In accordance with s150EL(3)(b)(i) of the *Local Government Act 2009* the Chief Executive Officer received a notification from Councillor M Jamieson that he has a Prescribed Conflict of Interest in Agenda Item 8.1 - Application for Preliminary Approval for Material Change of Use of Premises, including a variation request, to vary the effect of the Sunshine Coast Planning Scheme 2014 – Twin Waters West Residential Community and that he would be excluding himself from the meeting whilst the matter is being discussed and voted on.

As I notified Council at the Special Meeting of 9 November 2020 and as you are aware, as President of the Local Government Association of Queensland, I am an Employer representative Director of LGIA Super which is the trustee which manages Brighter Super. Further, I am advised that Sunshine Coast Airport Pty Ltd, Palisade Investment Partners and LGIA Super would be considered under section 150EJ of the Local Government Act 2009 to be a close associate of myself, given my role as a Trustee Director of LGIA Super.

Accordingly, under section 150EK of the Local Government Act 2009, I will exclude myself from the meeting while the matter is being discussed and the vote is taken.

Notification of Interest

In accordance with s150EQ(3)(b) of the *Local Government Act 2009* Councillor M Jamieson gave notice of a Declarable Conflict of Interest in relation to Agenda Item 8.3 – Maroochydore City Centre Priority Development Area – Development Scheme Proposed Amendment No. 3 – Outcomes of Public Consultation.

I, Mayor Mark Jamieson, notify that I may have a Declarable Conflict of Interest in Agenda Item 8.3 to be considered at the Ordinary Meeting on Thursday, 14 December 2023, due to the fact that as President of the Local Government Association of Queensland, I am an Employer representative Director of LGIA Super which is the trustee which manages Brighter Super.

The President of the LGAQ has historically been nominated as a Trustee Director of LGIASuper. I have held the position since 1 July 2018. I receive remuneration from this role and this is noted in my Register of Interests.

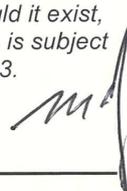

Brighter Super holds a 50% interest in Sunshine Coast Airport Pty Ltd through its asset manager, Palisade Investment Partners.

I am advised that Ms Kylie Ezzy, on behalf of Sunshine Coast Airport Pty Ltd, made a submission to Council on 23 October 2023 on the amendment to the Maroochydore City Centre Priority Development Area Development Scheme, which is the subject of Agenda Item 8.3 to be considered at the Ordinary Meeting on 14 December 2023.

*Further, I am advised that Sunshine Coast Airport Pty Ltd, Palisade Investment Partners and LGIASuper would be considered under section 150EP(1)(b) of the *Local Government Act 2009* to be a related party of myself, given my role as a Trustee Director of LGIASuper.*

*I am however, advised that in this case, because the amendment to the Maroochydore City Centre Priority Development Area Development Scheme was initiated by Council and is not an application made to the local government, this matter does not give rise to a Prescribed Conflict of Interest for me as it does not satisfy the definition of a Prescribed Conflict of Interest in section 150EI of the *Local Government Act 2009*.*

As I have no direct involvement in the management and operation of Sunshine Coast Airport Pty Ltd and have not engaged with the Sunshine Coast Airport Pty Ltd or Brighter Super on the amendment to the Maroochydore City Centre Priority Development Area Development Scheme, I have formed the view that I can appropriately manage any conflict, should it exist, and that I can impartially make a decision in the public interest on the matter which is subject of Agenda Item 8.3, which is to be considered at the meeting on 14 December 2023.

ORDINARY MEETING MINUTES

14 DECEMBER 2023

In accordance with s150ES(3)(b) of the *Local Government Act 2009* the eligible Councillors were required to decide whether Councillor M Jamieson may participate in a decision in relation to agenda item 8.3, including by voting on the matter.

The Mayor vacated the Chair at this time.

The Deputy Mayor took the Chair at this time.

