Master Plan

Sunshine Coast Ecological Park Master Plan

## Transformation as part of the experience

## The Journey

The Ecological Park will undergo a long restoration journey which will not be done overnight. This evolution is a key part of the park's experience, where the processes of ecological repair and revegetation are an ever-changing component of the park's narrative. The growth and change of the park's forests will help educate visitors to understand and appreciate engage and reflect on their personal relationship with the local ecologies.

The Loop Path and Treetop Bridge will be key elements to ensure that the park provides spaces for people to enjoy and appreciate the inherent beauty of nature - providing a platform to experience the restoration process, and develop a sustained and meaningful connection with the park and the natural world.

## Creating a deeper understanding

The park and its experience should be designed to spark conversation and intrigue about the natural world, so that the knowledge and appreciation goes beyond the site's boundary, extending into people's homes and communities. The park will create opportunities for people of all ages to learn, pause, environment and help foster a stronger connection to nature.

66 -

Sunshine Coast Ecological Park Master Plan

Sunshine Coast Ecological Park Master Plan

- 67

BACK TO NATURE

## Research, education and culture Celebrate local history and ecology

Inspire intergenerational learning by sharing stories of the land and people through art, interaction and interpretive elements.

The Ecological Park will offer a full suite of educational opportunities for people of all ages to expand their knowledge of local ecology and history. Beyond promoting learning about nature, the Ecological Park offers opportunity to strengthen ties between the community itself and appreciation of the timeless interconnection between the land and people.

## Spatial moves

- 1 Night sky venue: a venue for stargazing protected from urban light pollution
- 2 Sensory Garden: highlighting local endemic species
- Bat fly out venue
- Outdoor classroom (Yarning Circle)
- Interpretive play elements
- ••• First Nation interpretive walk
- -- Local history interpretive walk
- Ecological interpretive trail
- Night tour walk: along Loop Path
   and Treetop Bridge

## Key manoeuvres

Making green infrastructure visible: ensure environmental elements such as biofiltration, water collection are on display and are part of the informal learning experience

**Something for all ages:** create learning opportunities across all age groups

**Self-guided education:** utilise digital, audible and physical interfaces to share knowledge with all users

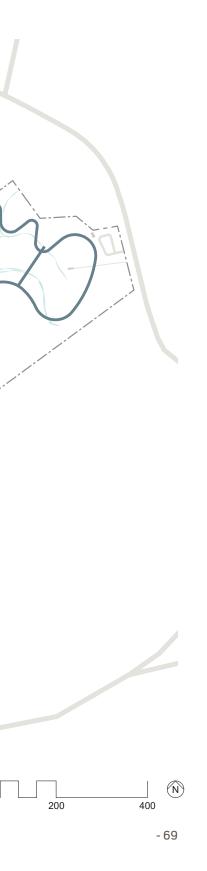

**Curated artwork:** provide contemporary artwork, both fixed and temporary, revealing the stories of the Sunshine Coast

Sunshine Coast Ecological Park Master Plan

LANDSBOROUGH MALENY ROAD MARY CAIRNCROSS SCENIC RESERVE MOUNTAIN VIEW ROAD

Sunshine Coast Ecological Park Master Plan

68 -

## A place to share cultural and natural heritage

## Education elements

Signage, experiences and insertions will be utilised throughout the park to tell stories and bring meaning and interest for the enjoyment of visitors. Revealing the layers of the past, builds an authentic experience grounded in 'place' where education, learning and conversations can occur. Interpretive elements will be utilised to:

- Promote local heritage (both Indigenous and European)
- Teach sustainable practices
- Build a meaningful place narrative
- Celebrate natural history

The following outlines potential educational opportunities to be explored in the park:

Traditional interpretation Markers, signage and graphics can be installed throughout the park at specific locations to highlight key features, stories and recognise historical figures and practices.

## Digital

Digital storytelling (and audio platforms) offer a contemporary method to present ever-changing nformation and curate narratives which can adapt with user interest and the park's evolution over time.

## age

The restored ecosystem will showcase the lush historic landscape of the site, set against the remnant vegetation of Mary Cairncross Scenic Reserve, revealing a strong story of the natural world and regeneration.

Art

Whether temporary of permanent, creative works have the ability to create memorable and meaningful experiences that share and interpret the histories and ecology

## rogram

Walking tours, events, outdoor classrooms and educational classes, all offer methods to share details and stories from the past and about the natural world.

27 JULY 2023

BACK TO NATURE

## Research, education and culture Connecting to Country

Provide a cultural conduit that promotes caring for Country and respects Aboriginal knowledge in partnership with Jinibara Traditional Owners.

Working in partnership with Jinibara Traditional Owners, the Ecological Park will be a space focused on the promotion on the acknowledgment of the connection that exists between land and people. The ecological park will be a place where the knowledge and centuries-long practices of Indigenous peoples can be understood and celebrated - benefiting both the ecology and community.

## Spatial moves

- 1 Community Pavilion: a curatable venue to share knowledge and culture
- 2 Jinibara office: a physical space (meeting room /office) for Jinibara, co-located with park operation facilities
- ••• Dundalli Walk: First Nations interpretive walk
- Cultural performance/event spaces
- Yarning Circle/outdoor meeting place: Spaces to practice culture on Country
- ← → Forest Lookout: with interpretive signage regarding surrounding Country and the Glass House Mountains
- First Nation artwork gateway markers
- First Nation public artwork
- ( Native bee hive: revealing stories of the Jinibara Totem
- EZZ Bush food community garden

## Research, education and culture

## A place to nurture community involvement

Facilitate activities which engage the Sunshine Coast community, fostering a sense of generational connection, ownership and pride.

The Ecological Park is fortunate to be surrounded by an active and engaged community. To truly serve this community, the park's range of activities needs to reflect the people who visit, offering opportunity for all to gather, connect and enjoy. In a truly reciprocal relationship, the park can be both take care of and be taken care of by the community.

## Spatial moves

- Event Spaces:
- 1 Community Pavilion
- 2 Events Lawn
- 3 Forest Plaza
- 4 Amphitheatre
- 5 The Hub: utilise operations area as HQ to organise stewardship programs
- Bush food community garden and nursery
- Key community focused restoration areas

## Key manoeuvres

A regular calendar of events: service a broad range of the Sunshine Coast community from markets to restoration events - always grounded in the 'place' and values of the park

**Community Pavilion:** create a flexible multi-functional space which can adapt over time to support cultural events, performances, art, education programs and potentially an artist or researcher in residence

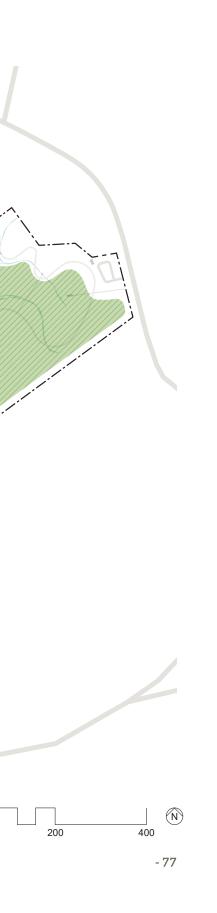

**Community partnerships:** build community partnerships through stewardship programs to collaboratively deliver conservation and biodiversity outcomes - empower communities to develop resilience through park features that build community cohesion and inclusion

**Community and gatherings:** provide large event open spaces for families and community to gather, picnic, celebrate and foster a sense of connection

Sunshine Coast Ecological Park Master Plan

76 -

Sunshine Coast Ecological Park Master Plan

OM Minutes Appendices Page 216 of 471

## Program and partnership

## Program Aspirations

The Ecological Park offers the community of the Sunshine Coast a place of wellness, relaxation, civic participation and natural discovery. The park will foster a sense of inclusivity for a growing population through shared experiences and connections to the land and nature. In addition to everyday use, this Master Plan creates a series of flexible spaces which can adapt to a range of programs and have broad community appeal; offering something for everyone and ensuring the park supports the changing needs of the community over time.

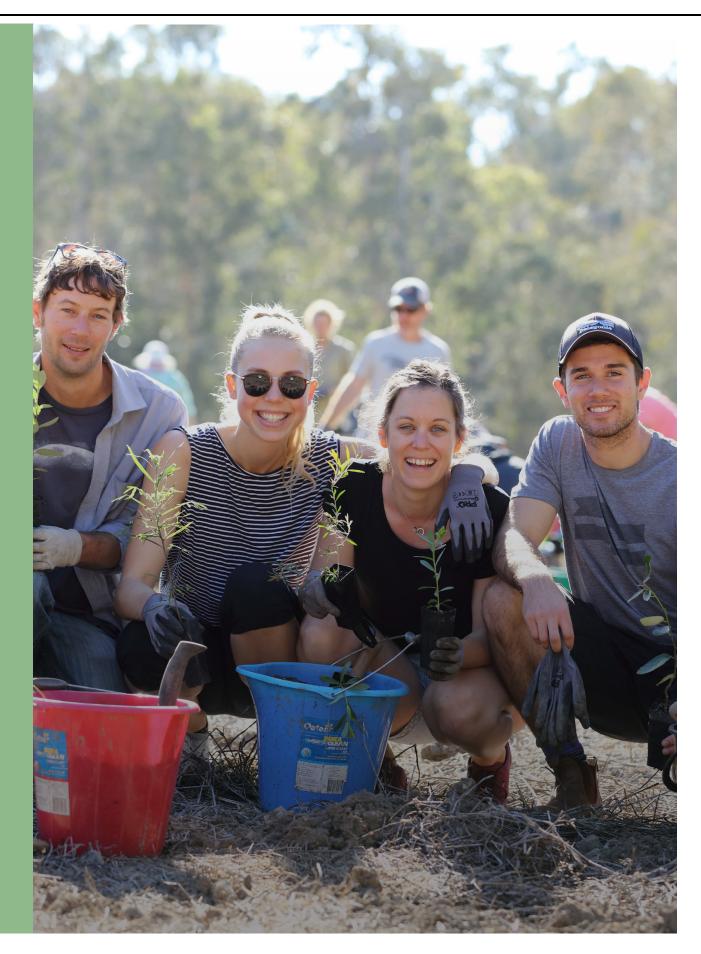

#### Park partnerships

Partnerships create opportunities for mutually beneficial relationships between the park and organisations, businesses and institutions. Partnerships provide potential for increased activation, funding and community appeal for the park. Council will explore partnerships which align with the vision and values of the park and ensure that the park nurtures community involvement.

#### Stewardship

Restored natural landscapes require rigorous stewardship during early establishment and over the longer term to create a resistant and sustainable landscape. The Sunshine Coast community is well-versed in these caring for 'Country' activities; especially throughout the hinterland. The Ecological Park aspires to continue this legacy of stewardship and involvement. leveraging the knowledge of an active communit f professionals and volunteers about horticulture, ecology, oil health, weed management and cultural land practices. Stewardship will be an essential park program to continue to hare knowledge and educate everyday users. The result will be an ecologically diverse and rich nature environment for all.

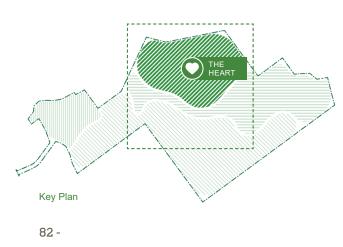

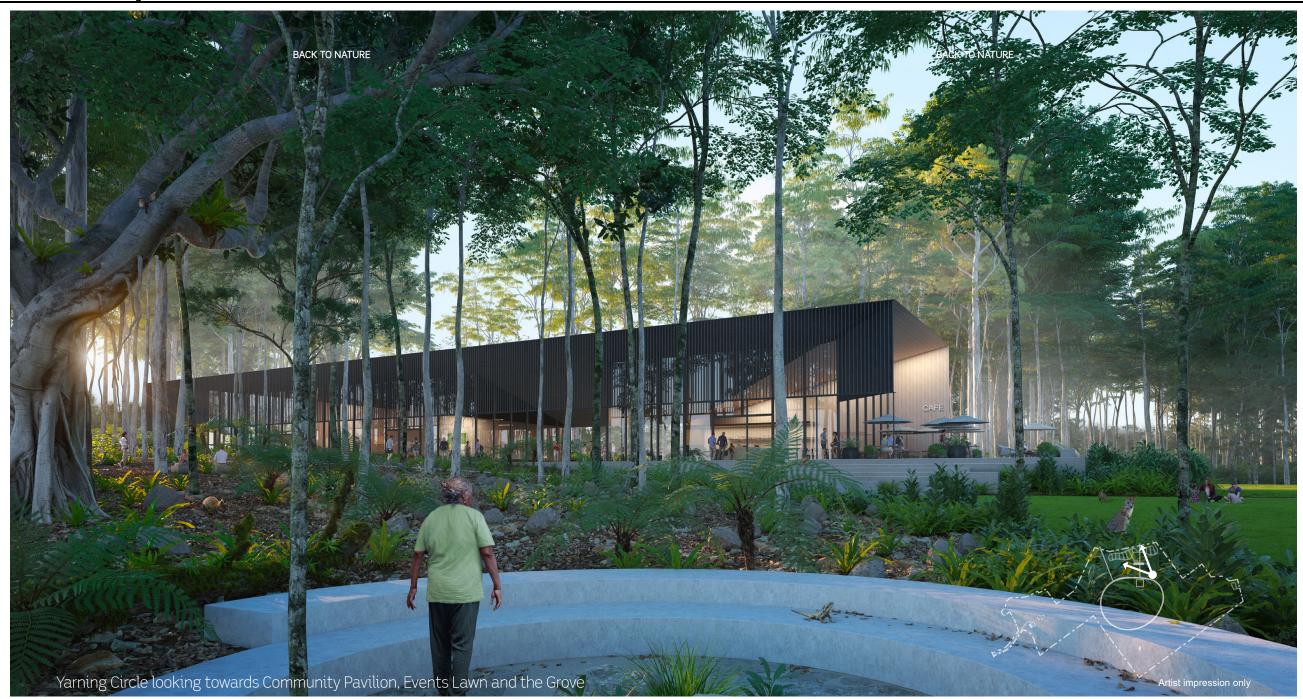

## The Heart

A lush people-oriented community destination for park visitors, the Heart will accommodate the more active uses and programs of the park. The precinct will function as a diverse collection of community focused spaces nestled amongst a restored forest - providing a unique civic heart embedded in nature. As the entry point for many of the park's visitors, the precinct will provide a welcoming green arrival which connects visitors to core amenity and broader parkland experiences.

## 27 JULY 2023

## **Community Pavilion**

The Community Pavilion will be a flexible multi-functional space that combines exhibition and event space with a generous covered outdoor area, café and amenities to create a curated and dynamic venue that will appeal to a large spectrum of Sunshine Coast residents – providing a new experience on every visit. The facility will be open and flexible to adapt over time and could house offerings such as small events, temporary galleries, education programs or artist or researcher residency programs.

of remnant rainforest vegetation (the Grove) creating a strong connection to nature from day one. This pocket of vegetation will be expanded to surround and immerse the Community Pavilion to create a truly distinct venue. Positioned close to the car park and main drop-off for ease of

access and servicing, the Community Pavilion will establish a key orientation point to showcase the park's recreational, educational and cultural initiatives before people explore the variety of offerings.

The Community Pavilion is located adjacent to a mature pocket

## The Grove

An established existing pocket of remnant rainforest vegetation in the centre of the Heart, the Grove is a substantial natural asset which must be protected and enhanced. Paths and Forest Rooms will be sensitively inserted into the Grove to create unique opportunities to dwell, play and relax below the mature tree canopy.

## The Events Lawn

Located adjacent to the Community Pavilion and car park, the Events Lawn will be graded to create a level open outdoor space to accommodate relaxed events and community gatherings. The events lawn will be supported by a shade pavilion which will supply infrastructure and amenity to support 'bump-in bump-out' event requirements. Day-to-day, the Events Lawn will provide a kick about and breakout space to relax and play with visibility from the Community Pavilion café.

