<b>Meeting:</b>	<b>Ordinary Meeting</b>	<b>Date:</b>	<b>30 May 2024</b>
<b>Requesting Councillor:</b>	<b>Councillor Landsberg</b>		
<b>Item:</b>	<b>8.1 – Mooloolaba Foreshore Revitalisation – Stage Two Central Meeting Place and Southern Seawall</b>		
<b>Circulation</b>	<b>21 May 2024</b>		
<b>Officer :</b>	<b>Group Executive Liveability and Natural Assets</b>	<b>Approving GE (title):</b>	<b>Group Executive Liveability and Natural Assets</b>

In response to a question raised by Councillor T Landsberg, please note the following additional information for your consideration.

**Question:**

What level does the Gold Coast recognise for sea level rise?

**Response:**

In response to the question raised on projected Sea Level Rise.

Please find extract from Gold Coast’s Coastal Adaptation Plan, and a full link with the extract found on page 8 of the Plan.

**Sea level rise**

*A projected rise in mean sea level of 0.8 metres by the year 2100 has been adopted as a planning benchmark by the Queensland Government based on climate modelling for probable scenarios presented in the Intergovernmental Panel on Climate Change (IPCC).*

Link to full report: <https://gchaveyoursay.com.au/ourresilientcity>

For completeness, I have included a link to the State Governments position on Sea Level Rise.

<b>Meeting:</b>	<b>Ordinary Meeting</b>	<b>Date:</b>	<b>30 May 2024</b>
<b>Requesting Councillor:</b>	<b>Councillor W Johnston</b>		
<b>Item:</b>	<b>8.1 Mooloolaba Foreshore Revitalisation</b>		
<b>Circulation</b>	<b>27 May 2024</b>		
<b>Officer :</b>	<b>Project Manager</b>	<b>Approving GE (title):</b>	<b>Group Executive Liveability &amp; Natural Assets</b>

In response to a question raised by Councillor Cr Johnston, please note the following additional information for your consideration.

**Question:**

Provide a list of events in the Mooloolaba area that might be affected by the foreshore works.

**Response:**

One of the key community and economic outcomes during the construction period of the Stage Two Mooloolaba Foreshore project is the continuation of events within the Mooloolaba precinct.

Please see below the anticipated Council's sponsored Major Events and additional annual community events that might be affected by the proposed Stage Two construction period. The events list below includes events that may be directly affected or events whose visual experience could be affected due to close proximity to the construction area.

Council has been in ongoing consultation with many of the event organisers. Council intends to work closely with all organisers to help adapt and retain these events in the Mooloolaba precinct to ensure continuation of the important economic, social and cultural benefits both locally and regionally.

**2025 anticipated events:**

- AOCRA National Marathon Championships 2025 (May)
- Sunshine Coast Marathon (August)
- Ironman 70.3 Sunshine Coast (September)
- Mooloolaba Moon Festival (September)
- AOCRA Trans-Tasman Gubbi Gubbi Championships (TTGGC) (late Sept/early Oct)
- Mooloolaba Foreshore Festival (November)
- New Years Eve Festive Programming (December)

**2026 anticipated events:**

- Mooloolaba Triathlon (March)
- Mooloolaba Mile Ocean Swim (March)
- Anzac Day dawn service (April)
- Sunshine Coast Marathon (August)
- Ironman 70.3 Sunshine Coast (September)
- Mooloolaba Moon Festival (September)
- Mooloolaba Foreshore Festival (November)

<b>Meeting:</b>	<b>Ordinary Meeting</b>	<b>Date:</b>	<b>30 May 2024</b>
<b>Requesting Councillor:</b>	<b>Councillor Suarez</b>		
<b>Item:</b>	<b>8.3 – Quarterly Progress Report</b>		
<b>Circulation</b>	<b>21 May 2024</b>		
<b>Officer :</b>	<b>Group Executive Built Infrastructure</b>	<b>Approving GE (title):</b>	<b>Group Executive Built Infrastructure</b>

In response to a question raised by Councillor M Suarez, please note the following additional information for your consideration.

**Question:**

Please provide a brief summary on the Transport Network Safety Plan.

**Response:**

Please note the follow key points:

- The Transport Network Safety Plan is one of five (5) plans that support the delivery of the Integrated Transport Strategy. The Network Safety Plan provides the framework for improving transport safety across the Sunshine Coast local government area. The Plan ensures that planning and management for the transport system is current, consistent and coordinated.
- The current Road Safety Plan 2016-2020 (Old Plan) is due for renewal, it became apparent in 2023 that the Old Plan is vehicle driver centric, inward focused and outdated.
- Rather than rinse and repeat the Old Plan, we started with a fresh approach seeking a whole of network approach with all modes and abilities to work with all stakeholders to influence better safety outcomes. We also decided to engage with the Sunshine Coast Active Transport Advocates (SCATAC). Both the new approach and consultation delayed the project from the original program in 2023 but has delivered a step improvement, supported by the harmonisation with the National and State based approaches.

The Network Safety Plan 2024-2028 is proposed to be a 5 Year Plan with annual reporting for review by the Chief Executive Officer.