Council Resolution

Moved: Councillor J O'Pray

Seconded: Councillor P Cox

In accordance with s150ES(3)(b)(i) of the Local Government Act 2009, that despite Councillor M Jamieson's conflict of interest, Councillor M Jamieson may participate in the discussions and decision relating to Agenda Item 8.3 due to the interest not being considered to be sufficient to undermine the ability of the Councillor to form an impartial view and exercise their vote in the public interest.

Carried unanimously.

In accordance with s150ET(2) of the *Local Government Act 2009*, Councillor M Jamieson was not eligible to vote, and did not vote on this matter.

The Mayor returned to the chair at this time.

- (b) refuse Application No. MCU23/0168 Development Permit for Material Change of Use of Premises to establish a Multiple Dwelling for the following reasons:

Strategic policy

Infrastructure Charges Rebates for Eligible Community Organisations

Endorsed by Council: 16 September 2021 (OM21/89)

Policy purpose

The purpose of this policy is to provide support to eligible community organisations that are undertaking development detailed in this Policy, by reducing the overall development costs through Infrastructure Charges rebates, allowing the organisation to provide essential facilities and related services to those in the community in need, at an affordable price.

This policy must be read and complied with in accordance with the associated guidelines.

Policy scope

This policy outlines the types of community organisations which are eligible for a rebate, the purpose and applicability of rebates that may apply to premises, the application process, and the rebate to be offered.

Policy statement

Fundamentally, the policy is based on the type of organisation (including its fundraising capabilities), the service it provides, the function of the proposed development, and the contribution being made to the Sunshine Coast region.

Eligible Community Organisations

The following community organisations are eligible for consideration of Infrastructure Charges rebates:

- Registered accommodation providers under the *Housing Act 2003*
- Charity registered with the Australian Charities and Not-for-profits Commission
- Entities registered on the national and/or state register as providing community housing services under s 37 of the *Housing Act 2003*

- Organisations sanctioned by the Office of Fair Trading under the *Collections Act 1966*¹ to fundraise for a charitable community purpose.

Non-for-profit community organisations have been classified into the following categories:

- Community-based organisations - An incorporated body that either wholly or in part relies on membership fees, hall rental charges, fundraising activities or government grants for its financial existence. These organisations do not have any liquor or gaming licence. Examples include welfare organisations, cultural organisations, indigenous organisations, environmental organisations, rescue organisations, scouts and guides, youth organisations, senior citizens clubs or public halls.
- Charitable organisations (non-for-profit and volunteer) - A non-for-profit organisation set up to undertake community activities, which receives funding from government grants and charges to recipients or customers, but which relies mainly on unpaid volunteer labour. Some paid workers may be involved. These organisations do not have any liquor or gaming licence. Examples include Meals on Wheels, Endeavour Foundation, Lifeline, St Vincent DePaul, Salvation Army.
- Charitable organisations (non-for-profit) - A non-for-profit organisation set up to undertake community activities, which receives funding by way of charges to recipients or from government grants, but which mainly relies on paid labour. These organisations do not have any liquor or gaming licence. Examples include aged persons' homes, Red Cross.
- Sporting or recreation organisations (non-for-profit and volunteer) - An incorporated body that is constituted to undertake a sporting activity and primarily relies on membership fees, games fees, fundraising activities, but which depends mainly on unpaid volunteer labour. This type of club may use a Community Other liquor licence. Examples include junior and senior sports clubs, lifesaving clubs, bowls clubs, pony clubs.
- Community, Sporting or Recreation Organisations (non-for-profit and gaming or liquor licence) - A sporting club or community organisation that undertakes sporting or community activity open to membership that has full bar, trading meals and gaming facilities and relies primarily on paid labour. Examples include large surf lifesaving clubs, RSL clubs, large bowls or golf clubs.

¹ Other entities (eg. co-operatives, companies limited by guarantee, etc) may be considered non-profit community organisations subject to specific application and approval by Council.

Purpose and Applicability of Rebates

The rebate system is primarily based on the philosophy that organisations that construct new or expanded community service, sporting or recreational facilities should receive a rebate of the Infrastructure Charges levied for the development. A development's entitlement to the rebate will depend on the use that is approved by the development permit. Where an approval is for multiple uses, the rebate will only apply to the component of the infrastructure charge associated with the community service use. Ancillary uses will not be considered separately but will be assessed as part of the approved use.