Sunshine Coast Ecological Park Master Plan

84 -

Sunshine Coast Ecological Park Master Plan

# Both active and quiet spaces to enjoy nature

## The Forest Plaza

The Forest Plaza is a unique open outdoor room set below a bosque of high canopy shade trees for events and everyday relaxation and socialising. The space will be levelled to create a flat area for markets and boutique events which require hardstand. The Forest Plaza will be defined by a walkway shelter to enclose the space, that also provides additional roof area to capture rainwater for reuse within the park.

Event mode A shaded space to hold **A** democratic room to enjoy markets and gatherings

A MARANA STATE

A. Forest Plaza section

Rainwate tank

Tree placement will be aligned with market stall sizes and to allow long views to the Forest Lookout beyond.

## BBQ Lawn

Located next to the Play Forest and main car park, the BBQ Lawn provides a convenient family recreation space, supported by a series of shelters housing barbeques, as well as ample seating and tables. The gently graded lawn is a flexible space to play, kick and throw, picnic or simply relax in the sun.

### Amphitheatre

A natural lawn amphitheatre flowing down to the creek for everyday relaxing and recreation or small bespoke performances. The amphitheatre will interface with the creek through a series of water terraces with seating amenity and informal opportunities for people to interact with the water's edge or admire from afar.

### **Play Forest**

The Play Forest will offer both kids and adults an opportunity to immerse themselves in an oasis of nature-play and adventure. The Play Forest will be designed to cater for all ages and abilities in a dramatic rainforest landscape in which children are encouraged to run, jump, play, learn and discover the 'wilder-side' of life. It will encourage children to get lost in the wonder of nature with a large destination playspace, including both traditional adventure-based equipment, and spaces where natural materials are arranged for exploration and exposure to the uncertainty and excitement of the natural world.

The Play Forest will separate activities and styles of play to minimise the potential for large groups that could detract from the nature experience. The unique play space will provide children with opportunities to reconnect with nature, and be interwoven with educational stories of ecology to foster a lasting respect and connection to the natural world.

88 -

27 JULY 2023

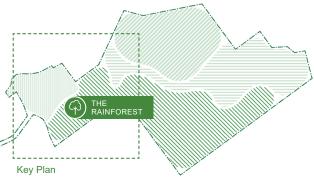

## The Rainforest (West)

The Rainforest focuses on the restoration journey of the park complementing the adjacent MCSR. The precinct will focus on the establishment of robust and thriving habitat that celebrates the amazing biodiversity of the local environment. The Rainforest will prioritise nature with controlled immersive insertions for community interaction, education and enjoyment.

## Legend

- Community Pavilion

## 360 degree views of the hinterland and out to the coast

explore and walk through the forest to climb this destinational structure. The Lookout also has opportunities for built habitat

## Loop Path and Treetop Bridges

The widest and most accessible route, the Loop Path and Treetop Bridges provide gentle grades and large flat sections to create a highly accessible connection that welcomes the community to engage with the natural environment. The Loop is a key organising element that connects the various spaces of the park and bridges over the central waterway. The Treetop Bridges provide a place to experience the different vegetation levels of the forest from lush understorey, to mid storey, where epiphytic plants like birds-nest ferns are nestled in tree trunks, and then up into the tree canopy. The strong, easy-to-understand circular form will be a key wayfinding element for the park, establishing a common element within the forest to orientate oneself. The Loop Path also offers opportunities for seating, interpretive elements and night tours.

The curved form of the Loop Path controls long views as one moves, so that the forest is continually revealing its beauty through the journey.

## Tree-houses

outlook to the forest.

96 -

The Tree-houses will be elevated pavilions projecting from the Treetop Bridge, and will provide sheltered dwell spaces to experience the growing forest. Each Tree-house has the ability to create a unique function to engage with nature, including outdoor class rooms, hammock netting, interpretive display and gathering spaces, all with framed views and

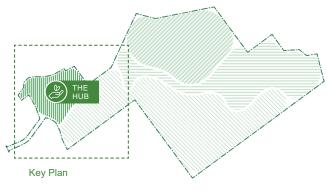

OM Minutes Appendices Page 227 of 471

Located on the western end of the park, The Hub will be the home of operations, research, and community stewardship. It is the 'engine-room' of the park, where Council and community come together, learn and are inspired to get hands-on with nature. A place where opportunities for participation and knowledge sharing will be initiated and then spread across the park.

## ■ 10 The Experience What a day

## at the park might look like...

## Susan

Susan and her family are looking for a day of discovery and play at the Ecological Park, away from the hustle and bustle of the coastal parks. First stop, a walk through The Grove, a remnant rainforest patch, where her children are in awe of the huge trees towering above them. The family then venture over to the Play Forest, a uniquin nature play area set amongst dense vegetation.

Growing hungry the family set up at one of the BBQ shelters for lunch. After lunch Susan and her family walk along the Treetop Bridge and down into the forest. They weave back jumping across the creek steppers and discovering playful Forest Rooms to stop along the trails. By late afternoon a soft tune is playing in the distance and Susan and her family discover a small performance at the Amphitheatre lawn. The family sit together soaking up the last of the afternoon sun listening to the music.

A Contraction of the second se

Gary and his partner have taken the shuttle up from the Maleny Town Centre for a morning visit to the Ecological Park. Retiree Gary is an avid photographer and is keen to capture the parkland flora and wildlife in action and his wife Carol is interested to learn more about the local ecology. From the central Loop Path and Treetop Bridge Gary and Carol have an easy, level and wheelchair friendly route to explore the Ecological Park.

Gary captures a butterfly and plenty of birds in the restoration plantings from the Treetop Bridge, while Carol learns about the local ecology from interpretive signs. They stop to relax in a Tree-house and soak up the atmosphere perched amongst the trees.

Gary and Carol Journey over to the Forest Plaza and discover the market offerings of native saplings, local craft and gourmet produce. They head up to the Community Pavilion to view a local art exhibition and finish with a long lunch at the café featuring seasonal hinterland produce.

rney plans

## Ta

Tai has been selected by his school to participate in an Ecological Park educational day along with his friends Tom, Liam and Maggie. They begin their afternoon at the Community Pavilion to view an interactive exhibition on understanding the ecological and cultural significance of the area.

Afterwards they take an educational guided walk through the Loop and walking trails learning about the rainforest and buffer plantings protecting Mary Cairncross. The group take respite in a Tree-house, which doubles as a flexible outdoor classroom for discussion and extending learning of local ecology and habitat connections created on site.

As the sun sets the group head up to the BBQ lawn to meet other students for an organised presentation to learn more about the night sky with a stargazing experience

## Cassie

Cassie has ventured up to the park for her Ecological Park stewardship team catchup. Arriving by bus, Cassie travels along the boardwalk through wetlands, pausing to view the bird hide. She is excited to see the restoration plantings to the creek corridor are now thriving and attracting new bird life.

Cassie walks over to the Hub to roster on and have a cup of tea and yarn with the stewardship community before she gets started on helping with sapling plantings for the next phase of revegetation works.

After planting works the stewardship team have an opportunity to meet with a couple of the First Nations Rangers. Cassie learns about some of the land management strategies the ranger program is implementing on site to enhance conservation and build cultural knowledge.

108 -

## 27 JULY 2023

## Izzy

zy has planned a day trip in the nterland and begins her journey in the Dundalli Walk, a First Nations terpretive trail at the Ecological Park. The trail meanders through the rainforest ith creek crossings in between, and oportunities to pause and share in the ultural history of Jinibara Country.

ne walk takes her all the way to the prest Lookout, where she takes in pectacular views of the Glass House ountains. The distant views across to eighbouring First Nations Countries are arked Waka Waka to the West, Gubbi ubbi to the East. Izzy takes a snap and uploads to her Instagram profile aweinspiring.

zy follows the Loop Path over to the ensory Garden. She has packed her wn lunch and sits in the garden with book to read, pausing to enjoy the eaceful sounds of birds in the forest irrounds. After lunch she takes a walk ong the park's boardwalks before eading to Maleny to grab dinner with a end.

BACK TO NATURE

BACK TO NATURE

## **11** Implementation

This Master Plan is just the beginning of the transformation of the existing pastoral land into an inclusive and unique space for community and ecology. For a park of this size and complexity, the full implementation may take decades and will be separated into various stages. The indicative staging for delivery of key elements within the Draft Master Plan, has been separated into short, medium and long-term as outlined adjacent. The timing of delivery will be subject to funding, partnerships and detailed design.

Sunshine Coast Ecological Parkland Excellence Advisory Panel – Letter of Support Chair – Cathryn Chatburn, Panel Members - Alan Hoban, Angela Wright, John Mainwaring, Spencer Shaw, Ella Woodborne, John Wright, BJ Murphy

This letter is written on behalf of the Sunshine Coast Ecological Park Excellence Advisory Panel.

We wanted to take this opportunity to thank Council for the opportunity to contribute to this significant project. As a group, it has been our collective pleasure and privilege to play a small part in the evolution of this regionally and nationally significant initiative.

We value the invitation to contribute our collective experience and knowledge to the project's development, to test and challenge ideas with the team and offer our support during the Master Plan's evolution.

At this important milestone, we wanted to offer Council, Council's project team and their consultants' congratulations and continuing support for the approach adopted. We commend the passion, commitment, and leadership in its ongoing development.

We support the ambition set in the Master Plan and believe it provides Council with the essential resource required to guide the Park's successful evolution in the long term.

We encourage Council to continue this journey with the same ambition and determination to deliver excellence, to create a place of lasting ecological, cultural, and recreational value and to engage with its community to ensure the Sunshine Coast Ecological Park will become 'a place of cherished nature and ecological wonder for generations to discover and enjoy'.

Our congratulations again. Sincerely On behalf of the SCEP Excellence Advisory Panel

## **Explanatory Memorandum**

Proposed Sunshine Coast Planning Scheme 2014 (Major Amendment) Amendment No. [to be inserted] - Site Specific and Editorial Matters

Post notification ministerial review version

July 2023

## 1. Short title

The amendment instrument to which this explanatory memorandum relates is the proposed *Sunshine Coast Planning Scheme 2014 (Major Amendment) No. [to be inserted]* relating to Site Specific and Editorial Matters.

## 2. Type of local planning instrument

The proposed amendment to the *Sunshine Coast Planning Scheme 2014* constitutes a 'major amendment' in accordance with Schedule 1 of the *Minister's Guidelines and Rules* (September 2020) made under the *Planning Act 2016*.

## 3. Entity making the proposed Sunshine Coast Planning Scheme 2014 (Major Amendment) No. [to be inserted] – Site Specific and Editorial Matters

The entity making the proposed *Sunshine Coast Planning Scheme 2014 (Major Amendment) No. [to be inserted]* - Site Specific and Editorial Matters, is the Sunshine Coast Regional Council.

## Land affected by the proposed Sunshine Coast Planning Scheme 2014 (Major Amendment) No. [to be inserted] – Site Specific and Editorial Matters

The proposed Sunshine Coast Planning Scheme 2014 (Major Amendment) No. [to be inserted] – Site Specific and Editorial Matters, applies to land described in Table 4.1.

 Table 4.1

## 5. Purpose of the proposed Sunshine Coast Planning Scheme 2014 (Major Amendment) No. [to be inserted] – Site Specific and Editorial Matters

The purpose of the proposed Sunshine Coast Planning Scheme 2014 (Major Amendment) No. [to be inserted] – Site Specific and Editorial Matters is to: -

- (a) Amend the zoning, maximum building height, local plan precincts/elements and/or planning scheme provisions relating to specific sites located in the Buderim, Maroochydore/Kuluin, Mooloolaba/Alexandra Headland, Peregian South, Sippy Downs, Woombye and Yandina Local plan areas (described in Table 4.1 and Appendix 1), to: -
  - (i) reflect an existing development approval;
  - (ii) better reflect existing or desired future land uses;
  - (iii) respond to Council property-related matters or a Council resolution; and
  - (iv) respond to identified mapping anomalies.
- (b) address other editorial matters to improve the clarity and efficiency of the planning scheme.

Explanatory Memorandum for the proposed Sunshine Coast Planning Scheme 2014 (Major Amendment) No. [to be inserted] Specific Sites and Editorial Matters – Post notification ministerial review version

## 6. Reasons for the proposed Sunshine Coast Planning Scheme 2014 (Major Amendment) No. [to be inserted] – Site Specific and Editorial Matters

Council has prepared the proposed *Sunshine Coast Planning Scheme 2014 (Major Amendment) No.* [to be inserted] – Site Specific and Editorial Matters in response to representations received from stakeholders seeking an amendment to the zoning, precincts or overlays relating to a number of specific sites and to address a range of editorial matters to improve the clarity and efficiency of the planning scheme.

The proposed amendment items have been carefully assessed and where involving a change to a zone and/or overlay, are considered appropriate and consistent with the prevailing zone/maximum building height for the applicable local plan area.

## 7. Details of the proposed Sunshine Coast Planning Scheme 2014 (Major Amendment) No. [to be inserted] – Site Specific and Editorial Matters

The details of the proposed Sunshine Coast Planning Scheme 2014 (Major Amendment) No. [to be inserted] – Site Specific and Editorial Matters are outlined in Table 7.1 below and Appendix 1.

Table 7.1 provides a summary of those aspects of the proposed amendment by planning scheme part.

**Appendix 1 – Details of Proposed Amendment (Site Specific)** provides further details of those aspects of the proposed amendment relating to specific sites.

Table 7.1	Summary of proposed planning scheme amendment
-----------	---

Planning Scheme Part	Summary of Amendment
Part 6 (Zones)	Amend the reference to Precinct MAK LPP-3 (Maud Street/Sugar Road) to     Precinct MAR LPP-5 (Maud Street/Sugar Road) in Table 6.2.1.2.1 (Consistent     uses and potentially consistent uses in the Low density residential zone)     relating to Business activities, in Section 6.2.1 (Low density residential zone     code), to reflect the correct precinct reference number as shown on the     Maroochydore/Kuluin Local Plan Precincts Map (LPM22) and in the     Maroochydore/Kuluin Local plan code.
	• Amend Table 6.2.8.2.1 (Consistent uses and potentially consistent uses in the Local centre zone) in Section 6.2.8 (Local centre zone code), to include provision for a Service station to be a potentially consistent use, where located in a local (not full service) activity centre and replacing an existing service station.
Part 7 (Local Plans)	Amend Table 7.2.5.4.1 (Performance outcomes and acceptable outcomes for assessable development) in Section 7.2.5 (Buderim local plan code), to include specific provisions relating to reconfiguring a lot on Lot 11 on RP883261, 22 Dixon Road, Buderim.
	<ul> <li>Amend Figure 7.2.5A (Buderim Local Plan Elements) of Section 7.2.5 (Buderim local Plan Code) to remove the greenspace designation over Lot 2 on RP183878.</li> </ul>
	Amend Performance Outcome PO38 in Table 7.2.6.4.1 (Performance outcomes and acceptable outcomes for assessable development within Precinct CAL LPP-1 (Caloundra Central)) of Section 7.2.6 (Caloundra local plan code) to replace the reference to Key Site 5 (Kronks Motel) to Key Site 6 (Kronks Motel) to reflect the correct terminology.
	• Amend the reference to Precinct MAR LPP-6 (Maud Street/Sugar Road) to Precinct MAR LPP-5 (Maud Street/Sugar Road) in Section 7.2.19.3 (Purpose and overall outcomes) of Section 7.2.19 (Maroochydore/Kuluin local plan code), to reflect the correct precinct reference number as shown on the Maroochydore/Kuluin Local Plan Precincts Map (LPM22).
	Amend Figure 7.2.24A (Peregian South Local Plan Elements) of Section     7.2.24 (Peregian South Local Plan Code) to remove the greenspace     designation over Lot 58 and Lot 59 on SP155890.

Explanatory Memorandum for the proposed Sunshine Coast Planning Scheme 2014 (Major Amendment) No. [to be inserted] Specific Sites and Editorial Matters – Post notification ministerial review version

Planning Scheme Part	Summary of Amendment		
	<ul> <li>Amend Section 7.2.25 (Sippy Downs local plan code) to include specific provisions for development in Jorl Court in relation to drainage, road widening and the provision of indented parking in appropriate locations.</li> </ul>		
	<ul> <li>Amend Figure 7.2.25A (Sippy Downs Local Plan Elements) of Section 7.2.25 (Sippy Downs local plan code) to reflect the proposed zoning changes to Lots 30 and 31 on SP293861 and Lot 70 on SP310631.</li> </ul>		
	<ul> <li>Amend Figure 7.2.26A (Woombye Local Plan Elements) of Section 7.2.26 (Woombye Local Plan Code) to reflect the proposed zoning changes over Lots 68, 69, 70, 901 on SP311630, Lots 1, 2, 3, 4, 5, 6, 7, 9, 10, 11, 12, 13, 14, 15, 16, 17, 18, 19, 20, 21, 23, 24, 902, 903 on SP311620, Lots 0, 1 and 2 on SP319218 and Lots 0, 1 and 2 on SP330299.</li> </ul>		
Part 9 (Development Codes)	<ul> <li>Amend Acceptable Outcome AO9 in Table 9.3.6.3.1 (Requirements for accepted development and performance outcomes and acceptable outcomes for assessable development) of Section 9.3.6 (Dwelling house code), to reflect Council's standard driveway drawings and to clearly reference the Australian Standards.</li> </ul>		
	<ul> <li>Amend the Caloundra Local Plan Area precinct number reference in the section header above Performance Outcome PO18 in Table 9.3.6.3.1 (Requirements for accepted development and performance outcomes and acceptable outcomes for assessable development) of Section 9.3.6 (Dwelling house code) from Precinct CAL LPP-4 (Moffat Beach/ Shelly Beach/ Dicky Beach) to Precinct CAL LPP-2 (Moffat Beach/ Shelly Beach/ Dicky Beach) to reflect the correct precinct reference number as shown on the Caloundra Local Plan Precincts Map (LPM45).</li> </ul>		
Schedule 2 (Mapping)	Amend the zone and where relevant the Urban Growth Management Boundary or Rural Residential Growth Management Boundary for several specific sites (refer to <b>Appendix 1</b> for details of the proposed planning scheme amendment);		
	<ul> <li>Amend the precinct boundary of MAR LPSP-1 (Ocean Street Food and Music Sub-precinct) on the Maroochydore/Kuluin Local Plan Precincts Map LPM22, to remove (Lot 0 on SP151751 and Lot 0 SP100069) (refer to Appendix 1 for details of the proposed planning scheme amendment);</li> </ul>		
	• Amend the Height of buildings and structures overlay map to increase the maximum building height for 13 and 21 Smith Street, Mooloolaba.		

## 8. Compliance with the Planning Act 2016

In accordance with the Minister's Alignment Amendment Rules, the *Sunshine Coast Planning Scheme 2014* was amended for alignment with the *Planning Act 2016* on 3 July 2017. The proposed *Sunshine Coast Planning Scheme 2014 (Major Amendment) No. [to be inserted] – Site Specific and Editorial Matters* does not materially affect this compliance.

The proposed Sunshine Coast Planning Scheme 2014 (Major Amendment) No. [to be inserted] has been prepared in accordance with: -

- (a) Section 20 (Amending planning schemes under the Minister's rules) of the Planning Act 2016; and
- (b) Minister's Guidelines and Rules (September 2020) made under the Planning Act 2016.

In accordance with Chapter 2, Part 4, section 17.2 of the *Minister's Guidelines and Rules*, the *Sunshine Coast Planning Scheme 2014 (Major Amendment) No. [to be inserted]* – Site Specific and Editorial Matters: -

- (a) advances the purpose of the Act, in that it allows for an efficient and effective future use of the specific sites nominated in Appendix 1;
- (b) is consistent with section 16(1) of the Act in that it: -
  - continues to identify strategic outcomes for housing supply and diversity, and economic growth within the Sunshine Coast local government area;

Explanatory Memorandum for the proposed Sunshine Coast Planning Scheme 2014 (Major Amendment) No. [to be inserted] Specific Sites and Editorial Matters – Post notification ministerial review version

- (ii) continues the inclusion of measures that facilitate the achievement of the strategic outcomes in the planning scheme for housing supply and diversity, and economic growth;
- (c) is consistent with the regulated requirements prescribed in the Planning Regulation 2017; and
- (d) is well drafted and articulated.

### 9. Compliance with State planning instruments

At the time of the gazettal of the *Sunshine Coast Planning Scheme 2014* in May 2014, the Minister identified that the *South East Queensland Regional Plan 2009-2031* and the *State Planning Policy* were appropriately reflected in the planning scheme.

A new State Planning Policy (SPP) commenced on 3 July 2017 and a new Regional Plan, *ShapingSEQ South East Queensland Regional Plan 2017*, was released on 11 August 2017.

The proposed amendment to the *Sunshine Coast Planning Scheme 2014 (Major Amendment) No. [to be inserted] – Site Specific and Editorial Matters* does not adversely affect the planning scheme's compliance with State planning instruments. A review of the proposed *Sunshine Coast Planning Scheme 2014 (Major Amendment) No. [to be inserted] – Site Specific and Editorial Matters* has confirmed that the proposed amendment complies with the relevant aspects of the new State planning instruments. In accordance with Schedule 3 (Required Material) of the *Minister's Guidelines and Rules*, particular aspects of the proposed amendment that have been identified as potentially relevant to State planning instruments are detailed in **Table 9.1** below.

Explanatory Memorandum for the proposed Sunshine Coast Planning Scheme 2014 (Major Amendment) No. [to be inserted] Specific Sites and Editorial Matters – Post notification ministerial review version

#### Table 9.1 Compliance with State planning instruments

Aspect of Proposed Amendment	State Interest	Summary of Compliance
All site specific amendments	ShapingSEQ South East Queensland Regional Plan 2017	The subject sites are all currently included in the Urban footprint regional land use category under the <i>ShapingSEQ South East Queensland Regional Plan 2017</i> . The proposed zoning changes are consistent with the intent of the <i>ShapingSEQ South East Queensland Regional Plan 2017</i> as they will provide opportunities for urban development within existing urban areas.
All site specific amendments	State Planning Policy (September 2020) – Planning for liveable communities and housing	The proposed amendment provides the opportunity for the redevelopment of land for residential and commercial development that is accessible and well-connected to services, employment and infrastructure and will contribute to creating liveable communities.
All site specific amendments	State Planning Policy (September 2020) – Planning for economic growth	The proposed amendment applies to land within existing urban areas and provides the opportunity for the redevelopment of land for residential and commercial development which supports economic growth of the region.
All site specific amendments	State Planning Policy (September 2020) – Planning for environment and heritage	The proposed amendment provides for the protection of significant environment areas and water quality through appropriate zoning and existing and proposed planning scheme provisions. The proposed amendment will not have any adverse impacts on the cultural heritage significance of heritage places and heritage areas, including places of Aboriginal and Torres Strait Islander cultural heritage.
All site specific amendments	State Planning Policy (September 2020) – Planning for safety and resilience to hazards	All proposed sites have been reviewed for safety and resilience to hazards and are considered suitable for inclusion in an urban zone, subject to site specific constraints being addressed through the existing provisions in the <i>Sunshine Coast Planning Scheme 2014</i> .
		It is considered that there is sufficient developable land available to all sites for the intended proposed use to avoid or mitigate against natural hazards.
All site specific amendments	State Planning Policy (September 2020) - Planning for infrastructure	The proposed amendment applies to land within existing urban areas and are capable of being efficiently serviced by existing infrastructure or via future -upgrades to existing services.

Explanatory Memorandum for the proposed Sunshine Coast Planning Scheme 2014 (Major Amendment) No. [to be inserted] Site Specific and Editorial Matters – Post notification ministerial review version

## 10. Consultation with government agencies

In accordance with the *Planning Act 2016* and the *Minister's Guidelines and Rules*, Council sent a copy of the proposed amendment to the Planning Minister on 24 June 2022, for formal consideration of State interests and to seek approval for Council to proceed to public consultation.

#### 11. Compliance with state imposed conditions

Council received approval from the Planning Minister by letter dated 25 October 2022, that Council may commence public consultation, subject to the following condition:

"1. The council must remove all parts of the proposed amendment related to the Buddina Urban Village from the proposed amendment.

#### Reason:

- the requirements of Chapter 2, part 4, section 17.2(a) of the MGR, in that the Buddina Urban Village elements of the proposed amendment do not advance the purpose of the Planning Act, which is the achievement of ecological sustainability
- the SPP, Housing supply and diversity state interest, policy (3) in that the proposed amendment reduces opportunities to provide diverse, affordable and comprehensive range of housing options in an accessible and well-serviced location
- the SPP, Liveable communities, policy (2) in that the proposed amendment reduces higher density development in an accessible and well-serviced location and does not result in an efficient use of established infrastructure and services
- ShapingSEQ Goal 1: Grow element 1, efficient land use, element 2, focusing residential density, element 4, housing diversity and Goal 3: Connect – element 3, integrated planning in that the proposed amendments to the Buddina Urban Village will reduce housing diversity and is not considered to be an efficient use of well serviced land."

The proposed amendment has been modified to comply with the above Ministerial condition.

#### 12. Public consultation

On 25 October 2022, Council received advice from the Planning Minister that it may proceed to public consultation, subject to conditions. Public consultation on the proposed planning scheme amendment was required to be undertaken for a minimum of 20 business days, in accordance with the Minister's Guidelines and Rules. The proposed planning scheme amendment was placed on formal public consultation for 21 business days from 21 November 2022 to 19 December 2022 (inclusive).

The consultation and communication strategy implemented during the public consultation period involved the following: -

- a public notice in the Courier Mail (including the on-line version of the Sunshine Coast Daily) and on Council's website;
- written notice (letters and emails) sent prior to the public consultation period to affected landowners and adjoining landowners, which included information sheets about the proposed amendment;
- release of an industry newsflash issued to all regular planning scheme users and community members that have previously expressed an interest in receiving information about planning scheme and development matters;
- a copy of the public notice, amendment documentation and information sheets made available at all Council's offices and on Council's website;
- dedicated web page on Council's 'Have Your Say' webpage, including a copy of the public notice, amendment documentation, information sheets and an online submission form;
- briefings to key stakeholders, including Organisation Sunshine Coast Association of Residents (OSCAR) and affiliates (e.g. Development Watch, Sunshine Coast Environment Council (SCEC) and Yandina and District Community Association); and
- various phone, email and counter enquiries.

Explanatory Memorandum for the proposed Sunshine Coast Planning Scheme 2014 (Major Amendment) No. [to be inserted] Specific Sites and Editorial Matters – Post notification ministerial review version Page 10

## 13. Consideration of public submissions

In accordance with the Minister's Guidelines and Rules, following public consultation, Council must consider every properly made submission about the proposed amendment, and may consider other submissions.

A total of 107 submissions were received in relation to the proposed planning scheme amendment. Of the total number of submissions received:

- 79 submissions (approximately 74%) indicated provisional or full support for the proposed planning scheme amendment; and
- 28 submissions (approximately 26%) either objected partially or completely objected to the proposed planning scheme amendment.

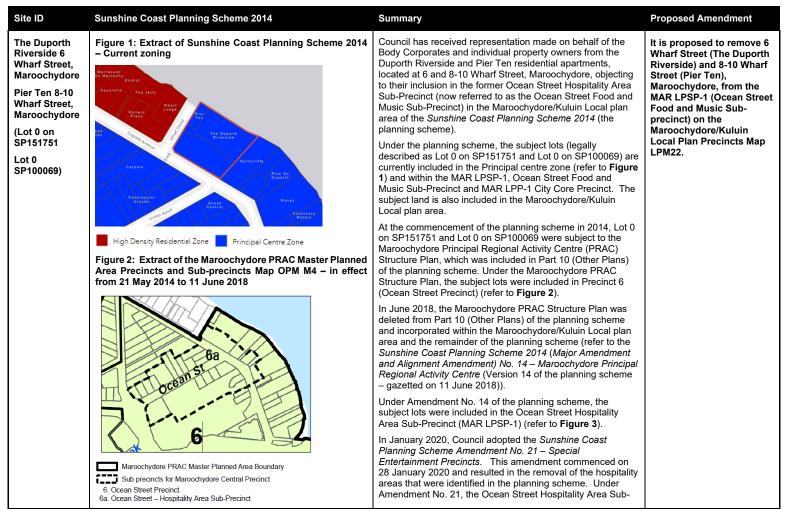

A consultation report has been prepared, which provides a summary of the matters raised in submissions and how these matters have been dealt with (refer to **Appendix 2 – Consultation Report**). A copy of the consultation report will be provided to each person who made a submission and will also been made available to view or download on Council's website.

### 14. Background studies and reports

No additional background studies or reports have been prepared to inform the preparation of the proposed *Sunshine Coast Planning Scheme 2014 (Major Amendment) No.* [to be inserted] – Site Specific and Editorial Matters.

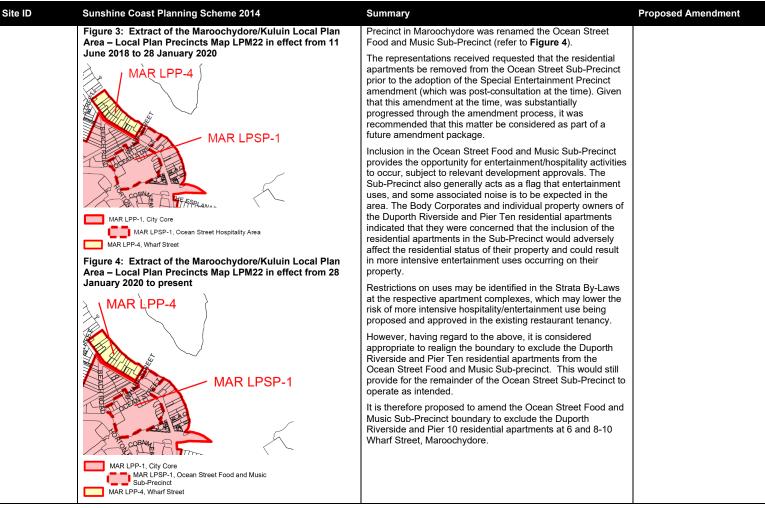

Explanatory Memorandum for the proposed Sunshine Coast Planning Scheme 2014 Amendment – (Major Amendment) No. [to be inserted] Specific Sites Matters and Editorial Matters – Post notification ministerial review version Page 11

Page A1-2

Site ID	Sunshine Coast Planning Scheme 2014	Summary	Proposed Amendment
		As such, it is considered appropriate to reflect the current development approval over the subject land, being Lots 58 and 59 on SP155890, and include this land in the Low density residential zone, which is consistent with the surrounding zoning. It is also proposed to amend Figure 7.2.24A (Peregian South Local Plan Elements) to remove the greenspace designation over the subject land.	
Power Road, Buderim and Starling Street, Buderim (Lots 30 and 31 on SP293861 Lot 70 on SP310631)	Figure 2: Extract from the Sunshine Coast Planning Scheme 2014 – Current Zoning	greenspace designation over the subject land. Planning for the Goshawk Boulevard connection has been in place since the late 1990's. Council purchased the land in 2003 and adopted the Goshawk Boulevard extension at its Ordinary Meeting of September 2007 (see Figure 1). Figure 1: Endorsed Alignment Triggybark Road to Dixon Road Corridor Investigation Council Endorsed Modified Option 3B Alignment Council Endorsed Alignment Council Endors	It is proposed that: 1. the zoning within the Goshawk Boulevard road alignment be removed; 2. the zoning of all of Lot 30 on SP293861 be included in the Limited development (landscape residential) zone; 3. the zoning of all of Lot 31 on SP293861 be included in the Medium density residential zone; 4. the Urban Growth Management Boundary be amended to reflect the new extent of urban development on
	Community Facilities Zone 15. Residential care facility/Retirement facility	As part of the Goshawk Boulevard connection project, Council acquired land for the purpose of road reserve on Lot 3 on RP215630. The resumption created two new lots (Lots 30 and 31 on SP293861) and the road reserve. No reconfiguration application was assessed due to an exemption granted under Schedule 19 and 26 of the former <i>Sustainable Planning Act 2009</i> . The road reserve was finalised in a slightly different alignment to that shown in the indicative mapping used for the basis of a split zoning designated for the site during the drafting of the <i>Sunshine Coast Planning Scheme 2014</i> . This has created a	urban development on the Sippy Downs Local Plan Area Zone Map ZM33; 5. Figure 7.2.25A (Sippy Downs Local Plan Elements) is amended to reflect the proposed zoning changes; and 6. consequential amendments be made to other parts of the

		zoning anomaly in part of Lot 30, part of Lot 31 and in the new road reserve (see <b>Figure 2</b> ).	planning scheme for consistency with the
		As part of the purchase agreement, it was determined that the whole of Lot 30 is to be included in the Limited development (Landscape residential) zone and the whole of Lot 31 in the Medium density residential zone.	above amendments.
		As part of the Goshawk Boulevard connection project, on 14 June 2019, Lot 69 on SP152235 was cancelled to create Lot 70 on SP310631 to provide for a road reserve connection between Goshawk Boulevard and the new established road reserve connecting to Power Road.	
		Having regard to the above, it is proposed to remove the zoning over that part of Lot 70, Lot 30 and Lot 31 that is within the road reserve. It is also proposed to include all of Lot 30 in the Limited development (Landscape residential) zone and all of Lot 31 in the Medium density residential zone and amend the Urban Growth Management Boundary to reflect the proposed zoning changes. It is also proposed to amend Figure 7.2.25A (Sippy Downs Local Plan Elements) to reflect the proposed zoning changes and make consequential planning scheme amendments to other parts of the planning scheme to reflect the proposed changes.	