Development that is approved for place of worship (including supporting facilities) is not entitled to a rebate.

A guide to services that will qualify for an Infrastructure Charges rebate is provided in Appendix A, Table A – Infrastructure Charge Rebate Assessment Guide.

Infrastructure charges will not be rebated where the purpose of the development is to raise funds by the sale of land or buildings.

Residential services

Rebates will apply for residential development that is intended to provide accommodation for disadvantaged groups, including:

- Elderly who are fully dependent on care services
- Housing for physically and intellectually disabled
- Shelters for victims of violence or other forms of persecution
- Temporary accommodation that provides assistance to enable vulnerable, at risk persons to find and transition to an independent standard of living
- Accommodation for persons who are seriously ill, are being treated for or recovering from a serious health condition or addiction
- Accommodation for family members supporting seriously ill persons
- Accommodation for disadvantaged groups or individuals
- Affordable housing, as defined in this Policy.

All other residential development will not be entitled to a rebate. This includes but is not limited to the following:

- Retirement facilities
- Short term accommodation
- Relocatable home park.

Commercial operations associated with community uses

Commercial activities that are operated by qualifying organisations for the primary purpose of providing welfare and assistance to disadvantaged and low income or vulnerable members of the community are entitled to receive a rebate.

However, where an organisation engages in commercial activities that do not directly provide a community service, but are for purpose of raising revenue for the organisation, that use is not eligible for the rebate. This applies irrespective of how the revenue raised is expended.

Rebate cannot be transferred

An Infrastructure Charges rebate that has been granted for a premises is not transferrable. Therefore, an Infrastructure Charges rebate will not apply for any relocation to new premises if a rebate for the existing premises has already been granted by Council.

Similarly, where an Infrastructure Charges rebate is applied for a particular use on a premises and that use changes to one that would not normally qualify for the rebate, any future rebate associated with the further development of the premises will be reduced to allow for this change. The reduction in the rebate will be assessed and based on the area that is converted from the qualifying use to a non-qualifying use.

Policy application

Amount of Rebate

Council will rebate the cost of Infrastructure Charges for eligible community organisations in accordance with Table 1 – Rebates for Eligible Community Organisations.

Relevant Infrastructure Networks

This Policy is applicable only to infrastructure networks which are owned and controlled by Council.

Applications

Council may, at the request of an eligible community organisation, give a rebate for Infrastructure Charges. A request for an Infrastructure Charges rebate is made by completing and submitting the prescribed application form (refer Appendix A) together with any supporting documentation that validates an organisation’s not-for-profit status and how the proposed use complies with the eligibility criteria set out in this policy. The current version of the application form may be accessed and downloaded from Council’s website. It is desirable that the request be made at the time the development application is submitted. A separate application for a rebate is to be made for each development approval.

Assessment of Applications

The Manager, Strategic Planning is responsible for the assessment of applications that are made for Infrastructure Charges rebates under this policy.

An Infrastructure Charges rebate will only be approved where an application demonstrates that:

- a) The applicant is an eligible community organisation, and
- b) The services proposed by the approved development satisfy the requirements of this policy and are consistent with the eligible services (uses) nominated in Appendix B - Infrastructure Charge Rebate Assessment Guide.

Where a registered community housing provider receives a rebate for the provision of affordable housing, they may, at the discretion of Council, be required to enter into an infrastructure agreement to ensure the affordable housing units will be provided for a period of not less than fifteen years from the commencement of the use.

To be eligible for a rebate of infrastructure charges for affordable housing, a development must comply with all of the following criteria:

1. The development must be undertaken by one of the entities identified in Table 1 of this policy;
2. The application for a rebate is received by Council between 1 January 2024 and 31 December 2027;
3. The building work for the development is substantially commenced by 31 December 2028

The relevant period for affordable housing rebates may be extended for a further period at Council's discretion.

Policy review

This policy will be reviewed on 18 January 2028.