Site ID	Sunshine Coast Planning Scheme 2014	Summary	Proposed Amendment
15-17, 19-21, 23-27, 29-35, 39, 43, 49-51, 53, 59, 60-64, 54-58 Jorl Court, Buderim (Lots 13, 14, 15 and 16 on RP839362 Lots 17, 18, 19, 20, 24, 25, 26 on RP843835 Lot 21 on RP845434)	Figure 1: Extract from the Sunshine Coast Planning Scheme 2014 - Current Zoning         Image: Scheme Sche	Council has received representations from residents on the northern side of Jorl Court and the western side of Stringybark Road, Buderim, seeking a change in the zoning of the land from the Rural residential zone to the Low density residential or Medium density residential zones. The subject area is located approximately 3km south of Buderim and approximately 1km north of the Sippy Downs town centre, the University of the Sunshine Coast, Siena Catholic College and Chancellor State College. It is bounded to the east by Stringybark Road, a local convenience centre and a mix of low to medium density housing. To the north, the subject area is adjacent to the Rainforest Sanctuary Bushland Reserve, which is traversed by Mountain Creek and adjoins the Rainforest Sanctuary Estate. To the west, the subject area is bounded by a drainage reserve and existing rural residential housing. Further to the south is the Sunshine Motorway. Under the ShapingSEQ South East Queensland Regional Plan 2017, the subject area is included in the Urban Footprint regional land use category. Under the Sunshine Coast Planning Scheme 2014, the subject area is predominantly included in the Rural residential zone (refer to Figure 1) and is located within the Sippy Downs local plan area. The subject area, waterways and wetlands) (refer to Figure 2), Bushfire hazard overlay (Medium Bushfire hazard and Medium Bushfire hazard buffer) (refer to Figure 3) and the Flood hazard overlay (refer to Figure 4). There are a variety of land uses in the Jorl Court/Toral Drive area, with Jorl Court being predominantly rural residential in nature and generally consists of large single detached dwellings located on the front portion of large lots ranging in size from approximately 4,000m <sup>2</sup> to 9,000m <sup>2</sup> . Due to the size of the lots in the Jorl Court/Toral Drive area (generally 5,000m <sup>2</sup> and 6,000m <sup>2</sup> ) and proximity to the Sippy Downs town centre, the University of the Sunshine Coast and schools, the Jorl Court/Toral Drive area highlificant transformation towards hi	It is proposed that: 1. the rear of Lots 13, 14, and Lot 15 on RP839362 be included in the Environmental management and conservation zone with the balance in the Low density residential zone, the boundary being Easements H, J, and K on RP839362; 2. the rear of Lot 16 on RP839362 be included in the Environmental management and conservation zone with the balance in the Low density residential zone, the boundary being Easement Lom RP839362, excluding that part that connects with Jorl Court; 3. the rear of Lot 17 on RP843835 be included in the Environmental management and conservation zone with the balance in the Low density residential zone, the boundary being Easement L on RP843835 be included in the Environmental management P, excluding that part that connects with Jorl Court; 4. the rear of Lots 18, 19 and Lot 20 on RP843835 be included in the Environmental management and

	Figure 3: Extract from the Sunshine Coast Planning Scheme   2014 - Bushfire hazard overlay (Medium Bushfire Hazard   Area and Medium Bushfire Hazard Area Buffer   Image: Strate of the strate overlay (Medium Bushfire Hazard Image: Strate overlay (Medium Bushfire Hazard Area Image: Strate overlay (Medium Bushfire Hazard Area Buffer Image: Strate overlay (Medium Bushfire Hazard Ar	Court. In this context, it may be appropriate for the existing Rural residential zoned lots with frontage to Jorl Court to be considered for inclusion in the Low density residential zone, which would complement the adjacent Low and Medium density residential zoned land. However, it is considered that the rear portion of the Rural residential zoned lots, on the northern side of Jorl Court, which are constrained by flooding, native vegetation, wetlands (including matters of state environmental significance) and drainage easements should be included in the Environmental management and conservation zone, to provide for the ongoing protection of this land for environmental and drainage purposes. It is intended that the boundary of the proposed Environmental management and conservation zone should follow the boundary of the drainage easement. It is also considered appropriate to include the properties at the end and south-west of Jorl Court (Lots 24, 25 and 26 on RP843835) in the Low density residential zone. These properties are not directly affected by flooding but are impacted by drainage issues and may require drainage easements to be taken. Therefore, it is recommended that specific provisions be included in the Sippy Downs Local plan code in relation to drainage on these lots. The lots along the western side of Stringybark Road are largely constrained by native vegetation, wetlands and drainage easements and are considered unsuitable for more intensive urban development. It is therefore considered appropriate that the zoning of these lots remain unchanged. Having regard to the above, it is proposed that the land in Jorl Court that is currently zoned Rural residential is amended to the Low density residential zone and the Environmental management and conservation zone. It is also proposed to amend the Urban Growth Management Boundary on the Sippy Downs Local Plan Area Zone Map ZM33, to reflect the proposed zoning changes. The land on the western side of Stringybark Road is to be retained in the current Rural res

Site ID Sunshine Coast Planning Scheme 2014	Summary	Proposed Amendment
	As such, it is considered reasonable that the planning scheme zoning appropriately reflects the development approval. As the development is approved for low density residential purposes, the rural zoning provisions are no longer appropriate, and as such, would result in onerous restrictions on the intended uses, such as dwelling houses or dual occupancies. It is proposed that the land intended to be developed for residential uses is included in the Low density residential zone, which is consistent with the prevailing zoning in the Woombye Local Plan Area.	
	In relation to Lot 901 on SP311630 (within former Lot 67) and Lot 902 on SP311620 (within former Lot 122), which have been transferred to Council in fee simple for Bushland Park purposes, it is proposed that this land is included in the Environmental management and conservation zone.	
	The balance of former Lot 122 (Lot 903 on SP311620) has been transferred to Council in fee simple for Drainage purposes. It is proposed to include this land in the Open space zone to best reflect the intended use of this land for drainage purposes.	
	It is also proposed to amend the Urban Growth Management Boundary on the Woombye Local Plan Area Zone Map ZM27 and to amend Figure 7.2.26A (Woombye Local Plan Elements) to reflect the proposed zoning changes. It is also proposed to make consequential planning scheme amendments to other parts of the planning scheme to reflect the proposed changes.	

Site ID	Sunshine Coast Planning Scheme 2014	Summary	Proposed Amendment
	Figure 4: Extract from the Sunshine Coast Planning Scheme 2014 – Bushfire hazard overlay (Medium bushfire hazard area, Medium bushfire hazard area buffer)	Area and outside of the Urban Growth Management Boundary. The land is also subject to a number of overlays, most notably the Biodiversity, waterways and wetlands overlay (Native vegetation area, Stream order 1 - 2) (refer to <b>Figure 3</b> ) and Bushfire hazard overlay (Medium bushfire hazard area, Medium bushfire hazard area buffer) (refer to <b>Figure 4</b> ).	
		All matters relating to biodiversity and bushfire hazard have been appropriately addressed through the development assessment process.	
	The large and th	Many of the lots intended for residential purposes and in private ownership have already been cleared of vegetation and developed for dwelling houses or as a dual occupancy.	
	Trans-	As the development is approved for low density residential purposes, the Limited development (Landscape residential) provisions are no longer appropriate, and as such, would result in onerous restrictions on the existing uses.	
	Medium Bushfire Hazard Area Medium Bushfire Hazard Area Buffer High Bushfire Hazard Area	Having regard to the above, it is considered reasonable that the planning scheme appropriately reflects the development approval and the current use of the land for residential and environmental purposes.	
	High Bushfire Hazard Area Buffer	Therefore, it is proposed that Lots 13, 14, 15, 16, 17, 18, 19, 20, 21, 22, 23, 24 and 32 on SP300553 be included in the Low density residential zone, and Lot 33 on SP300553 be included in the Environmental management and conservation zone. It is also proposed that the Urban Growth Management Boundary on the Yandina Local Plan Area Zone Map ZM8 be amended to reflect the new extent of urban development in the Local Plan Area and to make consequential planning scheme amendments to other parts of the planning scheme to reflect the proposed changes.

and 14

Site ID	Sunshine Coast Planning Scheme 2014	Summary	Proposed Amendment
		As the development is approved for low density residential purposes, the Limited development (Landscape residential) provisions are no longer appropriate.	
		Given the above, it is considered reasonable that the planning scheme appropriately reflects the approved and intended land uses over the land.	
		Therefore, it is proposed that Lots 1 to 23 on SP327995 be included in the Low density residential zone and Lot 100 on SP327995 be included in the Environmental management and conservation zone. It is also proposed that the Urban Growth Management Boundary on the Yandina Local Plan Area Zone Map ZM8 be amended to reflect the new extent of urban development in the Local Plan Area and to make consequential planning scheme amendments to other parts of the planning scheme to reflect the proposed changes.

3, 6 and 31 Lavarack Crescent, Buderim (Lots 2 and 12 on RP90687 Lot 8 on RP95934)	Figure 1: Extract from the Sunshine Coast Planning Scheme   Image: Construction of the second state of the second	<ul> <li>At Council's Ordinary Meeting held on 17 October 2019, Council refused a development application (MCU18/0216) for a Material Change of Use for an extension to an existing service station located at 2-4 and 6 Lavarack Crescent, Buderim. In addition to refusing the subject development application, Council also resolved (Council resolution OM19/157, item (c)) to:</li> <li><i>"further consider the zoning of the land subject to the development application as part of the next planning scheme or major planning scheme review."</i></li> <li>The land at 3 Lavarack Crescent and 31 Lavarack Crescent, Buderim has also been included in this review, given: <ul> <li>its adjacency (to the east) of the land described above and (to the south) of land in the Local centre zone with frontage to Lavarack Lane (and King Street); and</li> <li>the existing medical related businesses operating on this land.</li> </ul> </li> <li>2-4 Lavarack Crescent (legally described as Lot 1 on RP90687) is located on the corner of King Street and Lavarack Crescent (legally described as Lot 1 on RP90687) is located on the corner of King Street and Lavarack Crescent and is currently occupied by a service station (Matilda Blue), a mechanic workshop (Buderim Mechanical) and a car wash (Buderim's Hand Car Wash and Detailing). 6 Lavarack Crescent (legally described as Lot 2 on RP90687) is located on the southern side of 2-4 Lavarack Crescent and contains a 2 storey dwelling and ancillary structures. Lot 1 has a total site area of 959m<sup>2</sup> and Lot 2 is 891m<sup>2</sup> in area.</li> <li>3 Lavarack Crescent (legally described as Lot 12 on RP90687) and 31 Lavarack Crescent (legally described as Lot 8 on RP95934) are located on the southern side of Lavarack Lane behind the existing business uses. Lot 12 on RP90687 is 891m<sup>2</sup> in area and currently occupied by Suncoast Christian Health Centre, QML pathology and a dwelling unit. Lot 8 on RP95934 is 789m<sup>2</sup> in area and currently occupied by a chiropractic business.</li> <li>The surrounding land with frontage to King Stree</li></ul>	It is proposed that: 1. the zoning of Lot 2 on RP90687 (6 Lavarack Crescent, Buderim), Lot 12 on RP90687 (3 Lavarack Crescent, Buderim) and Lot 8 on RP95934 (31 Lavarack Crescent, Buderim) be amended from the Low density residential zone (Precinct LDR1 (Protected Housing Area)) to the Local centre zone; and 2. Table 6.2.8.2.1 (Consistent uses and potentially consistent uses in the Local centre zone) of Part 6.2.8 Local Centre zone code, be amended to include a service station to be a potentially consistent use, if replacing an existing service station and located in a local (not full service) activity centre.

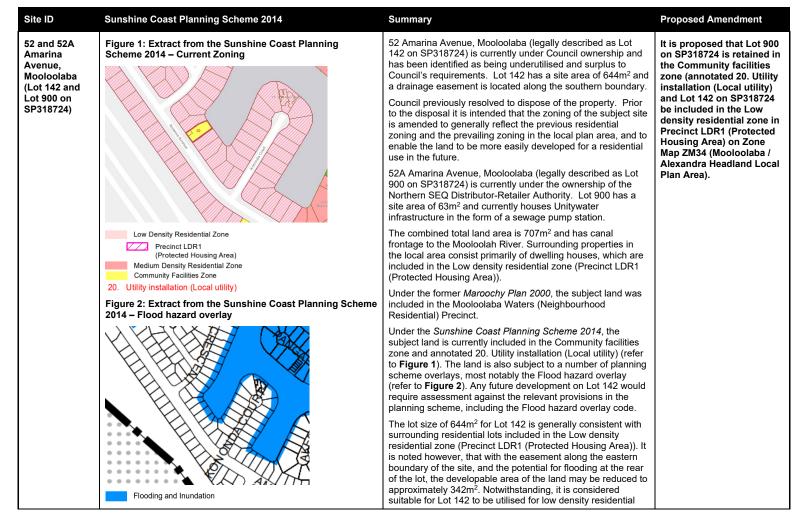

Site ID Sunshine Coast Planning Scheme 2014	Summary	Proposed Amendment
	occasional dual occupancies. There are pockets of local business (i.e. primarily convenience shopping and medical uses) along King Street.	
	Under the <i>Sunshine Coast Planning Scheme 2014</i> , Lot 1 on RP90687 is currently included in the Local centre zone and Lot 2 on RP90687, Lot 12 on RP90687 and Lot 8 on RP95934) are currently included in the Low density residential zone, Precinct LDR1 (Protected Housing Area) (refer <b>Figure 1</b> ). The subject land is also included in the Buderim Local plan area.	
	The existing centre uses at this location currently provide a local convenience function and is categorised as being a local (not full service) activity centre under the planning scheme's activity centre network (refer to Table 3.4.3.1 (Activity centre network) of the Strategic Framework).	
	A review of the economic advice prepared in relation to MCU18/0216 indicates that there is a strong level of community, economic and planning need for an old style service station to become a more modern and competitive service station and that the economic impact upon other service stations and centre zoned land is not considered to be an issue. Having regard to this advice and to provide a logical extension of the existing service station use, it is considered appropriate for the zoning of Lot 2 on RP90687 (6 Lavarack Crescent, Buderim) to be amended from the Low density residential zone (Precinct LDR1 (Protected Housing Area)) to the Local centre zone to facilitate a new, more modern service station on the subject land.	
	It is also considered appropriate to amend the zoning of 3 and 31 Lavarack Crescent (Lot 12 on RP90687 and Lot 8 on RP95934) from the Low density residential (Precinct LDR1 (Protected Housing Area)) to the Local centre zone to reflect the current use of this land for business uses. The inclusion of these sites in the Local centre zone will create a more contiguous local centre along King Street at Buderim and complements the proposal to amend the adjacent lot to the west being Lot 2 on RP90687 (6 Lavarack Crescent, Buderim) to also be included in the Local centre zone.	
	Under the planning scheme, development for the purposes of a service station in the Local centre zone is currently subject	

Site ID	Sunshine Coast Planning Scheme 2014	Summary	Proposed Amendment
		to Impact assessment and is an inconsistent use in a local (not full service) activity centre.	
		To provide for the expansion or redevelopment of an existing service station where located within a Local centre zone and identified as a local (not full service) activity centre, it is proposed to amend the Local Centre zone code (i.e. Table 6.2.8.2.1 (Consistent uses and potentially consistent uses in the Local centre zone)) to include a service station as a potentially consistent use, if replacing an existing service station and located in a local (not full service) activity centre. Development for a service station in the Local centre zone (where in a local (not full service) activity centre will continue to be subject to an Impact assessable development application, which includes public consultation.	
		These provisions are proposed to apply to all existing service stations, where located in the Local centre zone and identified as a local (not full service) activity centre. Examples of existing service stations located in the Local centre zone and identified as a local (not full service) activity centre include, Shell Buderim, BP Mooloolaba, Coles Express Mooloolaba, Caltex Sippy Downs, General Store Conondale, BP Mapleton, Peachester Store, 7 Eleven Warana, BP Bokaraina, 7 Eleven Wurtulla, Ampol Moffat Beach and 7 Eleven Mountain Creek.	

Site ID	Sunshine Coast Planning Scheme 2014	Summary	Proposed Amendment
	Figure 3(a): Extract from the Sunshine Coast Planning Scheme 2014 – Landslide hazard and steep land overlay map (i) (Landslide)	subject site is also identified as 'greenspace' on Figure 7.2.5A (Buderim Local Plan Elements) of Section 7.2.5 (Buderim Local Plan Code), which is reflective of its Open space zoning.	
	Com Case	The subject site is also designated as a Recreation - Amenity Reserve in Council's Open Space Network. There are no park assets on the site. The upper Quorn Close entry to the Buderim Forest Park and Falls, which includes a memorial garden, picnic/barbeque facilities, toilets and parking, is located approximately 60 metres to north of the subject site. Given this, and the apparently limited utilisation of the land for amenity or recreation purposes, removing the Open space zoning from this land would likely have a negligible impact on the amenity of the local area and the integrity of Council's Open Space Network more broadly.	
		The site is also subject to a number of planning scheme overlays, most notably the Landslide hazard and steep land overlay, which indicates that the north-eastern half of the site is identified as a moderate landslide hazard and the south- western half of the site is identified as a high landslide hazard area, with a slope of 15-20% (refer to <b>Figure 3(a)</b> and <b>3(b)</b> ).	
	Moderate Hazard	A Slope Stability Risk Assessment, undertaken in March 2020, indicates that the risk to property and to properties adjacent to the site is "low" provided that the recommendations made within the report relating to hillside construction and long-term stability are implemented.	
	High Hazard Very High Hazard	Development of the subject site would require the preparation of a site-specific geotechnical assessment report as part of any future development application, which would be assessed against the planning scheme's Landslide hazard and steep land overlay code as well as other relevant parts of the planning scheme (e.g. Dwelling house code).	
		Having regard to the above it is considered appropriate to amend the zoning of Lot 2 on RP183878 at 33 Quorn Close, Buderim from the Open space zone to the Low density residential zone (Precinct LDR-1 (Protected Housing Area)), which is consistent with the previous zoning under the former <i>Maroochy Plan 2000</i> and the prevailing zoning of adjoining land. It is also proposed to amend Figure 7.2.5A (Buderim Local Plan Elements) of the Buderim Local Plan Code, to	

Site ID	Sunshine Coast Planning Scheme 2014	Summary purposes. Therefore, it is proposed that Lot 142 on SP318724 be included in the Low density residential zone (Precinct LDR-1 (Protected Housing Area)), which is consistent with the previous zoning under the former <i>Maroochy Plan 2000</i> and the prevailing zoning of surrounding land. It is proposed that Lot 900 is retained in the Community facilities zone and annotated 20. Utility installation (Local Utility).	Proposed Amendment
13 and 21 Smith Street, Mooloolaba Lot 91 on RP73433 Lot 0 on SP173707	Figure 1: Extract from the Height of buildings and structures overlay.	Council has received a request on behalf of the landowner of 13 Smith Street, Mooloolaba (legally described as Lot 91 on RP73433), seeking an increase in the maximum building height from 18 metres to 37.5 metres. Under the <i>Sunshine Coast Council Planning Scheme 2014</i> , the subject site is currently included in the District centre zone in the Mooloolaba/Alexandra Headland Local plan area and has a maximum building height of 18 metres (refer to <b>Figure</b> 1). The subject site has a total site area of 690m <sup>2</sup> . The northern side boundary of the subject site adjoins the Brisbane Road Car Park, which currently has a maximum building height of 45 metres. To the south is the Pandanus Mooloolaba Apartments, located at 21 Smith Street (legally described as Lot 0 on SP173707). This site currently has a maximum building height of 18 metres. Land to the south-east and north-west currently has a maximum building height of 25 metres. Having regard to the existing maximum building heights for development in the surrounding area, it is considered appropriate for an increase in the maximum building height for 13 and 21 Smith Street, from 18 metres to 25 metres. Therefore, it is proposed to amend the Height of buildings and structures overlay to include 13 and 21 Smith Street in the 25 metre height category.	It is proposed to amend the maximum building of 13 Smith Street (Lot 91 on RP73433) and 21 Smith Street (Lot 0 on SP173707) from 18 metres to 25 metres.

# Proposed Sunshine Coast Planning Scheme 2014 (Major Amendment) No. [to be inserted] – Site Specific and Editorial Matters

Post notification ministerial review version

July 2023

Made under the *Planning Act 2016*, section 20 (Amending planning schemes under Minister's rules)

This amendment has effect on and from [to be inserted]

## 1. Short title

This amendment instrument may be cited as the proposed *Sunshine Coast Planning Scheme 2014* (*Major Amendment*) No. [to be inserted] – Site Specific and Editorial Matters.

#### 2. Commencement

This amendment instrument has effect on and from [to be inserted].

### 3. Purpose

The purpose of the proposed Sunshine Coast Planning Scheme 2014 (Major Amendment) No. [to be inserted] – Site Specific and Editorial Matters is to:-

- (a) Amend the zoning, overlays, local plan precincts/elements and/ or planning scheme provisions relating to several specific sites located in the Buderim, Maroochydore/Kuluin, Mooloolaba/Alexandra Headland, Peregian South, Sippy Downs, Woombye and Yandina Local plan area, in order to: -
  - (i) reflect an existing development approval;
  - (ii) better reflect existing or desired future land uses;
  - (iii) respond to Council property-related matters or a Council resolution; and
  - (iv) respond to identified mapping anomalies.
- (b) address other editorial matters to improve the clarity and efficiency of the planning scheme.

#### 4. Amendment table

This amendment instrument amends the component of the *Sunshine Coast Planning Scheme 2014* in Table 1, Column 1, in respect of the planning scheme provisions stated in Table 1, Column 2, in the manner stated in Table 1, Column 3.

#### Table 1 Amendment table

#### Appendix A Amendment schedule (text)

#### Part 6 (Zones), Section 6.2.1 (Low density residential zone code)

- (g) development is designed and located in a manner which makes a positive contribution to the streetscape and is sympathetic to the existing and intended scale and character of surrounding development;
- development incorporates a high level of residential amenity, personal health and safety, (h) protection for property and appropriately meets the needs of people of all abilities;
- development for residential activities adjacent to rural land does not interfere with the (i) existing or ongoing use of rural land for productive agricultural purposes
- (j) development is located, designed and operated to be responsive to the Sunshine Coast's sub-tropical climate and minimises the consumption of energy and water;
- development avoids as far as practicable, or where avoidance is not practicable, (k) minimises and otherwise mitigates, adverse impacts on ecologically important areas, including creeks, gullies, *waterways*, *wetlands*, coastal areas, habitats and *vegetation* through location, design, operation and management;
- (I) development is designed and sited to sensitively respond to the physical characteristics and constraints of land, including flooding, steep land, landslide hazard and bushfire hazard, where applicable;
- development is provided with the full range of urban services to support the needs of the (m) community, including *parks*, roads and transport corridors, pedestrian and cycle paths, reticulated water and sewerage (where available or planned to be made available), stormwater drainage and electricity and telecommunication infrastructure;
- development does not adversely impact on the continued operation, viability and (n) maintenance of existing infrastructure or compromise the future provision of planned infrastructure; and
- (o) development provides for the following:-
  - (i) a use listed as a consistent use in column 1 of Table 6.2.1.2.1 (Consistent uses and potentially consistent uses in the Low density residential zone) to occur in the Low density residential zone; and
  - a use listed as a potentially consistent use in column 2 of Table 6.2.1.2.1 to occur (ii) in the Low density residential zone only where further assessment has determined that the use is appropriate in the zone having regard to such matters as its location, nature, scale and intensity.

Note-a use not listed in Table 6.2.1.2.1 is an inconsistent use and is not intended to occur in the Low density residential zone.

Sunshine Coast Planning Scheme 2014 (Major Amendment) No. [to be inserted] Site Specific and Editorial Matters – Post

**Sunshine Coast Regional Council** 

Page 7-69

Dago AA 4

#### Part 7 (Local Plans), Section 7.2.19 (Maroochydore/Kuluin local plan code)

- (iii) provides for the establishment of key transit nodes at major intersections along Aerodrome Road; and
- (iv) provides for bicycle and pedestrian infrastructure which connects major transit stations within the Maroochydore Principal Regional Activity Centre to the Cotton Tree waterfront and the eastern surf beaches.
- Development in the Principal centre zone in Precinct MAR LPP-3 (Maroochy Boulevard/Dalton (t) Drive):
  - comprises a mix of uses including medium intensity residential activities, business (i) activities (including smaller scale showroom uses) as well as other supporting activities and infrastructure necessary to service the Maroochydore Principal Regional Activity Centre
  - provides a built form which reinforces the gateway function of Maroochy Boulevard and (ii) contributes to a sense of arrival to the Maroochydore Principal Regional Activity Centre;
  - (iii) provides for Maroochy Boulevard and Dalton Drive to be established as landscaped boulevards incorporating public transport infrastructure, wide pedestrian paths and limited lot access for vehicles; and
  - reflects a high level of design detail in terms of the architectural quality of buildings, the type and size of signage, and the quality of landscape treatments both within the road (iv) reserve and within development sites.
- Development in the Local centre zone supports the role and function of the local business (u) areas as local (not full service) activity centres servicing the convenience needs of residents and visitors to the local plan area.
- With the exception of the two local business areas situated on the corner of Maroochydore (v) Road and Main Road and Maroochydore Road and Turner Street that are not intended to increase their building footprint or gross floor area, development in the Local centre zone provides for the expansion and enhancement of business uses
- (w) Development in the Local centre zone provides for small scale uses, active street frontages and other urban elements that create vibrant streets and places
- Development in the Specialised centre zone provides for the progressive refurbishment of (x) sites along Wises Road and Sugar Road with buildings, landscaping and integrated signage that improve the visual appearance and the continuity of the streetscape along these major roads
- Development in the High density residential zone in Precinct MAR LPP-4 (Wharf Street) (y) provides for predominantly high density residential uses. Limited office uses may be established in the precinct as part of mixed use premises, where the residential amenity of the area is maintained.
- Development in the Low density residential zone in Precinct MAR LPP-5 (Maud Street/Sugar (z) Road) provides for the establishment of business uses (being offices) in existing dwellings in a manner that maintains the amenity of existing residential uses and improves the visual appearance and continuity of the streetscape along these major roads. Whilst the conversion of existing dwelling stock is supported, new custom built offices are not developed in Precinct MAR LPP-65 (Maud Street/Sugar Road).
- Development improves local connectivity and access by providing identified public road links including links between Martins Drive and Fishermans Road, Pikki Street and Primary School (aa) Court, Southern Drive and Amaroo Street, Millwell Road East and Southern Drive and required road links into the Maroochydore City Centre Priority Development Area.
- Development in the Emerging community zone provides for the continued development of (bb) Sunshine Cove as an integrated residential community, providing a mix of dwelling types and live/work buildings in a waterside setting, supported by large areas of open space, a walkable waterfront and extensive cycle and pedestrian pathway networks connecting the development to the Maroochydore Principal Regional Activity Centre and other adjoining neighbourhoods.

Editor's note-development at Sunshine Cove is currently regulated in accordance with an approved master plan and plan of development.

# **Amendment Instrument**

# Proposed Sunshine Coast Planning Scheme 2014 (Interim Local Government Infrastructure Plan (LGIP) Amendment)

Post notification version

July 2023

Made under the *Planning Act 2016*, section 21 (Making or amending LGIPs)

This amendment has effect on and from [to be inserted]

#### 1. Short title

This amendment instrument may be cited as the proposed or Sunshine Coast Planning Scheme 2014 (Interim LGIP Amendment).

#### 2. Commencement

This amendment instrument has effect on and from [to be inserted].

#### 3. Purpose

The purpose of the proposed Interim LGIP Amendment is to: (a) amend the LGIP maps and Schedules of Work to:

- - update the projects listed in the schedule of works which were constructed (i) during the 2016-2021 period; and
  - (ii) update the currency and relevance of the projects listed in the schedule of works to reflect network planning, timing and costings of projects planned for 2021-2031

(b) address other editorial matters to improve clarity and efficiency of the LGIP.

#### 4. Amendment table

This amendment instrument amends the component of the *Sunshine Coast Planning Scheme 2014* in Table 1, Column 1, in respect of the planning scheme provisions stated in Table 1, Column 2, in the manner stated in Table 1, Column 3. (See Amendment Glossary at end of Table 1 for definition of terms.)

#### Table 1 Amendment table

Column 1	Column 2	Column 3
Planning scheme component	Planning scheme provision	Amendment
Part 4 - Local Government Infrastructure Plan	Section 4.2; Table 4.2.1 Population and employment assumptions summary and Table 4.2.2 Residential dwellings and non-residential floor space assumptions summary	Administrative amendment to the LGIP as shown in Appendix A Amendment schedule (Part 4 LGIP and Schedule 3 Tables)
Part 4 - Local Government Infrastructure Plan	Section 4.4.3.1 Parks – Desired standards of service	Insert note as shown in <b>Appendix A Amendment schedule</b> (Part 4 LGIP and Schedule 3 Tables)
Part 4 - Local Government Infrastructure Plan	Editor's note – extrinsic material List of extrinsic material	Amend the LGIP as shown in <b>Appendix A Amendment</b> <b>schedule</b> (Part 4 LGIP and Schedule 3 Tables)
Schedule 3 – Local government infrastructure plan mapping and tables	Table SC3.2.1 – Stormwater network schedule of works	Delete and insert new Table SC3.2.1 Stormwater Schedule of Works as shown in <b>Appendix A Amendment schedule</b> (Part 4 LGIP and Schedule 3 Tables)

Proposed Sunshine Coast Planning Scheme 2014 (Interim LGIP Amendment) - Post Consultation version

# Amendment Glossary

GPT	Gross Pollutant Trap
LGIP	Local Government Infrastructure Plan
MDS	Master Drainage Study
PCF	Parks and Land for Community Facilities
PIA	Priority Infrastructure Area
SQN	Stormwater Quality/Quantity Network
TNA	Transport Network Active
TNR	Transport Network Roads
WSUD	Water Sensitive Urban Design

Proposed Sunshine Coast Planning Scheme 2014 (Interim LGIP Amendment) - Post Consultation version

As a consequence of the amendments in Table 1, this amendment instrument also makes consequential amendments to the component of the *Sunshine Coast Planning Scheme 2014* in Table 2, Column 1, in respect of the planning scheme provisions stated in Table 2, Column 2, in the manner stated in Table 2, Column 3.

### Table 2 Consequential amendment table

Column 1	Column 2	Column 3
Planning scheme component	Planning scheme provision	Amendment
Part 4 Local Government Infrastructure Plan	Document footer	Updated to reflect version for "Interim Amendment"
	Extrinsic material	Update schedules of work and other network planning in the extrinsic material
Schedule 3 (Local Government Infrastructure Plan Mapping and Tables)	Table SC3.3.1 LGIP maps	Update the "Gazettal date" column upon adoption and gazettal of the amendment
	LGIP Maps – Stormwater network (SQN 1 – 55)	A number of amendments are shown on multiple maps. The primary amendment is shown in Table 1
	LGIP Maps – Transport network (Roads) (TNR 1 – 55)	above, however a number of other maps will also show a change.
	LGIP Maps – Transport network (Active Transport) (TNA 1 – 55)	
	LGIP Maps - Parks and land for community facilities network (PCF 1 – 55)	
Part 4 Local Government Infrastructure Plan - Schedule of Works Model	Schedule of Works model	Update the model to reflect the schedules of work shown in Schedule 3 (Local Government Infrastructure Plan Mapping and Tables)

Proposed Sunshine Coast Planning Scheme 2014 (Interim LGIP Amendment) - Post Consultation version

		Wholesale nursery
		Winery

(4) Details of the methodology used to prepare the planning assumptions are stated in the extrinsic material.

# 4.2.1 **Population and employment growth**

(1) A summary of the assumptions about population and employment growth for the planning scheme area is stated in Table 4.2.1 (Population and employment assumptions summary).

Table 4.2.1	Population and employment assumptions summary
-------------	---

Column 1 Description	Column 2 Assumptions				
	Base date 2016	2021	2026	2031	Ultimate development
Population	298,223	335,580	374,439	412,849	<u>602,964</u> <del>506,33</del> 4

1

Proposed\_Sunshine Coast Planning Scheme 2014\_(Interim LGIP Amendment) - Post Consultation version

Page 4-3

- (2) Detailed assumptions about growth for each projection area and LGIP development type category are identified in the following tables in Schedule 3 (Local government infrastructure plan mapping and tables):
  - (a) for population, Table SC3.1.1 (Existing and projected population); and
  - (b) for employment, Table SC3.1.2 (Existing and projected employees).

# 4.2.2 Development

- (1) The developable area is identified on Strategic Framework Map SFM1 Land Use Elements. The developable area is the area shown as Urban Area, Rural Residential Area and Industry and Enterprise Area. Future development within the developable area will be subject to consideration of the impacts of the development constraints depicted on the relevant Overlap Maps. The developable areas are stated in Table SC3.1.3 (Planned density and demand generation rate for a trunk infrastructure network) in Schedule 3 (Local government infrastructure plan mapping and tables).
- (2) The planned density for future development is stated in **Table SC3.1.3 (Planned density and** demand generation rate for a trunk infrastructure network) in Schedule 3 (Local government infrastructure plan mapping and tables).
- (3) A summary of the assumptions about future residential and non-residential development for the planning scheme area is stated in Table 4.2.2 (Residential dwellings and non-residential floor space assumptions summary).

#### Table 4.2.2 Residential dwellings and non-residential floor space assumptions summary

Column 1 Description	Column 2 Assumptions				
	Base date 2016	2021	2026	2031	Ultimate development
Residential dwellings	121,552	138,493	156,591	175,029	<u>255,102</u> <del>220,555</del>
Non-residential floor space (m <sup>2</sup> GFA)	4,330,395	4,770,966	5,211,535	5,652,104	<u>14,846,710</u> <del>6,973,811</del>

- (4) Detailed assumptions about growth for each projection area and LGIP development type category are identified in the following tables in Schedule 3 (Local government infrastructure plan mapping and tables):
  - (a) for residential development, Table SC3.1.4 (Existing and projected residential dwellings); and
  - (b) non-residential development, Table SC3.1.5 (Existing and projected non-residential floor space).

# 4.2.3 Infrastructure demand

- The demand generation rate for a trunk infrastructure network is stated in Table SC3.1.3 (Planned density and demand generation rate for a trunk infrastructure network) in Schedule 3 (Local government infrastructure plan mapping and tables).
- (2) A summary of the projected demand for each service catchment is stated in:
  - (a) for the stormwater network Table SC3.1.6 (Existing and projected demand for the stormwater network);
  - (b) for the transport network Table SC3.1.7 (Existing and projected demand for the transport network); and
  - (c) for the parks and land for community facilities network Table SC3.1.8 (Existing and projected demand for the parks and land for community facilities network).

Proposed Sunshine Coast Planning Scheme 2014 (Interim LGIP Amendment) - Post Consultation version

Page 4-4

1

Characteristic <sup>1</sup>	Recreati	ion Parks	Sports Parks		
	District	Council-wide	District	Council-wide	
Road frontage	Minimum of two sides or 50% of perimeter	Minimum 50% of perimeter	Minimum of 50	0% of perimeter	
Shape	A regular and compact shape that can accommodate the intended function				
Maximum desired grade	Activity areas <3%	)	Areas for sports activity to be generally flat and suitably graded for drainage		
Minimum desired flood immunity	<ul> <li>Land &gt;5% AEP (1 in 20)</li> <li>Key infrastructure &gt;2% AEP (1 in 50)</li> <li>Buildings / structures &gt;1% (1 in 100)</li> </ul>		20). • Key infrastr areas > 2% • Buildings/st AEP (1 in 1 • Allowance of drainage fro	ds above 5% AEP (1 ir ucture and activity AEP (1 in 50) tructures above 1% 00) of 5% of the site for om within the site, with iate runoff buffer	

Note 1 - Colocation of park trunk infrastructure into a "Recreation and Sport Precinct" seeks to improve and expand functionality, achieve economies of scale by shared infrastructure and increase adaptability for the future. Refer to extrinsic material - Background information for public parks network for SCC LGIP for further information.

#### 4.4.3.1.1 Land suitability

- (1)Land for parks must be suitable for its intended role and function. Suitable land includes land that:
  - is outside of the erosion prone area as defined by the Coastal Management and (a) Protection Act 2005;
  - lies above the 5% AEP (1 in 20) flood level; (b)
  - is developable under environment related restrictions such as the Vegetation (c) Management Act 1999;
  - (d) is free of health and safety hazards and encumbrances, i.e. easements and other utilities such as drainage, sewerage pump stations, electrical transformers and high voltage power lines;
  - (e) is relatively level with a natural slope less than 25%;
  - (f) is not required for:
    - a buffer, esplanade or easement; (i)
    - (ii) (iii) drainage purposes;
    - utility infrastructure or services;
    - storm water treatment or detention; (iv)
    - underground infrastructure and services; (v)
    - (vi) future transport infrastructure or services;
  - is outside land designated for road reserve and at least 50m from easements with (g) conflicting purposes;
  - (h) is uncontaminated; and
  - is unconstricted by existing infrastructure or utilities. (i)
- Where topography requires additional land to achieve the required role and function, land area (2) should be increased from the minimum size.

### **Explanatory Memorandum**

## Proposed Sunshine Coast Planning Scheme 2014 (Interim Local Government Infrastructure Plan (LGIP) Amendment)

**Post Notification version** 

July 2023

#### 1. Short title

The amendment instrument to which this explanatory memorandum relates is the proposed *Sunshine Coast Planning Scheme 2014 (Interim Local Government Infrastructure Plan (LGIP) Amendment)*.

#### 2. Type of amendment

The proposed amendment to the *Sunshine Coast Planning Scheme 2014* constitutes an '*Interim Local Government Infrastructure Plan Amendment*' (Interim LGIP Amendment) in accordance with section 3.2, Part 2 – Interim LGIP Amendment of Chapter 5 of the *Minister's Guidelines and Rules 2020*.

## 3. Entity making the proposed Sunshine Coast Planning Scheme 2014 (Interim LGIP Amendment)

The entity making the proposed *Sunshine Coast Planning Scheme 2014 (Interim LGIP Amendment)* is the Sunshine Coast Regional Council.

## 4. Land affected by the proposed Sunshine Coast Planning Scheme 2014 (Interim LGIP Amendment)

The proposed *Sunshine Coast Planning Scheme 2014 (Interim LGIP Amendment)* generally affects land subject to the priority infrastructure area and the broader Sunshine Coast region as shown in Schedule 3 (Local Government Infrastructure Plan Mapping and Tables) of the *Sunshine Coast Planning Scheme 2014*.

## 5. Purpose of the proposed Sunshine Coast Planning Scheme 2014 (Interim LGIP Amendment)

The purpose and general effect of the proposed *Sunshine Coast Planning Scheme 2014 (Interim LGIP Amendment)* is to:-

- (a) amend the LGIP maps and Schedules of Work to:
  - (i) update the projects listed in the schedule of works which were constructed during the 2016-2021 period; and
  - (ii) update the currency and relevance of the projects listed in the schedule of works to reflect network planning, timing and costings of projects planned for 2021-2031; and
- (b) address other editorial matters to improve clarity and efficiency of the LGIP.

### 6. Reasons for the proposed Sunshine Coast Planning Scheme 2014 (Interim LGIP Amendment)

Council has prepared the proposed *Sunshine Coast Planning Scheme 2014 (Interim LGIP Amendment*) to update the network planning to ensure the efficient and cost effective delivery of infrastructure to respond to demand.

## 7. Details of the proposed Sunshine Coast Planning Scheme 2014 (Interim LGIP Amendment)

The details of the proposed *Sunshine Coast Planning Scheme 2014 (Interim LGIP Amendment)* are outlined in **Table 7.1** below and provides a summary of the proposed text and mapping amendments to the planning scheme.

#### Table 7.1 Summary of proposed Sunshine Coast Planning Scheme 2014 (Interim LGIP Amendment)

Proposed amendment	Reason for proposed amendment				
Part 4 (Local Government Infrastructure Plan)					
Editorial amendments	Update Table 4.2.1 (Population and employment assumptions summary) and Table 4.2.2 (Residential dwellings and non- residential floor space assumptions summary) to match the relevant tables in Schedule 3.1 (Planning assumption tables). The editorial correction is required to make the overall totals match.				

Proposed amendment	Reason for proposed amendment Note: The planning assumptions have not been updated. A note has been added to the desired standards of service for the parks network to improve clarity of the new park category. The version dates for the extrinsic material are updated in the List of extrinsic material.
Schedule 3 (Local Government Infrastruct	
Update the schedules of works for all networks	<ul> <li>Update project descriptions, timing and establishment costs in the following tables to reflect updated network planning:</li> <li>Table SC3.2.1 (Stormwater network schedule of works)</li> <li>Table SC3.2.2 (Transport network – Roads schedule of works)</li> <li>Table SC3.2.3 (Transport network – Active transport schedule of works)</li> <li>Table SC3.2.4 (Parks and Land for Community Facilities schedule of works)</li> </ul>
Update the Local Government Infrastructure Plan maps (for a relevant Local Plan Area) to reflect changes to the schedules of works	Amend the relevant Local Government Infrastructure Plan maps to change the location of projects, timing or delete/add projects to reflect updated network planning.
Consequential planning scheme amendme	ents
Update Part 4 (Local government infrastructure plan) list of extrinsic material	Update version dates of the extrinsic material contained in Part 4 (Local government infrastructure plan)
Update the gazettal date for the LGIP maps and also LGIP Maps for other Local Plan Areas which incidentally show an amendment	An amendment may be seen on other LGIP maps of an adjoining Local Plan Area.
Update the Schedule of Works model	Update the model to reflect the schedules of work shown in Schedule 3 (Local Government Infrastructure Plan Mapping and Tables)

#### 8. Compliance with the Planning Act 2016

The proposed *Sunshine Coast Planning Scheme 2014 (Interim LGIP Amendment*) has been prepared in accordance with:-

- (a) Part 3 (Local planning instruments), Division 2 (Making, amending or repealing local planning instruments), Section 21 (Making or amending LGIPs) of the *Planning Act 2016*;
- (b) Chapter 5 of the Minister's Guidelines and Rules 2020; and
- (c) Part 3 (Reviewing, making or amending a local government infrastructure plan of the Local infrastructure planning Guidance for local government and applicants.

The proposed *Sunshine Coast Planning Scheme 2014 (Interim LGIP Amendment*) provides a LGIP for the Council which does the following:

- (a) update the currency and relevance of the projects listed in the schedule of works to reflect projects which were constructed during the 2016-2021 period
- (b) update the timing and costings of projects planned for 2021-2031
- (c) correct editorial anomalies.

All other elements of the LGIP remain unchanged including the Priority Infrastructure Area (PIA) and planning assumptions.

#### 9. Consultation with government agencies

In relation to preparing the proposed *Sunshine Coast Planning Scheme 2014 (Interim LGIP Amendment)* and in accordance with the *Minister's Guidelines and Rules 2020,* Council is required to consult with:-

 (a) the relevant State agency about transport matters only to the extent the agency may be affected by the proposed amendment;

- Comment: Consultation has been undertaken with the relevant State agency (i.e. Department of Transport and Main Roads) however, there is no effect upon the agency by the proposed amendment: and
- (b) Unitywater about water and wastewater services for the area only to the extent Unitywater may be affected by the proposed amendment;
  - Comment: Council has undertaken consultation with Unitywater however, there is no effect for Unitywater by the proposed amendment.

#### 10. Public consultation

Public consultation on the proposed interim amendment was required to be undertaken for a minimum of 15 business days in accordance with the *Minister's Guidelines and Rules 2020*.

At the Ordinary Meeting held on 26 May 2022, Council decided to amend the Local Government Infrastructure Plan and delegate authority to the Chief Executive Officer to prepare and progress the proposed interim amendment in accordance with the *Minister's Guidelines and Rules 2020* and commence a 15-business day public notification period (Council Resolution OM22/38).

In accordance with Council Resolution No. OM22/38, the proposed interim amendment was placed on formal public consultation for 21 business days from 4 October 2022 to 1 November 2022 (inclusive). The consultation and communication strategy implemented during the public consultation period involved the following:-

- Public notice published in the Courier Mail (including online in the Courier Mail) on 1 October 2022.
- Copy of the public notice and amendment documentation provided on Council's website and hard copies made available at each Council customer service centre at Nambour, Caloundra and Maroochydore.
- Newsflash issued to all regular planning scheme users and community members that have previously
  expressed an interest in receiving information about planning scheme and development matters
- Dedicated webpage on Council's 'Have Your Say' webpage, including a copy of the public notice, amendment documentation and supporting information, and online submission form
- In addition to the minimum requirements for a notification of this type, Council directly contacted by
  email over a hundred local community groups to advise them of the proposed amendment and to
  provide them with the opportunity to comment.

#### 11. Consideration of submissions

In accordance with the *Minister's Guidelines and Rules 2020,* following public consultation, Council is required to consider every properly made submission about the proposed *Sunshine Coast Planning Scheme 2014 (Interim LGIP Amendment).* 

A total of 23 submissions were received during the public consultation period, with the majority of submissions outlining provisional or full support for the proposed Interim Local Government Infrastructure Plan.

Many of the issues raised in submissions are not relevant to the Local Government Infrastructure Plan but relate to other parts of the planning scheme, such as requests to maintain existing zoning and building heights in particular areas. Several issues, although infrastructure related, deal with sections of the Local Government Infrastructure Plan that are outside the scope of the proposed Interim Local Government Infrastructure Plan amendment and will be more appropriately addressed in a future Local Government Infrastructure Plan amendment, such as consideration of the function of parks. Equally, some submissions referenced infrastructure managed by the State or Federal Governments, such as railway line duplication.

Only two submissions, identified issues that require changes to the proposed Interim Local Government Infrastructure Plan Amendment. These issues are limited to the road transport network, being:

- amend the road network Schedule of Works (and associated mapping) to remove road project R-26-001 (CD road, Maroochydore), update the description of road projects R-26-008 Sugar Road, Maroochydore and R-19-002 Ulm Street, Caloundra in the Schedule of Works.
- request for an establishment cost to be included for a new road link on a Wises Road site which had been added as a new project, but on review, was identified as non-trunk infrastructure and therefore,

should not be in the Local Government Infrastructure Plan, and accordingly this project has been removed from the Schedule of Works (and associated mapping).

As a result of these submissions, changes are proposed to Table SC3.2.2 Transport network – roads schedule of works and relevant Transport (Roads) maps, as well as the Schedule of Works model. Mapping changes are presented graphically in the **Amendment Instrument**, as a before and after extract of the section of the map, with only Transport maps TNR22 and TNR32 being changed as a result of submissions.

Details of the submissions received, issues identified, and Council's proposed responses are summarised in the Consultation Report. A copy of the Consultation Report will be provided to each person who made a submission and will also been made available on Council's website.

#### 12. LGIP review checklist

The LGIP review checklist for the proposed *Sunshine Coast Planning Scheme 2014 Interim LGIP Amendment*) is provided in **Appendix 1**.

#### 13. Background studies and reports

The following background studies and reports informed the preparation of the proposed *Sunshine Coast Planning Scheme 2014 (Interim LGIP Amendment):* 

- (a) Schedule of Works (SOW) Model provided on Council's website;
- (b) background materials provided on Council's website:
  - (i) Stormwater Network Background Information (8 March 2022);
  - (ii) Sunshine Coast Transport Analysis Technical Note (March 2022);
  - (iii) Active Transport Network Background Information; and
  - (iv) Background Information for Public Parks Network (March 2022).

LGAQ

**Every Queensland community** deserves to be a liveable one

### 2023 LGAQ Annual Conference – Motions template

Title of motion (required)	Improved connectivity of active transport (walking and cycling) routes to existing active transport networks, delivered as part of major road works by the TMR
Motion (required)	That LGAQ advocate to the State Government to ensure that the active transport pathways provided as part of the delivery of major roads projects are connected to nearby local networks and not left stranded at the extent of the road project.
What is the desired outcome sought? (required) 200 word limit	<ul> <li>Where TMR roads projects incorporate active transport links, that these be delivered by TMR to connect to existing nearby networks. At present, the 'extent of works' relates only to the extent of project roadworks and takes no account of the need to connect any active transport routes, provided as part of the road works, to the existing active transport network in the local area.</li> <li>Specifically, the motion seeks to ensure that walking and cycling facilities are provided for as part of the road project scope and budget and connect to existing networks in the locality, in order to:</li> <li>provide seamless transition of the active transport route to existing local network</li> <li>avoid risk to public safety when the active transport pathway does not connect to the nearby network, and</li> <li>avoid cost shifting to local government to complete the network gap created.</li> </ul>
<b>Background</b> (required) 350 word limit	New roadworks are designed to transition the new road work to meet the existing road surfaces at an appropriate level and alignment. In most cases, major road upgrades include provision for active transport routes as part of an integrated design in accordance with the TMR Policy below.
	However, the 'extent of works' currently finish in line with the extent of <u>road</u> works and often do not take into account an appropriate connection of the active transport pathways to the existing active transport routes in the locality. While the roadworks component may deliver seamless transition of new road surface with old, it often leaves associated active transport infrastructure unconnected to local networks. Council is then expected to remedy connection to this stranded asset. This comes at an unbudgeted cost to ratepayers Councils generally seek to address potential public safety risks when state initiated active transport solutions finish short of connecting to the local Active Transport Network
	In order to meet State and local government objectives for active transport provision and modal share targets, major

LGAQ

**Every Queensland community** deserves to be a liveable one

### 2023 LGAQ Annual Conference – Motions template

The LGAQ calls on the State Government to amend the
Land Valuation Act 2010 to include the option for councils to request market valuations for the purpose of rating strata titled / community titled properties.
The desired outcome is a fair and equitable rating methodology for strata titled / community titled property that is simple to apply and does not result in cumbersome or costly data collection and maintenance. After consideration of the range of rating options it is considered a more equitable rating outcome for strata/ community titled property rating would be achieved by allowing councils the option to use market valuations for strata titled / community titled rating.
Council during the recent budget development process indicated they wished to review strata and community titled rating and achieve rating outcomes more aligned to market value, similar to those outcomes achieved for non- strata titled property using the current site value provided by the Valuer General.
The Land Valuation Act 2010 requires that land in a strata/community title scheme must be valued as an undivided whole and the Body Corporate and Community Management Act 1997 (BCCM) requires that, for the purposes of levying rates and land tax, the value of the scheme land is apportioned between the lots in proportion to the interest schedule lot entitlement.
The motion proposed is in relation to market valuation being available for rating purposes upon request. It is anticipated if this proposal was successful an additional fee, above the existing annual fee, may be applied by the Valuer General for this optional service.
While it is acknowledged council does have broad powers to determine rating categories, there is a legislated requirement to use the rateable valuation which, given the value of the strata/ community scheme land is apportioned between the lots, this results in low rateable valuations

2

	and invariably the Minimum Rate is triggered and applies. The option to use market value would provide meaningful and equitable rating outcomes across the residential rating sector, given single dwelling rateable values are closely aligned to market value.						
Case study/ Example (optional) 350 word limit Extensive modelling of rating attributes that could be for strata titled / community rating has been undertal council to seek property attributes that may correlate market value and be used effectively instead of the proposed market value. The modelling outcome that provided the greatest correlation to market value wa upon obtaining legal advice, not legislatively compla example of the variation in sale value and rating valu is below, noting the rateable valuations highlighted v the considerably different sales values . Sample of Sale Value v. Rating Valuation for Sunshi							
	Coast Counci						
	Unit Floor	Sale Value	Yearly	Rating			
	Area (m2)	(\$)	General Rate (\$)	Valuation			
	133	\$990,000	\$2,044	\$53,361			
	56	\$365,000	\$2,044	\$20,372			
	95	\$710,000	\$2,044	\$54,766			
	63	\$435,000	\$2,044	\$28,740			
	184	\$1,375,000	\$2,044	\$85,823			
	111	\$670,000	\$2,044	\$143,400			
	54	\$440,000	\$2,044	\$99,750			
	74	\$470	\$2,044	\$33,229			
	[Rating Categ	ory 27 - Principa	al Place of Res	idence]			
	It is noted that Victoria councils have the option to Capital Improved Value for rating all properties. A valuation is issued for each unit in the strata title s and therefore rates are based on the individual un valuation.

LGAQ

**Every Queensland community** deserves to be a liveable one

### 2023 LGAQ Annual Conference – Motions template

Title of motion (required)	Review of <i>Planning Regulation 2017,</i> Schedule 6, Part 3, s20A Operational work for necessary firebreaks or fire management lines
Motion (required)	That the LGAQ calls on the State Government to review, in consultation with local governments, <i>s20A</i> <i>of Schedule 6 of</i> the <i>Planning Regulation 2017</i> , with a view to provide a more balanced approach to circumstances where vegetation clearing is allowed for bushfire hazard reduction, to minimise biodiversity impacts associated with such clearing.
What is the desired outcome sought? (required) 200 word limit	<ul> <li>Through consultation with local government representatives, amend the <i>Planning Regulation 2017</i>, specifically relating to Schedule 6, Part 3, s20A <i>Operational work for necessary firebreaks or fire management lines</i>, which provides a better balance between bushfire hazard reduction and protection of biodiversity values, through:</li> <li>defining what constitutes 'necessary' clearing (i.e. clearing that avoids and minimises extent of clearing required to achieve bushfire hazard reduction);</li> <li>limiting 'infrastructure' to lawfully established infrastructure, that reasonably requires clearing to protect the infrastructure from bushfire hazards (e.g. excluding underground infrastructure and buildings and structures that it is not reasonably necessary to undertake extensive clearing to protect considering their nature, such as garden sheds and rainwater tanks); and</li> <li>prepare guidance material for the interpretation and implementation of s20A of Schedule 6, to ensure consistency of approach by both State Departments and Local Governments.</li> </ul>

2

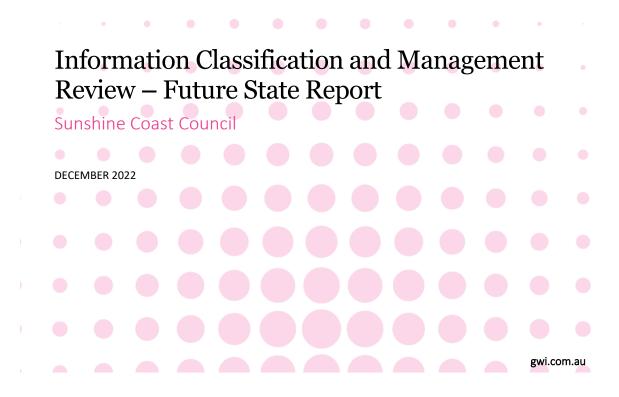

27 JULY 2023

<b>Background</b> (required) 350 word limit	The <i>Planning Regulation 2017</i> (the Regulation) was amended on 5 December 2019, which included changes to Schedule 6, that had the effect of making vegetation clearing for necessary firebreaks or fire management lines accepted development. These changes essentially removed council's ability to regulate vegetation clearing proposals which may be in close proximity to any type of infrastructure, regardless of the ecological values of the area. Furthermore, no consultation occurred with local governments prior to these changes taking effect.	
	It is understood this amendment was introduced in response to the unprecedented bushfires experienced in the 2019-20 season. The intent of this amendment was to provide certainty for landholders on vegetation clearing that could occur for protection of built assets without requiring a development approval from local government. However, the amendment has had the unintended consequence of creating uncertainty in the interpretation of the Regulation at a local government level and also leading to situations where landholders have pre-emptively cleared vegetation for future assessable development. This undermines the intent of both State and local planning instruments to achieve biodiversity protection outcomes, including Koala Habitat Protection legislation. There is also evidence that State Departments have differing views on how this provision is interpreted (i.e. advice is being provided that clearing can occur without demonstrating the clearing is 'necessary' through a bushfire hazard assessment).	
	It is acknowledged that this provision has been taken from Schedule 7 (Accepted development) of the Regulation and has been implemented for some time for vegetation clearing subject to the <i>Vegetation</i> <i>Management Act 1999</i> . However, vegetation clearing regulated by local planning instruments is focused on land that is highly fragmented, including peri-urban land, where the application of the amended Regulation is resulting in the unnecessary loss of vegetation and biodiversity values. The cumulative impacts of this unregulated clearing on matters of local environmental significance have the potential to be significant.

## **Executive summary**

Sunshine Coast Council (Council) must manage the use, disclosure, and release of its information in accordance with its legislative and regulatory obligations, as well as best practice. However, to provide transparency about its operations and to meet community expectations, Council seeks to balance these obligations with the proactive publication of Council information. To understand Council's current environment, GWI conducted an independent review of the classification and management of Council's information. The current state report findings indicate that, while Council understands its challenges relating to information management practices is preventing capability uplift. Council is addressing these challenges through its Inform Program; however, specific requirements exist for the development of documented processes for information security classification, as well as information governance roles and responsibilities, to enable and support classification. Improved classification practices will also underpin Council's ability to uplift transparency and accountability through the appropriate management and release of information to the public.

To address these requirements, this document sets out a practical approach that is aligned to best practice information classification and protection and is based on requirements in the Queensland Government Enterprise Architecture (QGEA) frameworks, policies, and guidelines, specifically the Queensland Government Information Security Classification Framework (QGISCF). Adopting and implementing this approach will enable Council to make improved decisions about the management and release of its information and to comply with its legislative and regulatory obligations.

To inform the development of an information security classification approach and recommendations, GWI has:

- Adopted Council's Information Security Policy principles to ensure alignment between the policy and the approach for classifying information
- Reviewed the QGISCF
- Reviewed current state report findings
- Reviewed the Inform Program's scope and progress.

The table below outlines the high-level steps of the classification process.

Phase	Classification process steps
Plan	Define process for Business Impact Level (BIL) assessments.
Plan	Review and approve BIL assessment process via governance group.
Do	Identify information asset and add it to Council's Information Asset Register (IAR).
Do	Conduct BIL assessment for the information asset and capture results in IAR.
Do	Assess security classification of information asset and add details to the IAR.
Do	Apply information security classification labels to records.
Check / Act	Conduct quality assurance across IAR and source systems.

The information classification process is reliant on the implementation of the recommendations provided in this report. Below is a summary of the recommendations. Recommendations marked with an asterisk (\*) are recommendations that have a direct relationship with the initiatives covered by Council's Inform Program. Refer to Appendix B for more information.

Sunshine Coast Council | Information Classification and Management Review

#	Recommendation
1	Improve how Council communicates its processes and efforts to make Council meeting information available to the public.
2	Update and operationalise Council's Information Access and Management Policy.*
3	Update and operationalise Council's Custodianship Policy.*
4	Review scope and logical order of training modules and formalise a plan for modules' completion.*
5	Operationalise the recently developed Administrative Access & Right to Information Policy and Guideline.
6	Ensure information systems that are source of truth for Council's records and information have up-to-date information security classification labels.

### 1 Introduction

Sunshine Coast Council is actively working to uplift its information management practices and capabilities and has established the Inform Program to address recommendations arising from the following external reports:

- Recordkeeping and Information Management Maturity Assessment (GWI)
- Best practice alignment for Information Sharing (GWI)
- Compliance audit report Sunshine Coast Regional Council (Office of the Information Commissioner).

As part of the Inform Program's Information & Records Management (I&RM) Standard initiative, an independent review of Council's information classification and management was conducted to inform the development and implementation of a best practice information management and access approach for the sensitivity of information held by Council.

GWI's current state assessment of Council's information classification practices identified key pain points relating to the:

- Definition and embedding of information governance roles and responsibilities, particularly in relation to information release processes.
- Currency of the Information Access and Management Policy and the lack of underlying processes that support its operationalisation.
- Capability of key systems, such as Content Manager (EDDIE) and Microsoft 365, for information security classification.
- Lack of community awareness of Council's current efforts to make information available to the public, particularly in relation to Council meeting information.

### 1.1 Purpose and audience

The purpose of this report is to support the improvement of Council's understanding and application of information classification and to define a practical approach that is aligned to best practice classification and protection. This will enable Council to make improved decisions about the management and release of its information and to comply with its legislative and regulatory obligations.

This report is intended to be used by the Information Classification and Management Review Steering Committee and should be read in conjunction with the SCC Information Classification and Management Review Current State Report.

### 1.2 Background

Council's existing Information Access and Management Policy sets out information classifications that are outdated and inconsistent with the current Queensland Government Information Security Classification Framework (QGISCF). In addition, there are no supporting processes or training available for staff to enable the appropriate classification of Council information.

As a result, Council is unable to fully operationalise its Information Security Policy, leading to non-compliance with legislative and regulatory requirements. Without the ability to appropriately classify information, Council is unable to make informed and timely decisions about which information assets are appropriate for release to the public via administrative access or RTI processes. In addition, while Council manages its meetings' information in accordance with section 254J of the *Local Government Regulation 2012* (Qld), it seeks to improve its practices around informing the community of its mechanisms for making information available to the public.

1

### 1.3 Objective

This report's objective is to provide Council with a future state information classification approach including:

- A best practice and fit-for-purpose process for the application of security classification to Council's information.
- A set of recommendations to enable the implementation of the process across Council and to uplift community perception of Council's commitment to transparency and the proactive publication of information.

### 1.4 Scope

This future state report focuses on the process for the classification and management of Council information in line with the QGISCF. The report includes recommendations that relate to:

- Updating and operationalising key policies and guidelines which directly support Council's information classification processes.
- Ensuring systems are updated accordingly to enable alignment with policies.
- Improving the community's perception of Council's efforts to operate in a spirit of openness and accountability in alignment with the RTI Act.

### 1.5 Approach

Figure 1 outlines the approach undertaken to conduct the future state assessment.

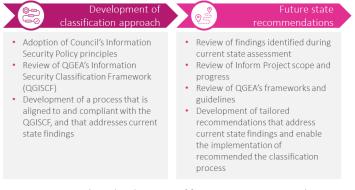

Figure 1: Approach to development of future state process and recommendations

27 JULY 2023

### 2 Information classification approach

According to the QGEA, applying consistent security classifications to information assets supports government agencies in making informed and timely decisions about how they should capture, store, maintain, transmit, process, use, and share information to best deliver services to the community.

The fit-for-purpose process developed for Council is based on and compliant with the QGISCF. It incorporates steps that reflect Council's ongoing and planned initiatives as outlined in the Inform Program roadmap.

### 2.1 Information security classification principles

The principles from Council's Information Security Policy apply to information and information security classification:

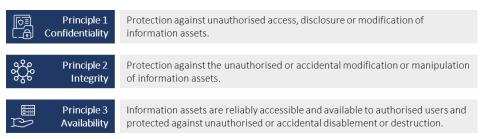

Figure 2: Information security classification principles

### 2.2 Information security classification process

The current state assessment identified two key pain points that are negatively impacting Council's ability to apply security classifications to its information:

- The lack of a formalised and operationalised Business Impact Level (BIL) assessment process<sup>1</sup>.
- The lack of appropriate information management training currently provided to Council staff, including in relation to information security classification.

The BIL assessment process identifies the business impact from a loss of confidentiality, availability, and integrity of Council's information. The assessment ranks the impact levels as either low, medium, or high. The rankings are then used to determine the appropriate security controls that should be implemented to safeguard Council's information. Appropriate information management training will empower staff to use and manage information across its entire lifecycle in compliance with legislative and regulatory obligations, as well as Council's policies and procedures, and mitigates the risk of Council information being inadvertently released or inappropriately used.

The information security classification process outlined below is reliant on the implementation of the recommendations provided in this report (refer to section 3. Recommendations) which include the development of a process for BIL assessments and the review of planned information management training modules.

<sup>1</sup> Queensland Government Information Security Classification Framework

#### 2.2.1 High-level business process

Figure 3 provides a high-level overview of the information security classification steps and the actors involved in the process. Section 2.2.2 provides a detailed description of the process.

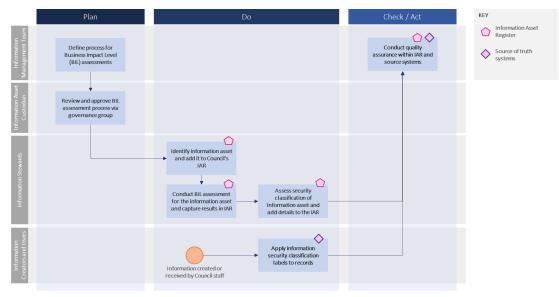

Figure 3: High-level information security classification process

#### 2.2.2 Detailed description of process

Table 2 provides a detailed description of the steps in the information security classification process.

Define process for Business	Responsible: Information Management Team
Impact Level (BIL) assessments	<ul> <li>Define and capture Council's BIL assessment process (within a guideline or procedure document), including the security controls to be applied based o the outcome of a BIL assessment.</li> <li>Send the assessment process to Information Asset Custodians via governan group for review and approval.</li> <li>Conduct periodical reviews of the security controls to ensure they are appropriate and in line with legislative and regulatory requirements.</li> </ul>
Review and approve BIL assessment process via governance group	<ul> <li>Responsible: Information Asset Custodians via governance group</li> <li>Review the BIL assessment process to ensure the identified business impact from the loss of confidentiality, availability, and integrity are accurate and in line with Council's risk tolerance levels.</li> <li>Make the guideline/procedure available to Information Stewards to guide them in assessing business impact levels and applying security classification to information assets within Council's Information Asset Register (IAR).</li> </ul>
Identify information assets and add to Council's Information Asset Register (IAR)	Responsible: Information Stewards

### 3 Recommendations

In response to GWI's current state assessment of Council's information classification practices, the below recommendations have been developed, taking into consideration:

- Council's current information management maturity levels
- Ongoing and planned initiatives within the Inform Program
- Requirements under QGEA frameworks and guidelines.

The implementation of these recommendations is necessary to enable the operationalisation of the information classification process outlined in the previous section of this report.

Recommendations marked with an asterisk (\*) are recommendations that have a direct relationship with the initiatives covered by Council's Inform Program. Refer to Appendix B for information about which streams of work the recommendation relates to.

Improve how Council communicates its processes and efforts to make Council meeting information available to the public	<ul> <li>Create a page on Council's website that is dedicated to outlining: <ul> <li>Council decision-making processes</li> <li>Reasons for a Council meeting to be closed</li> <li>The types of Council meeting information that will be considered confidential in accordance with <i>Local Government Regulation 2012</i> (Qld)</li> <li>Which information from Council meetings will be immediately available to the public</li> <li>How and when Council meeting information will be available to the public <i>2012</i> s 254J.</li> </ul> </li> <li>Create a register on Council's website to: <ul> <li>Inform the community of information that has been classified as confidential, including the reason for the required confidentiality (aligned to s 254J of the <i>Local Government Regulation 2012</i>) and predicted review/release date.</li> <li>Provide the community with links to Council meeting reports that are no longer classified as confidential.</li> </ul> </li> </ul>	<ul> <li>Improves community perception of Council's commitment to operate in a spirit of openness and accountability in alignment with the RTI Act</li> <li>Improves information findability on the Council website.</li> </ul>
--	---	---

#	Recommendation	Description	Why it is important
		<ul> <li>its practices around the management of confidential meeting information.</li> <li>Reassess community perceptions (within 6 months after the implementation of changes to the website) by sending the same survey form <i>"Information Classification and Management at Sunshine Council"</i> to the same recipients to identify the impacts of the changes made.</li> </ul>	
2	Update and operationalise Council's Information Access and Management Policy*	<ul> <li>Update the Information Access and Management Policy to ensure it is aligned with the latest version of the QGISCF.</li> <li>Develop a supporting process for the application of security classification to Council's information assets.</li> <li>Create a process for conducting and capturing Business Impact Level (BIL) assessments across Council's information assets.</li> <li>Define security controls for the different possible BIL assessment outcomes which are commensurate with the assessed security levels (e.g., more robust controls should be applied to information assets as having a higher business impact level).</li> <li>Ensure records are labelled appropriately (where functionality exists) within source of truth systems by implementing the approach outlined in this report.</li> <li>Ensure security controls are consistently applied to information assets as per the developed BIL assessment process.</li> </ul>	<ul> <li>Ensures compliance with the QGISCF.</li> <li>Improves compliance with legislative and regulatory requirements.</li> <li>Ensures information assets are appropriately secured.</li> <li>Reduces risks and impacts for Council from the loss, compromise, or misuse of information.</li> </ul>
3	Update and operationalise Council's Custodianship Policy*	<ul> <li>Update the Information Custodianship Policy to ensure it is aligned with the latest version of QGEA's Information Asset Custodianship Policy (IS44).</li> <li>Develop information governance framework, including the establishment of an Information Governance Committee or Group.</li> <li>Define information governance roles and responsibilities, including for the approval of publication of Council's information and data (e.g., administrative access).</li> <li>Identify appropriate stakeholders to fill the necessary roles and onboard them to ensure they are aware of their responsibilities.</li> <li>Identify, register, and classify Council's outstanding information assets in Council's Information Asset Register (IAR)*.</li> </ul>	<ul> <li>Formalises information asset processes and highlights information assets' relevance to departmental services.</li> <li>Enables Council to establish accountability for information and data release decisions and approvals.</li> <li>Ensures Council's information assets are managed appropriately throughout their lifecycle.</li> <li>Reduces the risk of inadvertent release of information that is incorrect or out-of-date.</li> </ul>

# gwi

7

#	Recommendation	Description	Why it is important
4	Review scope and logical order of training modules, and formalise a plan for modules' completion*	<ul> <li>Review the scope of planned training modules to ensure they cover topics necessary for the implementation of this report's recommendations, including:         <ul> <li>Information security classification</li> <li>Information custodianship roles and responsibilities</li> <li>Administrative access and RTI requests.</li> </ul> </li> <li>Review the logical order for the development and completion of information management-related training modules.</li> <li>Formalise a plan for the completion of modules by staff and ensure completion is monitored.</li> </ul>	<ul> <li>Ensures training modules cover the information necessary for staff to confidently comply with and implement Council's policies and procedures.</li> <li>Ensures the development and suggested completion by staff follows a logical order (e.g., Information Security Classification module should be completed before Information Sharing module).</li> <li>Fosters an information management and recordkeeping culture across Council.</li> </ul>
5	Operationalise the recently developed Administrative Access & Right to Information Policy and Guideline	<ul> <li>Develop a process for the identification of what type of information can be classified as "Public".</li> <li>Develop a process for the release of information classified as "Public".</li> </ul>	<ul> <li>Improves compliance with the RTI Act and IP Act which require government agencies to proactively disclose information unless there is a good reason not to.</li> <li>Reduces the number of RTI requests and subsequently reduce costs associated with the administration of requests.</li> <li>Establishes clear mechanisms and processes for the release of information to the public.</li> </ul>
6	Ensure information systems that are the source of truth for Council's records and information have up-to- date information security classification labels	<ul> <li>Update information security classification labels within EDDIE to ensure they are aligned with QGISCF's current labels.</li> <li>Review the current use of and need for existing caveats within the EDDIE system to allow for the classification process to be streamlined.</li> <li>Enable sensitivity labelling functionality within Microsoft 365 apps to allow for information to be appropriately classified in the source system.</li> <li>Assess possibility of re-establishing InfoCouncil and EDDIE integration to reduce manual effort requirement.</li> </ul>	<ul> <li>Enables the consistent application of appropriate security controls to information stored in Council's source systems.</li> <li>Ensures compliance with legislative and regulatory requirements.</li> <li>Ensures compliance with the QGISCF.</li> <li>Reduces the risk of inadvertent release of sensitive or protected information.</li> <li>Reduces risks and impacts for Council from the loss, compromise, or misuse of information.</li> <li>Reduces costs from the manual transfer of information between InfoCouncil and EDDIE.</li> </ul>

Recommendation	Inform Program initiative	Intent and scope
2. Update and operationalise Council's Information Access and Management Policy*	Implement I&RM Standards	<ul> <li>Promote and provide advice and guidance on how records management relates to our business activities, decisions, legal obligations, and corporate responsibilities.</li> </ul>
3. Update and operationalise Council's Custodianship Policy*	OIC Response Privacy Assessments and Information Asset Register	<ul> <li>Design, develop, and implement an Information Asset Register containing all information assets held by SCC.</li> <li>Produce a public facing version of the Information Asset Register demonstrating information assets held by council, their purpose, and how these are used (Office of the Information Commissioner requirement).</li> </ul>
4. Review scope and logical order of training modules, and formalise a plan for modules' completion*	Skills & Training	<ul> <li>Design high quality learning materials that support the Inform Program and specifically information and records management changes.</li> <li>Reduce dependence on face-to-face learning and cost of delivery by using PeopleHub delivery using Articulate courseware.</li> <li>Provide proof of learning delivery and competency through the learning management system.</li> </ul>

Table 5: Recommendations and the Inform Program

### Appendix C Recommendations and pain points addressed

Table 6 outlines pain points and recommendations relating to information security classification processes (refer to section 2.3 of the Current State Report). Table 7 outlines pain points and recommendations relating to Council meetings information practices (refer to section 2.5 of the Current State Report).

Category	Pain points (from current state assessment)	Recommendations
People	Application of Council's Information Access and Management Policy and Information Security Policy is limited.	<ul> <li>2 Update and operationalise Council's Information Access and Management Policy</li> <li>4 Review scope and logical order of training modules, and formalise a plan for modules' completion</li> </ul>
	Staff do not know who to go to for support in relation to information related queries.	<b>3</b> Update and operationalise Council's Custodianship Policy
	Limited training is provided to staff in relation to information management.	<b>4</b> Review scope and logical order of training modules, and formalise a plan for modules' completion
	Not all users understand the process for classifying information within Council's Content Manager system (EDDIE).	<b>4</b> Review scope and logical order of training modules, and formalise a plan for modules' completion
	Roles and responsibilities for approving the publication and/or release of information are not formalised or embedded.	<b>3</b> Update and operationalise Council's Custodianship Policy
	Responsibility for Council's policy management is not formalised.	(Being addressed by the adoption of an e-Policy Suite (Policy-Management-as- a-Service))
Process	Most council information is not being classified due to the lack of formalised processes.	${\bf 2}$ Update and operationalise Council's Information Access and Management Policy
		<b>4</b> Review scope and logical order of training modules, and formalise a plan for modules' completion
	Council's Information Access and Management Policy is out of date.	${\bf 2}$ Update and operationalise Council's Information Access and Management Policy
	Council's Information Custodianship Policy is out of date.	<b>3</b> Update and operationalise Council's Custodianship Policy
	No formalised process for conducting Business Impact Level (BIL) assessments.	${\bf 2}$ Update and operationalise Council's Information Access and Management Policy

### Appendix D Glossary

Acronym, word or phrase	Description*
Business Impact Level (BIL)	Business impact measures the consequence and significance of an impact to Council if a disruption was to occur to a system, process, project and/or other business operation. The Business Impact Level (BIL) is determined by the impact to confidentiality, integrity and availability if Council information is lost, compromised or misused.
Information asset	An identifiable collection of data stored in any manner and recognised as having value for the purpose of enabling Council to perform its business functions, thereby satisfying a recognised Council requirement.
Information Asset Custodian	The role responsible for implementing and maintaining information assets to ensure proper quality, security, integrity, correctness, consistency, privacy, confidentiality and accessibility. A custodian will be responsible for specific classifications or categorisations of information.
Information Asset Register (IAR)	A register of information about the significant information assets held by Council. For each information asset, the register holds details of its content type, source type, custodianship, information exchange capability, the role played by the agency in its collection, its scope of use and level of support within Council as well as the ongoing management costs.
Information Asset Steward	The role responsible for the day-to-day management of information assets within their functional area. Stewards are responsible for activities associated with the integrity, quality and protection of information assets.
Information classification	The process by which Council assesses the information it holds and the appropriate level of protection it should be given.
Information Creator	Council staff who capture or create information in alignment with policies, procedures, processes and business rules to contribute to Council's functions and activities.
Information custodianship	The assignment of roles and responsibilities to information assets to ensure assets are appropriately identified and managed throughout their lifecycle.
Information management (IM)	The means by which Council plans, collects, organises, governs, secures, uses, controls, disseminates, exchanges, maintains and disposes of its information; as well as any means through which Council ensures that the value of that information is identified and exploited to its fullest extent.
QGEA	The Queensland Government Enterprise Architecture (QGEA) is a decision making and policy framework for enabling government and agencies (including Council) to collaboratively provide better services for Queenslanders, more efficient and effective use of ICT in Government, leverage existing investments and maximise future investments.
QGISCF	The Queensland Government Information Security Classification Framework (QGISCF) supports the government's Information security policy (IS18:2018). The framework sets the minimum requirements for information security classification.

Table 8: Glossary of terms

Descriptions are based on terms defined in the QGEA glossary and ISO 27001.
